[The New York Pigeon](#) Read Books Ltd

Racing pigeons are also called homing pigeons because they can return home from almost anywhere. Find out what it's like to race these pigeons, and how much care and training they need from you. Discover how long these colorful birds have been helping humans deliver messages, and find out about the pigeon war hero G.I. Joe. Do you have what it takes to become a pigeon fancier? Can you convince your parents that you do?

Champion Pigeons John Murray

This vintage book contains a detailed guide to keeping and breeding racing pigeons, with information on selection, feeding, housing, nutrition, common ailments, training, and other related aspects. Profusely illustrated and full of useful information, this book is highly recommended for those with a practical interest in racing pigeons, and would make for a fantastic addition to collections of allied literature. Contents include: "The Dawn of Pigeon Racing", "Art of Breeding", "The Practical Selection of Breeders", "Breeding a Champion", "Colour Breeding", "Breeding Grizzlies", "Practical Breeding", et cetera. Many vintage books such as this are becoming increasingly rare and expensive. It is with this in mind that we are republishing this volume now in an affordable, modern, high-quality edition complete with a specially commissioned new introduction on pigeons.

[The Secret of Eye-sign](#) Read Books Ltd

Humans have always bred, farmed, raced, and lived alongside pigeons. Some of us shoo them away and others care for them as the city's most famous wildlife. The New York Pigeon, now in its second edition with spectacular new images, is a one-of-a-kind, intimate study of this worldwide neighbor. The New York Pigeon reveals the unexpected beauty of the omnipresent pigeon as if Vogue devoted its pages to birds, not fashion models. In spite of pigeons' ubiquity in New York and other cities, we never really see them closely and know very little about their function in the urban ecosystem. This book brings to light the intriguing history, behavior, and splendor of a bird so often overlooked. While The New York Pigeon is primarily a photography book, it also tells the five-thousand-year story of the feral pigeon. Why are pigeons so successful in cities and not in the

countryside? Why do they have such diverse plumage? How have pigeons adapted to survive on almost any food? Why are pigeons able to fly up to 500 miles per day but rarely do? How did Harvard psychologist B.F. Skinner teach pigeons to do complicated tasks, from tracking missile targets to recognizing individual human faces? Why can pigeons see in the ultraviolet light spectrum, and why is half of their brain used for visual perception? The second edition of *The New York Pigeon*, with its fresh portraiture and new essay from Catherine Quayle of the Wild Bird Fund, presents dramatic, hyper-real studio portraits capturing the personalities, expressiveness, glorious feather iridescence, and deeply hued eyes of the New York pigeon.

Care for a Pet Racing Pigeon Read Books Ltd

This early work on Pigeon Racing is an engrossing read for any pigeon racer or historian of the sport, but also contains a wealth of information and anecdote that is still pertinent and practical today. Recommended for inclusion on the bookshelf of the pigeon fancier. Contents Include: The Homing Pigeon in the Long Ago - The Homer Becomes Standard Equipment for Post and War - Peacetime Pigeon Service in the Nineteenth and Twentieth Centuries - Pigeons of World War I - Pigeons of World War II - The Racing Pigeon: Mixture of Many Feathers; The "Looks" of the Racing Pigeon; Pigeon Behaviour; Plumage and the Mold; General Care of Racing Homers; The Racing Loft; Breeding Methods; Training Young Birds; Racing Young Birds; Training Old Birds; Unusual Methods of Flying: Night and Two-way; The Homing Urge; Representative Racing-Pigeon Magazines: American and European; Important Books on Racing Pigeons; Racing-Pigeon Literature; and an Index. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

American Pigeon Journal Read Books Ltd

Originally published in the early 1930s. The author Lt. Col. A. H. Osman was a recognised expert on all aspects of pigeon racing and breeding. This book was originally written in answer to the many questions he received relating to getting birds fit and their training and preparation for long distance racing. The illustrated contents include: Importance of Strain - Young Birds - Yearlings - Third Season Pigeons - Old Birds - Late Birds - Feeding - Exercise etc. Many of the earliest books on pigeons, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. Home Farm Books are republishing many of these classic works in affordable, high quality, modern editions, using the original text and artwork.

Eyes of the Great Families. [Reprinted and Revised] Mitchell Lane Publishers, Inc.

This text contains a comprehensive guide utilising 'the widower plan' for pigeon racing, and does so in simple and clear language that will greatly appeal to both the novice and experienced fancier alike. Complete with helpful tips and handy information, this is a text that will be of much value to anyone with an interest in this pastime, and constitutes a worthy addition to collections of fancying literature. The chapters of this book include: 'The Loft and Fittings'; 'The Ideal Pigeon'; 'The Eye'; 'Breeding, Feeding and Rearing'; 'The Complete Fancier'; and 'Widows and Young Hens'. Many antique books such as this are increasingly rare and costly, and it is with this in mind that we are proudly republishing this volume complete with a new introduction on pigeons.

