The legendary author of *The Outsiders* returns with her first new novel in more than fifteen years! An orphan and a bastard, Jamie grew up tough enough to handle almost anything. He survived foreign prisons, smugglers, pirates, gunrunners, and shark attacks. But what he finds in the quote town of Hawkes Harbor, Delaware, was enough to drive him almost insane—and change his life forever. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Translation has been a crucial process in world culture over the past two millennia and more. In the English-speaking cultures many of the most important texts are translations, from Homer to Beckett, the Bible to Freud. Although recent years have seen a boom in translation studies, there has been no comprehensive yet convenient guide to this essential element of literature in English. Written by eminent scholars from many countries, the *Oxford Guide to Literature in English Translation* meets this need and will be essential reading for all students of English and comparative literature. It highlights the place of translation in our culture, encouraging awareness of the issues raised, making the translator more 'visible'. Concentrating on major writers and works, it covers translations out of many languages, from Greek to Korean, from Swahili to Russian. For some works (e.g. Virgil's *Aeneid*) which have been much translated, the discussion is historical and critical, showing how translation has evolved over the centuries and bringing out the differences between versions. Elsewhere, with less familiar literatures, the Guide examines the extent to which translation has done justice to the range of work available. The Guide is divided into two parts. Part I contains substantial essays on theoretical questions, a pioneering outline of the history of translation into English, and discussions of the problems raised by specific types of text (e.g. poetry, oral literature). The second, much longer, part consists of entries grouped by language of origin; some are devoted to individual texts (e.g. the *Thousand and One Nights*) or writers (e.g. Ibsen, Proust), but the majority offer a critical overview of a genre (e.g. Chinese poetry, Spanish Golden Age drama) or of a national literature (e.g. Hungarian, Scottish Gaelic). There is a selective bibliography for each entry and an index of authors and translators.

Another classic from the author of the internationally bestselling *The Outsiders* Continue celebrating 50 years of *The Outsiders* by reading this companion novel. *That Was Then, This is Now* is S. E. Hinton's moving portrait of the bond between best friends Bryon and Mark and the tensions that develop between them as they begin to grow up and grow apart. "A mature, disciplined novel which

excites a response in the reader . . . Hard to forget."—The New York Times

Big David, Little David Simon and Schuster

In this raw and honest memoir, Jen Noonan authentically shares her journey to start and complete a family. Leading readers on a roller coaster of triumphs and losses, she richly details her experience working with the Colorado Center for Reproductive Medicine, one of the nation's leading reproductive endocrinology clinics. Readers walk away with a deeper understanding of the physical and emotional process of trying to build a family through medication, Intrauterine Inseminations, and In Vitro Fertilization. *In Due Time* strikes a chord with millions of men and women worldwide attempting to build a family. It is a must read for anyone who has struggled to conceive a child, is currently struggling to conceive, has experienced a miscarriage, wants to support a loved one, or wishes to gain knowledge about infertility.

I Woke Up with My Mind on Freedom Macmillan

New York Times Bestseller Now part of the HBO docuseries "Exterminate All the Brutes," written and directed by Raoul Peck Recipient of the American Book Award The first history of the United States told from the perspective of indigenous peoples Today in the United States, there are more than five hundred federally recognized Indigenous nations comprising nearly three million people, descendants of the fifteen million Native people who once inhabited this land. The centuries-long genocidal program of the US settler-colonial regimen has largely been omitted from history. Now, for the first time, acclaimed historian and activist Roxanne Dunbar-Ortiz offers a history of the United States told from the perspective of Indigenous peoples and reveals how Native Americans, for centuries, actively resisted expansion of the US empire. With growing support for movements such as the campaign to abolish Columbus Day and replace it with Indigenous Peoples' Day and the Dakota Access Pipeline protest led by the Standing Rock Sioux Tribe, *An Indigenous Peoples' History of the United States* is an essential resource providing historical threads that are crucial for understanding the present. In *An Indigenous Peoples' History of the United States*, Dunbar-Ortiz adroitly challenges the founding myth of the United States and shows how policy against the Indigenous peoples was colonialist and designed to seize the territories of the original inhabitants, displacing or eliminating them. And as Dunbar-Ortiz reveals, this policy was praised in popular culture, through writers like James Fenimore Cooper and Walt Whitman, and in the highest offices of government and the military. Shockingly, as the genocidal policy reached its zenith under President Andrew Jackson, its ruthlessness was best articulated by US Army general Thomas S. Jesup, who, in 1836, wrote of the Seminoles: "The country can be rid of them only by exterminating them." Spanning more than four hundred years, this classic bottom-up peoples' history radically reframes US history and explodes the silences that have haunted our national narrative. *An Indigenous Peoples' History of the United States* is a 2015 PEN Oakland-Josephine Miles Award for Excellence in Literature.

