The Transgender Craze Seducing Our Daughters Harper Collins

A lot has changed since 2015, and Ben Shapiro has something to say about it. In this curated sequel to "Facts Don't Care About Your Feelings," Shapiro breaks down American politics from 2015 to today like you've never seen before. Review political dog fights and the Democrats' radicalism problem through a poignant lens. Analyze the novel coronavirus and its economic implications through a perspective too often stamped out by the mainstream media. Explore the absurdities of "anti-racism," "mostly peaceful" protests and other leftist attempts to rewrite America. And discover pieces of the American identity—unity, free speech, capitalism and so much more—we have lost in the mayhem. 2020: Every Column Ben Shapiro Wrote During an Insane Year Post Hill Press

"The most profane, hilarious, and insightful book I've read in quite a while." — BEN SHAPIRO "Kevin Williamson's gonzo merger of polemic, autobiography, and batsh*t craziness is totally brilliant." — JOHN PODHORETZ, Commentary "Ideological minorities - including the smallest minority, the individual - can get trampled by the unity stampede (as my friend Kevin Williamson masterfully elucidates in his new book, *The Smallest Minority*)." — JONAH GOLDBERG "The Smallest Minority is the perfect antidote to our heedless age of populist politics. It is a book unafraid to tell the people that they're awful." — NATIONAL REVIEW "Williamson is blistering and irreverent, stepping without doubt on more than a few toes—but, then again, that's kind of the point." — THE NEW CRITERION "Stylish, unrestrained, and straight from the mind of a pissed-off genius." — THE WASHINGTON FREE BEACON Kevin Williamson is "shocking and brutal" (RUTH MARCUS, Washington Post), "a total jack**s" (WILL SALETAN, Slate), and "totally reprehensible" (PAUL KRUGMAN, New York Times). Reader beware: Kevin D. Williamson—the lively, literary firebrand from National Review who was too hot for The Atlantic to handle—comes to bury democracy, not to praise it. With electrifying honesty and spirit, Williamson takes a flamethrower to mob politics, the "beast with many heads" that haunts social

media and what currently passes for real life. It's destroying our capacity for individualism and dragging us down "the Road to Smurfdom, the place where the deracinated demos of the Twitter age finds itself feeling small and blue." *The Smallest Minority* is by no means a memoir, though Williamson does reflect on that "tawdry little episode" with The Atlantic in which he became all-too-intimately acquainted with mob outrage and the forces of tribalism. Rather, this book is a dizzying tour through a world you'll be horrified to recognize as your own. With biting appraisals of social media ("an economy of Willy Lomans," political hustlers ("that certain kind of man or woman...who will kiss the collective ass of the mob"), journalists ("a contemptible union of neediness and arrogance") and identity politics ("identity is more accessible than policy, which requires effort"), *The Smallest Minority* is a defiant, funny, and terrifyingly insightful book about what we human beings have done to ourselves.

Independent Thinking in the Age of Mob Politics Simon and Schuster

Now a #1 New York Times Bestseller. Human beings have never had it better than we have it now in the West. So why are we on the verge of throwing it all away? In 2016, New York Times bestselling author Ben Shapiro spoke at the University of California-Berkeley. Hundreds of police officers were required to protect his speech. What was so frightening about Shapiro? He came to argue that Western civilization is in the midst of a crisis of purpose and ideas; that we have let grievances replace our sense of community and political expediency limit our individual rights; that we are teaching our kids that their emotions matter more than rational debate; and that the only meaning in life is arbitrary and subjective. As a society, we are forgetting that almost everything great that has ever happened in history happened because of people who believed in both Judeo-Christian values and in the Greek-born power of reason. In *The Right Side of History*, Shapiro sprints through more than 3,500 years, dozens of philosophers, and the thicket of modern politics to show how our freedoms are built upon the twin notions that every human being is made in God's image and that human beings were created with reason capable of exploring God's world. We can thank these values for the birth of science, the dream of progress, human rights, prosperity, peace, and artistic beauty. Jerusalem and Athens built America, ended slavery, defeated the Nazis and

the Communists, lifted billions from poverty, and gave billions more spiritual purpose. Jerusalem and Athens built America, ended slavery, defeated the Nazis and the Communists, lifted billions from poverty, and gave billions more spiritual purpose. Yet we are in the process of abandoning Judeo-Christian values and Greek natural law, watching our civilization collapse into age-old tribalism, individualistic hedonism, and moral subjectivism. We believe we can satisfy ourselves with intersectionality, scientific materialism, progressive politics, authoritarian governance, or nationalistic solidarity. We can't. The West is special, and in *The Right Side of History*, Ben Shapiro bravely explains how we have lost sight of the moral purpose that drives each of us to be better, the sacred duty to work together for the greater good,.

