**Deceptive Majority** Princeton University Press

A biography of the revered Indian leader explores his early career in South Africa, the forging of his political activism, his influence, triumphs, and failures in India, and the development of his philosophy of nonviolence

Mahatma Gandhi and His Apostles Oxford University Press

From an acclaimed economist and politician, a unique, never-before-seen look at the life of one of India's most well-known prime ministers—Indira Gandhi—and her work to protect the

environment and champion the preservation of nature and the climate. Indira Gandhi, prime minister of India for sixteen years, was as charismatic as she was controversial—both admired and criticized for her political judgments and actions. Yet what has never been fully revealed is her lifelong commitment and love for nature and how that defined her very being. Weaving personal, political, and environmental history, politician and scholar Jairam Ramesh presents a compelling portrait of an extraordinary public figure. He chronicles how and why she made a personal passion a public calling; how her views on the environment remained steadfast even as her political and economic stances evolved; how her friendships with conservationists led to far-reaching decisions to preserve India's biodiversity; how she urged, cajoled

and persuaded her colleagues in making significant decisions regarding forests and wildlife; and how her own finely developed instincts and initiatives resulted in landmark policies, programs, and laws that have endured to this day. Drawing extensively from unpublished letters, notes, messages and memos, *Indira Gandhi: A Life in Nature* is both a lively, engaging narrative about the little-known parts of Indira Gandhi's life, and also sheds important light on climate change and sustaining the environment—today's most pressing global issues.

*Mahatma Gandhi and Bihar* Routledge

"Louis Fischer, famous international reporter, was permitted a week in the guest house near Gandhi's headquarters, and daily interviews with the great Indian leader. He kept virtually a stenographic report of his conversations, livened with personal comments, swift pen pictures of Gandhi and his followers, as he encountered them that week last June. One follows the workings of Gandhi's mind, which -- as Fischer says -- is the reason for misapprehension only too often, for Gandhi thinks and speaks simultaneously, and sometimes subsequent statements seem to contradict previous ones, while actually he has simply shared his process of reasoning to a point with his hearers. The most striking evidence of this during Fischer's stay was his expansion of his basic position to indicate that he had, reluctantly, reached a point of accepting the inevitability of India continuing to be a military base for United Nations. He supplemented other much quoted statements, too; for instance, that dealing with him negotiations with Japan, once India was free -- which he said he would like to think possible but realised would not be possible. He and Nehru agree in feeling that religious differences will be merged, once

freedom is granted, that Pakistan is only a bargaining card with England, and so on. Exciting reading, as yet another facet of this tragic, complex problem. Fits into pattern with Mitchell and Raman."-Kirkus Reviews

*The History of the World's Largest Democracy* Harvard University Press

"Indian Home Rule" by Mahatma Gandhi. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten—or yet undiscovered gems—of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

*Terrorist in Search of Humanity* Cambridge University Press

The modern history of South Asia is shaped by the personalities of its two most prominent politicians and ideologues ?

Mohammad Ali Jinnah and Mahatma Gandhi. Jinnah shaped the final settlement by consistently demanding Pakistan, and Gandhi defined the largely non-violent nature of the campaign. Each made their contribution by taking over and refashioning a national political party, which they came to personify. Theirs would seem, therefore, to be a story of success, yet for each of them, the story ended in a kind of failure. How did two educated barristers who saw themselves as heralds of a newly independent country come to find themselves on opposite ends of the political spectrum? How did Jinnah, who started out a secular liberal, end up a Muslim nationalist? How did a God-fearing moralist and

social reformer like Gandhi become a national political leader? And how did their fundamental divergences lead to the birth of two new countries that have shaped the political history of the subcontinent? This book skilfully chronicles the incredible similarities and ultimate differences between the two leaders, as their admirers and detractors would have it and as they actually were.

**India's Founding Moment** Hurst Publishers

This is a rare view of Gandhi as a hard-hitting political thinker willing to countenance the greatest violence in pursuit of a global vision that went beyond a nationalist agenda. Guided by his idea of ethical duty as the source of the self's sovereignty, he understood how life's quotidian reality could be revolutionized to extraordinary effect.

**An Impossible Possibility** Cambridge : Harvard University Press

Marking a departure from studies on history and literature in colonial India, *The Oppressive Present* explores the emergence of social consciousness as a result of and in response to the colonial mediation in the late nineteenth century. In focusing on contemporary literature in Hindi, Bengali, Gujarati, and Marathi, it charts an epochal change in the gradual loss of the old pre-colonial self and the configuration of a new, colonized self. It reveals that the 'oppressive present' of generations of subjugated Indians remains so for their freed descendants: the consciousness of those colonized generations continues to characterize the 'modern educated Indian'. The book proposes ambivalence rather than binary categories — such as communalism and nationalism, communalism and secularism,

modernity and tradition — as key to understanding the making of this consciousness. This cross-disciplinary volume will prove essential to scholars and students of modern and contemporary Indian history and society, comparative literature and post-colonial studies.

