manual for Macroeconomics 12th Edition by ...macroeconomics. This is especially true when it comes to the relationship between private domestic saving, private domestic investment, the budget surplus and the trade surplus. An indepth discussion of these relationships will, of course, have to be delayed until later. Nonetheless, students will find Dornbusch,

Fischer, and Startz's Macroeconomics relies on straightforward explanations by emphasizing concepts over technique, and fitting difficult material into a larger framework so students can see its relevance in the world. The authors explore state-of-the-art research, while allowing for flexibility in how much to emphasize these topics.