Brainwashed Simon and Schuster

You love a good mystery. The first one is: which book do you start with? It took Rafe Vega five years to figure out a horrific crime had been committed against his family, and another three to figure out what to do about it. The only one left standing, he thinks he knows what happened to his wife and daughters. But Fortune Flores is hiding secrets even she doesn't know. With the FBI looking for the girl, Rafe has to make them understand he's not what they think he is. The eight-year-old is going to help him prove how his own family was methodically destroyed. Is Fortune the key he thinks she is? Or will her DNA prove him a liar? *Fortune* is a two book set that tells the same story from two perspectives. Learn more about the secrets eight-year-old Fortune is hiding. Find out why was Fortune taken. . . FORTUNE'S two books follow the same timeline, so you can read either one first. We call it an "E-quel." If you can't decide which book to start with, let our randomizer pick for you! www.ReadAJS.com/Fortune/

The Story of Creeds and Confessions HarperCollins

The chickens are coming home to roost for the corrupt officials, mainstream media, and Democratic operatives who ruined the life of an innocent American in an attempt to subvert our democracy. Carter Page, the man at the center of one of the worst scandals in our country's history, reveals how our nation's top law enforcement officials abused their power and framed an innocent American citizen in their effort to take down Donald Trump. Page's gripping account, which shows that the rot goes deeper than anyone realized, names the men and women who tried to pull off a coup and didn't care who got hurt.

The Brutally Honest Sequel to the National Smash Hit Anchor

Democrats are pulling out all their stops to defeat President Trump and Republicans, and now they're getting desperate. First came the screaming—"We have to do something!" Then came the whining—"This is a national disgrace!" It's too politically useful for them to not rail at whatever they can, from the Kavanaugh nomination to the Trump-Russia collusion conspiracy. For provocative radio host Ben Shapiro, the "voice of conservative millennials," these tactics have made a circus out of American politics, and Trump is not the star performer. Read all about the acts under the big top in this collection of his 2018 syndicated columns.

The Book of Revelation Threshold Editions

Bullies: How the Left's Culture of Fear and Intimidation Silences Americans by Ben Shapiro: Conversation Starters Strategies used by the left to bully conservatives are myriad. They cite race issues, raise issues about class differences, and highlight topics about sexism. They use every possible means to demonize the other side to keep them quiet. Then they act as if such threatening actions are justified because they believe that conservatives are the real bullies; they have to learn how to be tolerant. But Shapiro says that hidden behind the left's impassioned admonitions against bullying lies their true love of vulgar strategies. President Obama pretends he is against bullying, expressing his opposition with all heart and soul, but in reality, he is truly a great encourager of bullying. According to Ben Shapiro, Obama goes down in the history of modern America as one using bullying tactics to silence the left's critics. **Bullies** is written by Shapiro, author of the bestselling.. **A Brief Look Inside: EVERY GOOD BOOK CONTAINS A WORLD FAR DEEPER** than the surface of its pages. The characters and their world come alive, and the characters and its world still live on. **Conversation Starters** is peppered with questions designed to bring us beneath the surface of the page and invite us into the world that lives on. These questions can be used to create hours of conversation: - Foster a deeper understanding of the book - Promote an atmosphere of discussion for groups - Assist in the study of the book, either individually or corporately - Explore unseen realms of the book as never seen before **Disclaimer: This book you are about to enjoy is an independent resource to supplement the**

original book, enhancing your experience. If you have not yet purchased a copy of the original book, please do before purchasing this unofficial **Conversation Starters**. (c) Copyright 2019 Download your copy now on sale Read it on your PC, Mac, iOS or Android smartphone, tablet devices.

A Theological and Exegetical Commentary Simon and Schuster **Bullies** made Andrew's whole seventh-grade year a nightmare. Bullies forced Jaevon to change schools and get into fights. Emily's "friends" picked at her until she was a carcass. From all kids of backgrounds, kids and grownups talk openly about their experiences of being bullied. Their honest, moving stories will resonate with the many children who have undergone bullying of all kinds - emotional and physical - and who have tried to deal with it alone or with help. Arresting photos by Steven Vote draw us into the lives of these brave people.