**All Men Are Brothers** Routledge

Address delivered by the author on the 101st birthday celebration of Mahadev Govind Ranade, held at Poona on 18th January 1943. Please give us your feedback :

*Gandhi* U of Minnesota Press

Gandhi was perhaps the most influential yet misunderstood figure of the twentieth century. Drawing close attention to his last years, this book explores the marked change in his understanding of the acceptance of non-violence by Indians. It points to a startling discovery Gandhi made in the years preceding India's Independence and Partition: the struggle for freedom which he had all along believed to be non-violent was in fact not so. He realised that there was a causal relationship between the path of illusory ahimsa, which had held sway during the freedom struggle, and the violence that erupted thereafter during Partition. In the second edition of this much-acclaimed volume, Chandra revisits Gandhi's philosophy to explain how and why the phenomenon of the Mahatma has been understood and misunderstood through the years. Calling for a rethink of the very nature and foundation of modern India, this book throws new light on Gandhian philosophy and its far-reaching implications for

the world today. It will interest not only scholars and researchers of modern Indian history, politics and philosophy, but also lay readers.

Gandhi & Churchill Ssoft Group, INDIA

This volume presents an original account of Mahatma Gandhi's four meanings of freedom: as sovereign national independence, as the political freedom of the individual, as freedom from poverty, and as the capacity for self-rule or spiritual freedom. In this volume, seven leading Gandhi scholars write on these four meanings, engaging the reader in the ongoing debates in the East and the West and contributing to a new comparative political theory.

*Great Soul* Vintage

Includes selections from Gandhi's writings and speeches which express his thoughts, beliefs, and techniques.

**Gandhi's Religion of Resistance** Harvard University Press  
Mahatma Gandhi is among the most beloved and respected figures worldwide. This info-packed biography introduces young readers to the Mahatma and his role in the Indian independence movement. Readers will learn how protests such as the Salt March and fasting helped bring about the end of British rule in India. Particular attention is paid to Gandhi's use of nonviolent protest and civil disobedience and how inspirational his methods became to freedom fighters around the world. Also explored is the concept of ahimsa, which has deep roots in Indian religions and played a major part in shaping Gandhi's nonviolent worldview.

*The Constitution of a Most Surprising Democracy* Harvard University Press

In this fascinating and meticulously researched book, bestselling historian Arthur Herman sheds new light on two of the most universally recognizable icons of the twentieth century, and reveals how their forty-year rivalry sealed the fate of India and the British Empire. They were born worlds apart: Winston Churchill to Britain's most glamorous aristocratic family, Mohandas Gandhi to a pious middle-class household in a provincial town in India. Yet Arthur Herman reveals how their lives and careers became intertwined as the twentieth century unfolded. Both men would go on to lead their nations through harrowing trials and two world wars—and become locked in a fierce contest of wills that would decide the fate of countries, continents, and ultimately an empire. *Gandhi & Churchill* reveals how both men were more alike than different, and yet became bitter enemies over the future of India, a land of 250 million people with 147 languages and dialects and 15 distinct religions—the jewel in the crown of Britain's overseas empire for 200 years. Over the course of a long career, Churchill would do whatever was necessary to ensure that India remain British—including a fateful redrawing of the entire map of the Middle East and even risking his alliance with the United States during World War Two. Mohandas Gandhi, by contrast, would dedicate his life to India's liberation, defy death and imprisonment, and create an entirely new kind of political movement: satyagraha, or civil disobedience. His campaigns of nonviolence in defiance of Churchill and the British, including his famous Salt March, would become the blueprint not only for the independence of India but for the civil rights movement in the U.S. and struggles for freedom across the world. Now master

storyteller Arthur Herman cuts through the legends and myths about these two powerful, charismatic figures and reveals their flaws as well as their strengths. The result is a sweeping epic of empire and insurrection, war and political intrigue, with a fascinating supporting cast, including General Kitchener, Rabindranath Tagore, Franklin Roosevelt, Lord Mountbatten, and Mohammed Ali Jinnah, the founder of Pakistan. It is also a brilliant narrative parable of two men whose great successes were always haunted by personal failure, and whose final moments of triumph were overshadowed by the loss of what they held most dear.

The Oppressive Present Cambridge University Press

“One of the few world intellectuals on whom we may rely to make sense out of our existential confusion.”—Nadine Gordimer In this sweeping philosophical work, Amartya Sen proposes that the murderous violence that has riven our society is driven as much by confusion as by inescapable hatred. Challenging the reductionist division of people by race, religion, and class, Sen presents an inspiring vision of a world that can be made to move toward peace as firmly as it has spiraled in recent years toward brutality and war.

**A Memoir** Yale University Press

"Muslim Zion" argues that Pakistan has never been a nation-state, grounded in the historic connections of lands and peoples. Just as Israel is the only Jewish state, Pakistan is the only Muslim state to make religion the sole basis of its nationality. Faisal Devji offers a penetrating critique of founding a state on nothing but the idea of belonging.

