Everyday low prices and free delivery on eligible orders. Gentle Giant Octopus (Read and Wonder): Amazon.co.uk ... Gentle Giant Octopus is about the life of a curious sea creature with eight tentacles and a squishy body. I would read this to children who are younger as it gives them the opportunity to know more about others creatures and express their knowledge. I would use this book as part of a underwater theme lesson. Octopus is the fourth album by British progressive rock band Gentle Giant, released in 1972. It was the band's last album with founding member Phil Shulman and the first with new drummer John Weathers, who would remain with the band until their dissolution in

1980. Octopus remains a highly regarded example of the progressive rock genre and is generally considered to represent the start of the band's peak period. Octopus (Gentle Giant album) - Wikipedia The new line-up of Gentle Giant delivered the Octopus album later in 1972. The band's hardest-rocking album to date, Octopus was allegedly named by Phil Shulman's wife Roberta as a pun on " octo opus " (eight musical works, reflecting the album's eight tracks).
