The effectiveness of flash cards joined with the ease of use and small size of a book! These THEA flash cards are not conventional, but at Trivium Test Prep, we don't subscribe to convention. Traditional flash cards are bulky, difficult to organize, and impossible to use on the go unless of course you bind them with a ring. We did that for you! These flash cards can be used anywhere, anytime without worry about losing any cards or getting cards out of order...not to mention the sheer bulk of flash cards is condensed into an easy to use size. This flash card set includes must-know information to save time on the THEA, as well as brain-trainer math speed drills to increase mental math agility, decreasing a student's dependence on the calculator. These flash cards are essential for the student wanting to increase the test taking speed. Also of course are hundreds of the must-know vocabulary words and verbal information such as prefixes, suffixes, and roots so you can learn to decipher the meaning of a word, even if you don't know its definition. You'll be ready to ace the Texas Higher Education Assessment. We guarantee it!

REA's test preparation book includes two full-length exams with detailed explanations based on official exams released by the administrator of the TASP. Taken by full- and part-time students entering Texas public colleges, universities, or technical institutes, the TASP was designed to ensure that students obtain the skills appropriate to their grade level. Failure to pass any TASP section will result in the assignment of remedial course work in that subject. However, studying the comprehensive reviews in this book will fully prepare the student to pass each section. Reviews in mathematics, reading skills, and writing skills are presented along with tips and sample problems to help develop reading and writing skills, as well as problem solving ability. All exam sections and review material were prepared by test experts in the educational field to assure their accuracy, difficulty level, and application to the actual examination.
