Concept21. Achieve and  
maintain general fitness:  
• Use a variety of workout  
types, including intervals.

• Gradually increase your  
total workout time and/or  
intensity to keep  
improving. • Aim for a  
workout frequency of at  
least every other day and  
preferably 5-6 days per  
week (this can include  
other types of exercise).

There are always a number of questions that arise when talking about technique on the

Concept2 or Waterrower rowing machines. Most beginners make the same mistake of using their arms far too early in the stroke and not really putting much leg power into the pull. These are fairly basic errors that can be corrected by getting an experienced rower to coach you or watching a training video such as this one. Training for The Concept2 2000m Test - Rowing & Fitness The Concept2 Workout of the Day isn't a training plan as such. Every day Concept 2 send out an email with a short, middle and long workout on it. Depending on how you like to row each day, one of these will suit - and eventually, they'll build you into a better rower.
