the right track to get
organized and stay
organized, so you can

better enjoy life. We will consider the real value of our possessions. Is "real value" a dollar amount? Or the usefulness of the item? Or how it makes you feel? There are many ways to consider an item's value, none of them right or wrong. Everything is relative in terms of what is really important to you, whether it be your time, your space, or your stuff. *The Ultimate Guide to Investing and Trading Stocks: Getting an Edge With Trading Stocks* McGraw Hill Professional

Finally! Board member orientation truly simplified. Serving on a nonprofit board can be an incredibly rewarding experience for the properly prepared board member. This book is for the generous and busy people who agree to give of their time and talents by serving on nonprofit boards. Nonprofit boards often fail to do a good job of board member orientation for a variety of reasons. It takes a

significant amount of time and effort to plan and conduct quality board member orientation programs, and every time a new board member arrives, it's time to do it again! Because of the challenges associated with providing quality board member orientation, many nonprofit organizations do not do it at all, leaving their board members to wing it. This book provides help and support to the truly great men and women serving on nonprofit boards whose

service makes a positive difference in the lives of countless people every day. This book is a concise and appropriately comprehensive guide to nonprofit board service designed especially for new board members. It is a quick read, (about one hour), yet it addresses with accuracy the most significant elements of board service, such as mission, responsibility, duty, risk, liability, and board meeting dynamics. Hooey Alerts! Watch for Hooey Alerts! where the author identifies and

dispels common myths and legends about nonprofit board service. There are many sources of false or misleading information about the nonprofit board service environment. A perfect example is the often vaguely-worded and intimidating assertion or implication that the Sarbanes-Oxley Act passed by Congress in 2002 applies to nonprofit organizations in a manner similar to how it applies to publicly-traded companies. (It does not.)
Reviews "This book is the

perfect guide for every nonprofit board member! Concise, highly informative, and loaded with nuggets of wisdom, it's a must read that will take board members to the next level of successful board governance." -- J. Todd Chasteen, General Counsel, Samaritan's Purse "Mike Batts has put his quarter century of advising and serving on nonprofit boards to good use in this accurate and easy-to-read book. In addition to describing major principles of

nonprofit law and governance, the book provides helpful questions to guide board members in understanding the practical applications of the concepts discussed. While geared primarily toward helping new board members get up to speed quickly, it should also help veteran board members discharge their stewardship roles wisely and efficiently." -- Chuck Hartman, Associate Professor of Business Law and Accounting, Cedarville University "This book, Board Member

Orientation, is exactly what a busy volunteer board member needs. The board member's duties are presented in a clear and concise manner from the perspective of someone who has been around many boards. With a focus on those issues that are most common and/or most important, it is perfect for board member orientation and for quick reference reminders for the experienced board member." -- Doug Starcher, Partner, Broad & Cassel "This book

provides clear, no-nonsense guidance on the basic issues for new nonprofit board members. Using this book for board member orientation will ensure your organization has communicated fundamental governance issues and will assist the board in determining risk management strategies."

-- Dan Busby, President, ECFA

***** The Simple Board Member Orientation Process Using This Book:
1.Your board members read Chapters 1-9 of the

book, which will provide them with insights regarding the key elements of nonprofit board service. 2.You provide the board members with copies of the documents described in Chapter 10 related to your organization. 3.You meet with your board members to discuss the unique attributes of your organization following the discussion questions provided in Chapter 10.

It's no wonder that well-intentioned professionals doing their best to be good organizational leaders often repeat unhelpful supervisory practices experienced in their early careers, even if they

disliked them at the time. In the DUH! Book of Management and Supervision, the author disagrees with many accepted leadership principles (unabashedly referring to them as myths) and makes new and different approaches easier to imagine. Have you ever been in a situation where you needed to defend yourself, or others, but just didn't have the right words to do so? Of course, a few hours later, when you replay the situation in your mind, the perfect response comes to you. "If I had only said that I

would've been a hero!" Yes, we've all been there, and it's a helpless feeling because you know that the moment has passed for good. For all intents and purposes, you lost. In this book, you'll get a full breakdown of the ways to come right back to those individuals who are attempting to cut you down. You'll discover clever ways to instantly dominate any situation where another person is trying to insult you or your friends. You'll quickly become a master of the craft and be able to call

upon these comebacks, or come up with your own using this proven formula, at any time. No more regrets, no more shoulda-coulda-wouldas. No more losing. Consider this comeback system as your compass that allows you to navigate the rough terrain we call social class and order. I wrote this book because you needed support from someone who has been there before. Know that I have a personal stake in this and have tapped back into my own childhood and current everyday life to

try and understand both sides of this natural phenomenon. The defenseless need defending. The common person needs armor and weapons when it is their time to attack. You are my inspiration for this. Here's how it works: At the top of the page there will be a cut-down, directly below will be a brief insight into the cut-down, and at the bottom, there will be several different comebacks to the cut-down. The following pages will change your life for the

better. The time for lying down is over. The time has come for a shift in power. It's time for a new hero-story to be written. Is it your time? Will you be that hero? It is yours for the taking if you are ready. Are you ready?