A young boy is astonished when his new puppy begins to change into a human girl who says to him, "I love you, brother!"

Parenting Matters Beacon Press

The bestseller that challenges conventional thinking about morality, politics, and religion in a way that speaks to conservatives and liberals alike—a "landmark contribution to humanity's understanding of itself" (The New York Times Book Review). Drawing on his twenty-five years of groundbreaking research on moral psychology, social psychologist Jonathan Haidt shows how moral judgments arise not from reason but from gut feelings. He shows why liberals, conservatives, and libertarians have such different intuitions about right and wrong, and he shows why each side is actually right about many of its central concerns. In this subtle yet accessible book, Haidt gives you the key to understanding the miracle of human cooperation, as well as the curse of our eternal divisions and conflicts. If you're ready to trade in anger for understanding, read *The Righteous Mind*.

In Due Time Penguin UK

In 1963, 16-year-old Janice Wesley made a decision that had a profound affect on her future. She decided to risk it all and go to jail by becoming a foot soldier in the Birmingham, Alabama Children's Crusade to protest the racial segregation that prevailed in her city and throughout the South. Janice tells the story of her arrest in *I Woke Up with My Mind on Freedom*, and goes on to describe her role in the new South as an educator and administrator. Today, she travels the United States, speaking about the horrors of living in the old South while describing how she and other youth made a difference and changed their world.

Outliers GENERAL PRESS

In the beginning, there was wreckage. Dane Perry's mother was dead, and the father who always said he'd amount to nothing blamed him. Dane swore he'd become something. He would be someone. In the middle, there was escape. Rebuilding his life from the ashes of his mother's memory, Dane found success as a respected surgeon, and love in the form of Craig Dahl, a talented artist who became his everything. But there was also darkness, lies, and a crumbling foundation just waiting for the ground to shift. In the end, there was a spectacular fall, illusions shattered, and for Dane, nothing more to lose. He was broken, damaged, and left with fierce demons. But from the bottom, the only way left is up. Dane renewed friendships and salvaged his career. The only thing he cannot replace is Craig. But Dane has a plan. Brick by brick, his foundation is rebuilt, and all he needs is for Craig to listen one last time. In the beginning again, there's hope and tatters of love. Can Dane repair the damage with Craig? Can he rescue the only thing he amounted to that ever truly mattered? This book contains vivid descriptions of symptoms of PTSD and events that can cause

anxiety. Reader discretion advised.

That Was Then, This Is Now Heinemann International Incorporated

Embarking on your first solo road trip. Receiving a special surprise that arrives out of the blue. Finding a sudden flash of inspiration that sets you on a wondrous new path. When we think about the moments that stand out in our memory, it's clear that our minds hold onto the unusual or unexpected. By tapping into students' innate curiosity, you can design memorable, meaningful learning experiences that captivate their interest and ignite their imaginations. Structured around four key elements that fuel engagement—surprise, curiosity, freedom, and inspiration—*Keeping the Wonder* offers practical strategies and abundant inspiration for K-12 educators to create lessons that are fun and compelling. Combining enchanting anecdotes, real-world experience, and a wealth of research, the authors share their collective expertise as educators and founders of the innovative *Keeping the Wonder* workshop. In this dynamic handbook, Jenna, Ashley, Abby, and Staci offer a fresh approach to learning through the lens of wonder. By providing creative ideas for switching up standard lesson plans in ways both subtle and profound, they show us how to recapture our fascination with the world by employing all of our senses, and enhance engagement and critical thinking for students and teachers alike. Endorsements Before reading *Keeping the Wonder*, I saw my social studies classroom for what it was: brick walls, desks, and a few colorful posters. Today, I see magic seeping through the cracks of every space. *Keeping the Wonder* reignited my passion for student engagement and learning with every turn of the page. -Dr. Jacob Bauer Zebley, high school social studies teacher and 2015 Cecil County Teacher of the Year From personal stories, practical advice, and research-based strategies, *Keeping the Wonder* is a book you will reach for time and again. After reading, you'll start looking not just at your own classroom and curriculum through the lens of wonder, but the world around you. A must read for any teacher who is looking to bring that sense of curiosity and love of learning back into their classroom. -Caitlin Mitchell and Jessica Cannata, cofounders of EB Academics and bestselling authors of *The Empowered ELA Teacher*