**The Impossible Indian** Hurst Publishers

NAMED ONE OF THE BEST BOOKS OF THE YEAR BY San Francisco

Chronicle • Newsweek/The Daily Beast • The Seattle Times • The Economist • Kansas City Star • BookPage On February 14, 1989, Valentine's Day, Salman Rushdie was telephoned by a BBC journalist and told that he had been “sentenced to death” by the Ayatollah Khomeini. For the first time he heard the word fatwa. His crime? To have written a novel called *The Satanic Verses*, which was accused of being “against Islam, the Prophet and the Quran.” So begins the extraordinary story of how a writer was forced underground, moving from house to house, with the constant presence of an armed police protection team. He was asked to choose an alias that the police could call him by. He thought of writers he loved and combinations of their names; then it came to him: Conrad and Chekhov—Joseph Anton. How do a writer and his family live with the threat of murder for more than nine years? How does he go on working? How does he fall in and out of love? How does despair shape his thoughts and actions, how and why does he stumble, how does he learn to fight back? In this remarkable memoir Rushdie tells that story for the first time; the story of one of the crucial battles, in our time, for freedom of speech. He talks about the sometimes grim, sometimes comic realities of living with armed policemen, and of the close bonds he formed with his protectors; of his struggle for support and understanding from governments, intelligence chiefs, publishers, journalists, and fellow writers; and of how he regained his freedom. It is a book of exceptional frankness and honesty, compelling, provocative, moving, and of vital importance. Because what happened to Salman Rushdie was the first act of a drama that is still unfolding somewhere in the world every day. Praise for Joseph Anton “A harrowing, deeply felt and

revealing document: an autobiographical mirror of the big, philosophical preoccupations that have animated Mr. Rushdie's work throughout his career."—Michiko Kakutani, *The New York Times* "A splendid book, the finest . . . memoir to cross my desk in many a year."—Jonathan Yardley, *The Washington Post* "Thoughtful and astute . . . an important book."—USA Today "Compelling, affecting . . . demonstrates Mr. Rushdie's ability as a stylist and storyteller. . . . [He] reacted with great bravery and even heroism."—*The Wall Street Journal* "Gripping, moving and entertaining . . . nothing like it has ever been written."—*The Independent (UK)* "A thriller, an epic, a political essay, a love story, an ode to liberty."—*Le Point (France)* "Action-packed . . . in a literary class by itself . . . Like Isherwood, Rushdie's eye is a camera lens—firmly placed in one perspective and never out of focus."—*Los Angeles Review of Books* "Unflinchingly honest . . . an engrossing, exciting, revealing and often shocking book."—*de Volkskrant (The Netherlands)* "One of the best memoirs you may ever read."—*DNA (India)* "Extraordinary . . . Joseph Anton beautifully modulates between . . . moments of accidental hilarity, and the higher purpose Rushdie saw in opposing—at all costs—any curtailment on a writer's freedom."—*The Boston Globe*

#### **Pakistan as a Political Idea** Pan Macmillan

Among prominent leaders of the twentieth century, perhaps no one is more highly regarded than Mahatma Gandhi. He is revered by the vast majority of Hindus as the hero of Indian independence, and many people throughout the world consider him to be a modern saint. In this explosive, intriguing, and provocative investigation, Colonel G. B. Singh charges that the

popular image of Gandhi is highly misleading. Despite his famous philosophy of nonviolent resistance (satyagraha), Colonel Singh's analysis of the evidence leads him to conclude that Gandhi's ideology was in fact rooted in racial animosity, first against blacks in South Africa and later against whites in India. The author also finds evidence of multiple cover-ups designed to hide Gandhi's real history, including even collusion to cover up the murder of an American. This provocative thesis is sure to be controversial.

Pickle Partners Publishing

*The Price of Freedom Denied* shows that, contrary to popular opinion, ensuring religious freedom for all reduces violent religious persecution and conflict. Others have suggested that restrictions on religion are necessary to maintain order or preserve a peaceful religious homogeneity. Brian J. Grim and Roger Finke show that restricting religious freedoms is associated with higher levels of violent persecution. Relying on a new source of coded data for nearly 200 countries and case studies of six countries, the book offers a global profile of religious freedom and religious persecution. Grim and Finke report that persecution is evident in all regions and is standard fare for many. They also find that religious freedoms are routinely denied and that government and the society at large serve to restrict these freedoms. They conclude that the price of freedom denied is high indeed.

[Political Violence in Ancient India](#) *The Impossible Indian Gandhi and the Temptation of Violence*

Mahatma Gandhi's lengthy Indian career was of central importance in the development of Indian politics and the changing relationship of the British raj and its subjects. But the extent of his political influence and his role varied considerably at different times. This book is an analysis, based on new material, of the phase between 1928 and 1934 when Gandhi was leader of a continental campaign of civil disobedience against the Raj. During this time Gandhi emerged from the comparative political

quiescence which had followed his initial rise to prominence in 1920 as architect of a campaign of non-cooperation with the Raj. He resumed a crucial role as leader of the Congress movement against the British. At the peak of his political influence he negotiated a 'pact' with the Viceroy by which the civil disobedience campaign - most graphically illustrated in the famous Salt March to Dandi - was suspended.
