With Writing without Teachers (OUP
1975) and Writing with Power (OUP
1995) Peter Elbow revolutionized the
teaching of writing. His process method--
and its now commonplace "free writing"
techniques--liberated generations of
students and teachers from the
emphasis on formal principles of

grammar that had dominated
composition pedagogy. This new
collection of essays brings together the
best of Elbow's writing since the
publication of *Embracing Contraries* in
1987. The volume includes sections on
voice, the experience of writing,
teaching, and evaluation. Implicit
throughout is Elbow's commitment to
humanizing the profession, and his
continued emphasis on the importance
of binary thinking and nonadversarial
argument. The result is a compendium of

a master teacher's thought on the relation between good pedagogy and good writing; it is sure to be of interest to all professional teachers of writing, and will be a valuable book for use in composition courses at all levels.

Betrayal in the City, first published in 1976 and 1977, was Kenya's national entry to the Second World Black and African Festival of Arts and Culture in Lagos, Nigeria. The play is an incisive, thought-provoking examination of the problems of independence and freedom

in post-colonial African states, where a sizeable number of people feel that their future is either blank or bleak. In the words of Mosese, one of the characters: "It was better while we waited. Now we have nothing to look forward to. We have killed our past and are busy killing our future."--Page 4 of cover

Since the Second World War, we have witnessed exciting, often confusing developments in the British theatre. This book, first published in 1976, presents an enlightening, objective history of the many facets of post-war British theatre and a fresh interpretation of theatre itself. The remarkable and profound changes which have taken place during this period range from the style and

content of plays, through methods of acting, to shapes of theatres and the organisational habits of managers. Two national theatres have been brought almost simultaneously into existence; while at the other end of the financial scale, the fringe and pub theatres have kicked their way into vigorous life. The theatre in Britain has been one of the post-war success stories, to judge by its international renown and its mixture of experimental vitality and polished experience. In this book Elsom presents an approach to the problems of criticism and appreciation which range beyond those of literary analysis.

Since its original publication in 1979, *The Possibility of Naturalism* has been one of the most influential works in contemporary philosophy of science and social science. It is one of the cornerstones of the critical realist position, which is now widely seen as offering perhaps the only viable alternative to positivism and post positivism. This fourth edition contains a

new foreword from Mervyn Hartwig, who is founding editor of the *Journal of Critical Realism* and editor and principal author of the *Dictionary of Critical Realism*.

KwaNobuhle Overcast is a book of vivid observations of Billie's community 20 years into South Africa's democracy. It describes an inhospitable and sometimes callous KwaNobuhle, its spirit worn away by the harsh toll of survival and political betrayal. The poet remains rooted, borne up by love, family, jazz music, and a stubborn belief in humanity.

The Image of Water in the Poetry of Euphrase Kezilahabi Routledge

This story unfolds amidst the traditional

social and cultural life of the people inhabiting Ukerewe in northern Tanzania. It tells of the lives of Mr Mr Myombekere and his wife Bugonoka whose love survives despite their failure to conceive children in a polygamous society where sterility is stigmatised, bearing children is a central source of meaning in life, and a man is expected to marry additional women until he produces a child. This couple remain committed only to one another and search for a cure to their ailment. Their actions strengthen their relationship, and they become an exemplary couple in their society, finally rewarded by the birth of a son and daughter. The genesis and evolution of Kitereza's epic novel and its context is as perhaps as remarkable as the work itself. Kitereza was born in Ukerewe in

1896 and wrote at the height of colonial rule, in part to preserve a culture threatened with extinction. He wished to keep alive the relationships of a people with one another and the land, and the spirit of cooperation on which their social life was based. He chose to write in his native Kikerewe because 'above all, I wanted this to be a way of preserving the language of our ancestors, by showing the reader how beautifully they spoke to each other'. This classic Tanzanian story was written in Kikerewe in 1945, but to this day, remains unpublished in this language. Failure to find a publisher for the Kikerewe work persuaded Kitereza to translate his work into Swahili in 1969, which was then published in 1980 and widely acclaimed. Previously only available in the author's

own Kiswahili translation, this is the first complete translation into English. The translator, Gabriel Ruhumbika is a writer, professor of literature and descendant of Kitereza. He had unique access to the author's manuscripts and diaries.

Ruhumbika also provides a comprehensive introduction and explanatory notes on the text.

Thomas Mofolo's final novel and masterpiece, *Chaka* captures the phenomenal rise and fall of the great Zulu king. One of the earliest modern literary classics from Southern Africa, *Chaka*, is the tragic tale of a warrior-king and his insatiable hunger for power. Told in a mythic style, *Chaka* follows the torments of the Zulu king's early life, his

rapid ascension to the throne, and the prophesied events that lead to his downfall. 'Chaka is a beautifully dark and twisted take on the true life story of the Zulu King ... built around one of the most enigmatic and memorable literary figures you'd ever encounter.' Ainehi Egoro

The study of oral traditions and verbal arts leads into an area of human culture to which anthropologists are increasingly turning their attention. Oral Traditions and the Verbal Arts provides up-to-date guidance on how to approach the study

of oral form and their performances, treating both the practicalities of fieldwork and the methods by which oral texts and performances can be observed, collected or analysed. It also relates to those current controversies about the nature of performance and of 'text'. Designed as a practical and systematic introduction to the processes and problems of researching in this area, this is an invaluable guide for students, and lecturers of anthropology and cultural studies and also for general readers who are interested in enjoying oral literature for its own sake.