Long Way Down HMH Books For Young Readers

Golding's iconic 1954 novel, now with a new foreword by Lois Lowry, remains one of the greatest books ever written for young adults and an unforgettable classic for readers of any age. This edition includes a new *Suggestions for Further Reading* by Jennifer Buehler. At the dawn of the next world war, a plane crashes on an uncharted island, stranding a group of schoolboys. At first, with no adult supervision, their freedom is something to celebrate. This far from civilization they can do anything they want. Anything. But as order collapses, as strange howls echo in the night, as terror begins its reign, the hope of adventure seems as far removed from reality as the hope of being rescued.

The Outsiders National Academies Press

Encourage students to make connections in history concerning social classes and divisions in societies while becoming familiar with this well-known novel by completing fun, challenging activities and lessons provided in this instructional guide for literature. These appealing and rigorous cross-curricular lessons and activities work in conjunction with the text to teach students how to analyze and comprehend rich, complex literature. Everything you need is packed into this guide that is the perfect tool to teach students how to analyze story elements in multiple ways, practice close reading and text-based vocabulary, determine meaning through text-dependent questions, and

more. This is the perfect way to add rigor to your students' explorations of rich, complex literature. [The Outsiders](#) Createspace Independent Publishing Platform

"Fans of R.J. Palacio's *Wonder* will appreciate this feel-good story of friendship and unconventional smarts." —Kirkus Reviews Ally has been smart enough to fool a lot of smart people. Every time she lands in a new school, she is able to hide her inability to read by creating clever yet disruptive distractions. She is afraid to ask for help; after all, how can you cure dumb? However, her newest teacher Mr. Daniels sees the bright, creative kid underneath the trouble maker. With his help, Ally learns not to be so hard on herself and that dyslexia is nothing to be ashamed of. As her confidence grows, Ally feels free to be herself and the world starts opening up with possibilities. She discovers that there's a lot more to her—and to everyone—than a label, and that great minds don't always think alike. The author of the beloved *One for the Murphys* gives readers an emotionally-charged, uplifting novel that will speak to anyone who's ever thought there was something wrong with them because they didn't fit in. This paperback edition includes *The Sketchbook of Impossible Things* and discussion questions. A New York Times Bestseller! * "Unforgettable and uplifting."—School Library Connection, starred review * "Offering hope to those who struggle academically and demonstrating that a disability does not equal stupidity, this is as unique as its heroine."—Booklist, starred review * "Mullaly Hunt again paints a nuanced portrayal of a sensitive, smart girl struggling with circumstances beyond her control." —School Library Journal, starred review

A new epic fantasy series begins. *Song of Dragons* tells a story of blood, steel, and dragonfire. BOOK ONE: BLOOD OF REQUIEM Long ago stood the kingdom of Requiem, a land of men who could grow wings and scales, breathe fire, and take flight as dragons. Requiem ruled the sky. But Dies Irae, a tyrant leading an army of griffins, hunted Requiem's people, burned their forests, and shattered their temples. Requiem fell. This ancient land now lies in ruin, its halls crumbled, its cries silenced, its skeletons littering the burned earth. In the wilderness, a scattering of survivors lives in hiding. The griffins still hunt them, and every day promises death. Will Requiem's last children perish in exile... or once more become dragons and fly to war?
