Eli Monpress is talented. He's charming. And he's a thief. But not just any thief. He's the greatest thief of the age -- and he's also a wizard. And with the help of his partners -- a swordsman with the most powerful magic sword in the world but no magical ability of his own, and a demonseed who can step through shadows and punch through walls -- he's going to put his plan into effect. The first step is to increase the size of the bounty on his head, so he'll need to steal some big things. But he'll start small for now. He'll just steal something that no one will miss -- at least for a while. Like a king.

The Bastards and the Knives Del Rey

In the second book of the suspense-filled Gentleman Bastard Sequence, hailed by George R. R. Martin as "fresh, original, and engrossing," Locke Lamora faces a caper so death-defying that nothing short of a miracle will pull it off. For some, only a prize worth dying for makes life worth living. . . . After a brutal battle with the underworld, Locke and his sidekick, Jean, fled to the exotic shores of Tal Verrar to nurse their wounds. But they are soon back to what they do best—stealing from the rich and pocketing the proceeds. Now, however, they have targeted the grandest prize of all: the Sinspire, the world's most exclusive, most heavily guarded gambling house. But there is one cardinal rule: it is death to cheat at any game. Brazenly undeterred, Locke and Jean have orchestrated an elaborate plan to lie, trick, and swindle their way straight to the Sinspire's teeming vault. But someone knows the duo's secret—and has every intention of making them pay for their sins. . . . The Shadow of the Gods Dark Shores

Set in a world of goblin wars, stag-sized battle ravens, and assassins who kill with deadly tattoos, Christopher Buehlman's *The Blacktongue Thief* begins a 'dazzling' (Robin Hobb) fantasy adventure unlike any other. Kinch Na Shannack owes the Takers Guild a small fortune for his education as a thief, which includes (but is not limited to) lock-picking, knife-fighting, wall-scaling, fall-breaking, lie-weaving, trap-making, plus a few small magics. His debt has driven him to lie in wait by the old forest road, planning to rob the next traveler that crosses his path. But today, Kinch Na Shannack has picked the wrong mark. Galva is a knight, a survivor of the brutal goblin wars, and handmaiden of the goddess of death. She is searching for her queen, missing since a distant northern city fell to giants. Unsuccessful in his robbery and lucky to escape with his life, Kinch now finds his fate entangled with Galva's. Common enemies and uncommon dangers force thief and knight on an epic journey where goblins hunger for human flesh, krakens hunt in dark waters, and honor is a luxury few can afford. "The Blacktongue Thief is fast and fun and filled with crazy magic. I can't wait to see

what Christopher Buehlman does next." - Brent Weeks, New York Times bestselling author of the Lightbringer series At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.