Bullies Simon and Schuster

"From the editor-at-large of **Breitbart.com**, a timely and compelling look at how liberals use bullying toward their opponents on today's top political issues"-- Simon and Schuster

Project President is a hilarious romp through American electoral history. From short, fat, bald John Adams' wig-throwing tantrums during the 1800 election to Abraham Lincoln's decision to grow a beard in 1860; from John F. Kennedy's choice to forgo the fedora at his inauguration to John Kerry's decision to get Botoxed for the 2004 race; from the Golden Age of Facial Hair (1860-1912) to the Age of the Banker (1912-1960); from Washington's false teeth to George W. Bush's workout regimen, **Project President** tells the story of America's love affair with presidential looks and appearance, why that often matters more than a politico's positions on the issues, and what might well be coming next. "I'm constantly citing the power of dress. It's semiology: our clothes send a message about how we want to be perceived, and where is this more powerful and evident than in elected offices. In **Project President**, Ben Shapiro captures presidential semiotics with a potent narrative and deft analysis. It's simultaneously fascinating and hilarious!" -Tim Gunn **Project Runway**, Liz Claiborne, Inc. "Ben Shapiro takes a romp through American history and shows how personality--and even haircuts--have elected or defeated presidential candidates. It's a tour through history that fans of both parties will enjoy-and can learn from." -

Michael Barone Resident scholar, American Enterprise Institute Senior Writer, U.S. News & World Report Co-author, **The Almanac of American Politics** "Presidential politics has always been more superficial than we'd like to admit. With a stylish and likeable touch befitting a strong candidate, Ben Shapiro takes us deep into the shallowness that has shaped American history." -Jonathan Alter **Newsweek** "Shapiro deftly explains how height, hair and handsomeness can affect a candidate's campaign as much as issues. A fun, informative read." -Glenn Beck **Nationally syndicated talk show host** Host of CNN's **The Glenn Beck Show** "A hilarious and illuminating journey through America's centuries-long fascination with presidential image-making. Whether you're left, right, moderate or apathetic, this lively book will get you ready for the packaging of the '08 races." -Jim Hightower "This is a perceptive, witty-sometimes hilarious-look at the realities behind the faces and the facades, the slogans and the character assassinations, of each presidential campaign from George Washington to today - with much for us to ponder for tomorrow." - Sir Martin Gilbert Official biographer of Winston Churchill "An entertaining and illuminating romp through the politics of symbolism and personality in our presidential politics. If you're thinking of running for president, read this book before you spend a dime on a political consultant." -Rich Lowry **National Review** COLMES: Who do you want [for the Supreme Court]? ANN COULTER: Thank you for asking. I want Ben Shapiro. COLMES: Ben Shapiro. ANN COULTER: Yes. He just finished his first year at Harvard Law, 21 years old. COLMES: You mean for a date or for the court? ANN COULTER: No, for the court. He's my candidate. He's very bright. He's already written one best-selling book. (CROSSTALK) COLMES: You want to put a 21-year-old guy on the court? ANN COULTER: Twenty-one, and he's just finished first year of Harvard Law. COLMES: So you want someone who's going to be on the court for 50, 60 years? Is that - is that the whole idea? ANN COULTER: No, I just happen to like Ben Shapiro. **Hannity and Colmes Fox News Channel July 8, 2005** **How the Left's Culture of Fear and Intimidation Silences Americans** Baker Academic The most exhaustively researched and coherently argued Democrat Party apologia to date, **Reasons to Vote for Democrats: A Comprehensive Guide** is a political treatise sure to stand the test of time. A must-have addition to any political observer's

coffee table. *** Lefty lawyers require that we state the book is mostly blank and contains precisely 1,235 words.

America 2030 Blurb

Synopsis coming soon.....