The Eyes and Other Guides to Success Univ. of Queensland Press

Jim Emerton bred and raced birds for 40 years and had birds return to the loft from as far as 879 miles away. Now in retirement from active racing, he devotes his time and energies to sharing his experiences, his observations and his expertise with the rest of the fancy. Here in one volume is a comprehensive collection of his thoughts about pigeons and pigeon racing, ranging from short pieces originally written for the leading fanciers? magazines to full-length articles and interviews. What unites us in principle is the common good of the sport, and with this in mind I do what I can for others ? it all oils the cogs of the sport. Some will see me as a know-all, yet I am a quiet little man making my mark, that's all. What is true is that I have made a life study of pigeons, and as a teacher I like to impart knowledge and experience? My aim is purely to tell it as it is to me, and if this is illuminating to others, then so be it.?

Pigeon Racing Read Books Ltd

This antiquarian volume contains a detailed discussion on 'eye signs' - being a study and exploration of the eyes particular to the great families of homing pigeons. This fascinating and profusely illustrated treatise on the 'signs' present in the eyes of pigeons will appeal to both amateur and seasoned fanciers. It would make for a worthy addition to collections of pigeon-related literature. Although old, the information contained herein is timeless, and will be of as much value to modern readers as it was when first published. The chapters of this book include: 'Falconry', 'Personal Observations', 'The Eyes', 'Study of the Eyes', 'Study of the Great Families', 'The Ulensthe Vekemas - The Van Shingen', 'The Wegges', 'The Grooters',

Racing Pigeon Bulletin Read Books Ltd

They have been worshipped as fertility goddesses and revered as symbols of peace. Domesticated since the dawn of humankind, they have been crucial to wartime communications for every major historical superpower from ancient Egypt to the United States and are credited with saving thousands of lives. One delivered the results of the first Olympics in 776 BC and another brought the news of Napoleon's defeat at Waterloo more than 2500 years later. Charles Darwin relied heavily upon them to help formulate and support his theory of evolution. Yet today the pigeon is reviled as a rat with wings. How did we come to misunderstand one of humanity's most steadfast companions? In *Pigeons*, Andrew D. Blechman travels across the United States and Europe in a quest to chronicle the bird's transformation from beloved friend to feathered outlaw.

Pigeon Racing Read Books Ltd

A SPECTATOR BOOK OF THE YEAR Longlisted for the William Hill Sports Book of the Year 'Rich and joyous ...The book's quiet optimism about our ability to change, and to learn to love small things passionately, will stay with me for a long time' Helen Macdonald 'Big-hearted and quietly gripping' Guardian 'I love Jon Day's writing and his birds. A marvellous, soaring account' Olivia Laing '[A] beautiful book about unbeautiful birds' Observer 'This is nature writing at its best' Financial Times 'Awash with historical and literary detail, and moving moments ... Wonderful' Telegraph 'Every page of this beautifully written book brought me pleasure' Charlotte Higgins 'A vivid evocation of a remarkable species and a rich working-class tradition. It's also a charming defence of a much-maligned bird, which will make any reader look at our cooing, waddling, junk-food-loving feathered friends very differently in future' Daily Mail 'Endlessly interesting and dazzlingly erudite, this wonderful book will make a home for itself in your heart' Prospect As a boy, Jon Day was fascinated by pigeons, which he used to rescue from the streets of London. Twenty years later he moved away from the city centre to the suburbs to start a family. But in moving house, he began to lose a sense of what it meant to feel at home. Returning to his childhood obsession with the birds, he built a coop in his garden and joined a local pigeon racing club. Over the next few years, as he made a home with his young family in Leyton, he learned to train and race his pigeons, hoping that they might teach him to feel homed. Having lived closely with humans for tens of thousands of years, pigeons have become powerful symbols of peace and domesticity. But they are also much-maligned, and nowadays most people think of these birds, if they do so at all, as vermin. A book about the overlooked beauty of this species, and about what it means to dwell, Homing delves into the curious world of pigeon fancying, explores the scientific mysteries of animal homing, and traces the cultural, political and philosophical meanings of home. It is a book about the making of home and making for home: a book about why we return.

The Racing Pigeon and Pigeon Racing for All - Vol. I.

This antiquarian volume contains a complete guide to breeding pigeons, and includes information on strains, pedigree breeding, eggs, selection, cross-breeding, and much more. Written in clear, plain language and full of handy tips and useful information, this timeless text will be of considerable utility to the modern breeder, and would make for a wonderful addition to collections of related literature. The chapters of this book include: 'A Tribute to the Novice Fancier', 'Male and Female Strains', 'The Problem of Inbreeding', 'Starting a Strain', 'The Male Strain', 'The Mysterious 'Nicking Factor'', 'The Producer Hen', 'Classic Pedigree Breeding', 'Perfection of the Egg', 'The Female Line', etcetera. Many antiquarian books such as this are becoming increasingly hard to come by and expensive, and it is with this in mind that we are republishing this book now in an affordable, modern edition - complete with a new introduction on pigeons.
