NEW YORK TIMES  
BESTSELLER The  
complete, uncensored  
history of the award-  
winning *The Daily Show*  
with Jon Stewart, as told  
by its correspondents,  
writers, and host. For  
almost seventeen years,  
*The Daily Show* with Jon  
Stewart brilliantly  
redefined the borders  
between television  
comedy, political satire,  
and opinionated news  
coverage. It launched the  
careers of some of today's  
most significant  
comedians, highlighted  
the hypocrisies of the  
powerful, and garnered 23  
Emmys. Now the show's  
behind-the-scenes gags,  
controversies, and  
camaraderie will be  
chronicled by the players  
themselves, from  
legendary host Jon  
Stewart to the star cast  
members and writers-  
including Samantha Bee,  
Stephen Colbert, John  
Oliver, and Steve Carell -  
plus some of *The Daily  
Show's* most prominent  
guests and adversaries:  
John and Cindy McCain,  
Glenn Beck, Tucker  
Carlson, and many more.  
This oral history takes the

reader behind the curtain  
for all the show's  
highlights, from its origins  
as Comedy Central's  
underdog late-night  
program to Trevor Noah's  
succession, rising from a  
scrappy jester in the 24-  
hour political news cycle  
to become part of the  
beating heart of politics-a  
trusted source for not only  
comedy but also  
commentary, with a  
reputation for calling  
bullshit and an ability to  
effect real change in the  
world. Through years of  
incisive election coverage,  
passionate debates with  
President Obama and  
Hillary Clinton, feuds with  
Bill O'Reilly and Fox, and  
provocative takes on Wall  
Street and racism, *The  
Daily Show* has been a  
cultural touchstone. Now,  
for the first time, the  
people behind the show's  
seminal moments come  
together to share their  
memories of the last-  
minute rewrites,  
improvisations, pranks,  
romances, blow-ups, and  
moments of Zen both on  
and off the set of one of  
America's most  
groundbreaking shows.

Offered a choice between accepting their fate and exacting revenge, Talia trains to become one of the country's deadliest assassins in order to kill the man responsible for their deaths: Ian Crane. Luckily, Talia was born with a gift- the ability to read and influence the minds of others. At sixteen, Talia is poised to graduate from the McDonough School for the Talented, where she learned to control her abilities. Now there is only one obstacle standing between her and the retribution she craves... Talia, herself. Her greatest asset may also be her undoing; while a formidable weapon in the field, Talia's talents prevent her from both shutting off the mental connection she shares with her questionable boyfriend and blocking out the thoughts of a

beguiling fellow recruit. But Talia can't afford to have the feelings and distractions of a normal teenage girl, when her life is far from normal. She must regain the single-minded determination that has brought her this far, or it may cost Talia her life when she finally faces Crane. And even after being molded in to a weapon of war, she'll still have to find the strength it takes to pull the trigger. If James Bond and Sookie Stackhouse had a love child with a yearning for vengeance, her story would be *TALENTED*: an adventure about powerful teenagers who aren't afraid to embrace their fears and fight for what they believe in. *Harvest Moon* Pan Macmillan Nic may have escaped enslavement in the mines outside of Rome, but his troubles are far from over. The Praetor War -- the battle to destroy Rome from within -- is in full force, and Nic is caught in the crossfire. The secretive Praetors are determined to unlock a powerful amulet -- one sure to bring the empire to its knees. Worse, the Praetors believe Nic holds the key to finding this amulet, and they will stop at nothing to steal it, even

if that means harming the people Nic holds most dear. When the Praetors capture Nic's mother, Nic knows he must do anything to save her. He challenges the Praetors to a chariot race. If he wins, they will release his mother. But if he loses, he must hand over a magic that will certainly bring about the end of Rome as well as his own life. Can Nic once again harness his magic and gather the strength to defeat his enemies? Or will he lose his mother and bear witness to Rome's destruction?

The Shadow Rising Anchor A New Statesman Book of the Year All stories are about wolves. All worth repeating, that is. Anything else is sentimental drivel. '

Margaret Atwood The wolf stands at the forefront of the debate about our impact on the natural world. In one of the most celebrated successes of modern conservation, it has been reintroduced to Yellowstone National Park. What unfurls here is a riveting multi-generational saga, at the centre of which is O-Six, a charismatic alpha female beloved by park rangers and amateur spotters alike. As elk numbers decline and the wolf

population rises, those committed to restoring an iconic landscape clash with those fighting for a vanishing way of life, hunters stalk the park fringes and O-Six 's rivals seek to bring an end to her dominance of the stunningly beautiful Lamar Valley.

Supernatural war is on the horizon, and no one will escape unscathed. Enemy after enemy, foe after foe, has fallen before the combined might of the Romanian grey wolves and their allies among the supernatural races. But now the alliance doesn't fight a single supernatural threat. It's no longer a single coven of vampires, a lone deranged warlock, or a rogue pack that threatens their safety. Now, the wolves face a

unified force of evil--the Order of the Burning Claw. The Order needs a representative from every supernatural race to unleash a spell that will enslave humanity forever, and they've just recruited one of their most powerful members. The Order will stop at nothing to gain power, including kidnapping the pack's children and its beleaguered healer. The Romanian pack would love nothing more than to bring the wrath of the Great Luna down upon their foes. But how can they do that when their enemies hold captive the pack's greatest treasures. Before this is over, bonds will be tested, a new leader will rise, and all hell will break loose.

The bestselling author of No Logo shows how the global "free market" has exploited crises and shock for three decades, from Chile to Iraq In her groundbreaking reporting, Naomi Klein introduced the term "disaster

capitalism." Whether covering Baghdad after the U.S. occupation, Sri Lanka in the wake of the tsunami, or New Orleans post-Katrina, she witnessed something remarkably similar. People still reeling from catastrophe were being hit again, this time with economic "shock treatment," losing their land and homes to rapid-fire corporate makeovers. The Shock Doctrine retells the story of the most dominant ideology of our time, Milton Friedman's free market economic revolution. In contrast to the popular myth of this movement's peaceful global victory, Klein shows how it has exploited moments of shock and extreme violence in order to implement its economic policies in so many parts of the world from Latin America and Eastern Europe to South Africa, Russia, and Iraq. At the core of disaster capitalism is the use of cataclysmic events to advance radical privatization combined with the privatization of the disaster response itself. Klein argues that by capitalizing on crises, created by nature or war, the disaster capitalism complex now exists as a booming new economy,

and is the violent economic project that has been incubating for fifty  
culmination of a radical years.