Tracing the Development of the Christian Faith Creators Publishing

An eye-opening look at the history of national security fear-mongering in America and how it distracts citizens from the issues that really matter. What most frightens the average American? Terrorism. North Korea. Iran. But what if none of these are probable or consequential threats to America? What if the world today is safer, freer, wealthier, healthier, and better educated than ever before? What if the real dangers to Americans are noncommunicable diseases, gun violence, drug overdoses--even hospital infections? In this compelling look at what they call the "Threat-Industrial Complex," Michael A. Cohen and Micah Zenko explain why politicians, policy analysts, academics, and journalists are misleading Americans about foreign threats and ignoring more serious national security challenges at home. Cohen and Zenko argue that we should ignore Washington's threat-mongering and focus instead on furthering extraordinary global advances in human development and economic and political cooperation. At home, we should focus on that which actually harms us and undermines our quality of life: substandard schools and healthcare, inadequate infrastructure, gun violence, income inequality, and political paralysis.

Law in a Free State Simon and Schuster

Shapiro captures a generation through first-person reporting, interviews with refugees from the porn industry, conversations with psychologist, educators, and students, and a telling cultural critique.

Culture of Corruption Createspace Independent Publishing Platform

2019 was the year of the "wokescolds" and the "woke inquisitors"—the new representatives of moral panic in America. Fresh faces in Congress, a wave of ever-radical Democratic presidential candidates, and the left's media minions went full throttle in their crusade to fundamentally change our society. Their "activism" was merely complaints without solutions, and manufactured narratives, all of which reared their ugly head in landmark events like the impeachment of President Donald

Trump. Read all about this systemic political pandering, and the prognosis for our culture, in this collection of syndicated columns from bestselling author Ben Shapiro.

Obama and His Team of Tax Cheats, Crooks, and Cronies

Griffyn Ink

NAMED A BOOK OF THE YEAR BY THE ECONOMIST AND ONE OF THE BEST BOOKS OF 2021 BY THE TIMES AND THE SUNDAY TIMES

"Irreversible Damage . . . has caused a storm. Abigail Shrier, a Wall Street Journal writer, does something simple yet devastating: she rigorously lays out the facts." —Janice Turner, *The Times of London* Until just a few years ago, gender dysphoria—severe discomfort in one's biological sex—was vanishingly rare. It was typically found in less than .01 percent of the population, emerged in early childhood, and afflicted males almost exclusively. But today whole groups of female friends in colleges, high schools, and even middle schools across the country are coming out as "transgender." These are girls who had never experienced any discomfort in their biological sex until they heard a coming-out story from a speaker at a school assembly or discovered the internet community of trans "influencers."

Unsuspecting parents are awakening to find their daughters in thrall to hip trans YouTube stars and "gender-affirming" educators and therapists who push life-changing interventions on young girls—including medically unnecessary double mastectomies and puberty blockers that can cause permanent infertility. Abigail Shrier, a writer for the Wall Street Journal, has dug deep into the trans epidemic, talking to the girls, their agonized parents, and the counselors and doctors who enable gender transitions, as well as to "detransitioners"—young women who bitterly regret what they have done to themselves. Coming out as transgender immediately boosts these girls' social status, Shrier finds, but once they take the first steps of transition, it is not easy to walk back. She offers urgently needed advice about how parents can protect their daughters. A generation of girls is at risk. Abigail Shrier's essential book will help you understand what the trans craze is and how you can inoculate your child against it—or how to retrieve her from this dangerous path.

True Allegiance Harper Collins

In this commentary, Paul Hoskins provides an accessible guide for those who want to understand the book of Revelation. He points out Revelation's many connections to the Old Testament, the

theology of John, and biblical theology. He shows how useful these connections can be for interpreting Revelation and appreciating its richness. In addition, Hoskins brings out the relevance of the book of Revelation for Christians in John's day as well as in our own. Technical details and interaction with scholarly discussions are handled in footnotes in order to minimize confusion for the average reader. A well-researched and carefully presented work of Evangelical scholarship, this commentary provides a good starting place for Christians who are looking for insight into the book of Revelation.

A Moral Universe Torn Apart Broadside Books

Brainwashed is the explosive exposé of the leftist agenda at work in today's colleges, revealed by firebrand Ben Shapiro, a recent UCLA graduate, syndicated columnist, and one of today's most exciting new conservative voices, who's been on the front lines of the battle for America's young minds. This book proves once and for all that so-called higher education continues to sink lower and lower into the depths of liberal madness as close-minded professors turn their students into socialists, atheists, race-baiters, and sex-crazed narcissists. "Ben Shapiro's writing is smart, informative, and incisive. He is wise beyond his years without losing the refreshing fearlessness of youth." —Ann Coulter, best-selling author of *High Crimes and Misdemeanors*, *Slander*, and *Treason* "In *Brainwashed*, Shapiro tells the truth that universities are forums of left-liberal indoctrination, where dissent is discouraged and penalized, with more restrictions on free speech rather than any other part of American society. Parents who are paying for tuition might want to take note, and see what their hard-earned money is paying for." —Michael Barone, U.S. News & World report and co-author of *The Almanac of American Politics* "Welcome to P.C. 101. In this trenchant insider's expose, Ben Shapiro bears witness to the modern American campus freak show. You'll get up close and personal with the Marxist loons, moral relativists, multicultural zealots, and American-haters who are corrupting young minds. *Brainwashed* reveals the ignominious lows to which higher education has sunk. Get deprogrammed. Buy this book!" —Michelle Malkin, nationally syndicated columnist and author of *Invasion* "Sharp thinking, tight writing, crazy-but-true stories: Ben Shapiro sees campus brainwashing and raises a national protest. This is a good book to give both freshmen who need warning and voters/alumni who need to take action." —Dr.

Marvin Olasky, University of Texas professor and editor-in-chief of World magazine "A worthy successor to God and Man at Yale and Harvard Hates America in exploring the bely of the academic beast." ?David Horowitz, founder of Students for Academic Freedom and author of Radical Son and Left Illusions "What Animal House did for the toga party, Brainwashed should do for American resistance to campus radicalism." ?Rusty Humphries, nationally syndicated radio talk show host

Barack Obama's War on the Republic Albert Whitman & Company

A growing number of Americans want to tear down what it's taken us 250 years to build—and they'll start by canceling our shared history, ideals, and culture. Traditional areas of civic agreement are vanishing. We can't agree on what makes America special. We can't even agree that America is special. We're coming to the point that we can't even agree what the word America itself means. "Disintegrationists" say we're stronger together, but their assault on America's history, philosophy, and culture will only tear us apart. Who are the disintegrationists? From Howard Zinn's A People's History of the United States to the New York Times' 1619 project, many modern analyses view American history through the lens of competing oppressions, a racist and corrupt

experiment from the very beginning. They see American philosophy as a lie – beautiful words pasted over a thoroughly rotted system. They see America's culture of rights as a façade that merely reinforces traditional hierarchies of power, instead of being the only culture that guarantees freedom for individuals. Disintegrationist attacks on the values that built our nation are insidious because they replace each foundational belief, from the rights to free speech and self-defense to the importance of marriage and faith communities, with nothing more than an increased reliance on the government. This twisted disintegrationist vision replaces the traditional "unionist" understanding that all Americans are united in a shared striving toward the perfection of universal ideals. How to Destroy America in Three Easy Steps shows that to be a cohesive nation we have to uphold foundational truths about ourselves, our history, and reality itself—to be unionists instead of disintegrationists. Shapiro offers a vital warning that if we don't recover these shared truths, our future—our union—as a great country is threatened with destruction.

Facts (Still) Don't Care About Your Feelings BulliesHow the Left's Culture of Fear and Intimidation Silences Americans
Now in paperback, New York Times bestselling author Ben Shapiro presents a comprehensive case against Barack Obama's abuses

of power during his time in office. From the DOJ to the NSA, from the EPA to the Department of Health and Human Services, Barack Obama's administration has become a labyrinth of corruption and overreach touching every aspect of Americans' lives. The People vs. Barack Obama strips away the soft media picture of the Obama administration to reveal a regime motivated by pure, unbridled power and details how each scandal has led to dozens of instances of as-yet-unprosecuted counts of espionage, involuntary manslaughter, violation of internal revenue laws, bribery, and obstruction of justice. The story of the Obama administration is a story of abuse, corruption, and venality on the broadest scale ever to spring from the office of the presidency. President Obama may be the culmination of a century of government growth—but more important, he is the apotheosis of the imperial presidency. Obama chooses when to enforce immigration laws, delays his own Obamacare proposals when it is politically convenient to do so, micromanages the economy, attacks the Supreme Court, Congress, and the sovereign states. And he proclaims that he alone is the voice of the people while encroaching on their rights. In The People vs. Barack Obama, Ben Shapiro brings Obama into the people's court and addresses each of his abuses of power.
