When Scotland Was Jewish Rowman & Littlefield

"Give me liberty," demanded Patrick Henry, "or give me death!" Henry's words continue to echo in American history and that quote, and the speech it comes from, remains one of the two or three known to almost every American.

The other speeches that have become part of our American collective consciousness all have one theme in common: liberty. These feats of oration seem to trace the evolution of America's definition of liberty, and to whom it applies. But what exactly is liberty? Give Me Liberty looks at these great speeches and provides the historical context, focusing attention on particular individuals who summed up the issues of their own day in words that have never been forgotten. Webber gleans lessons from the past centuries that will allow us to continue to strive for the ideals of liberty in the twenty-first century.

Hopeful Healing Bloomsbury Publishing USA

Not long before her fiftieth birthday, Mackenzie Phillips walked into

Los Angeles International Airport. She was on her way to a reunion for *One Day at a Time*, the hugely popular 70s sitcom on which she once starred as the lovable rebel Julie Cooper. Within minutes of entering the security checkpoint, Mackenzie was in handcuffs, arrested for possession of cocaine and heroin. Born into rock and roll royalty, flying in Learjets to the Virgin Islands at five, making pot brownies with her father's friends at eleven, Mackenzie grew up in an all-access kingdom of hippie freedom and heroin cool. It was a kingdom over which her father, the legendary John Phillips of *The Mamas & the Papas*, presided, often in absentia, as a spellbinding, visionary phantom. When Mackenzie was a teenager, Hollywood and the world took notice of the

charming, talented, precocious child actor after her star-making turn in *American Graffiti*. As a young woman she joined the nonstop party in the hedonistic pleasure dome her father created for himself and his fellow revelers, and a rapt TV audience watched as Julie Cooper wasted away before their eyes. By the time Mackenzie discovered how deep and dark her father's trip was going, it was too late. And as an adult, she has paid dearly for a lifetime of excess, working tirelessly to reconcile a wonderful, terrible past in which she succumbed to the power of addiction and the pull of her magnetic father. As her astounding, outrageous, and often tender life story unfolds, the actor-musician-mother shares her lifelong battle with personal demons and near-

fatal addictions. She overcomes seemingly impossible obstacles again and again and journeys toward redemption and peace. By exposing the shadows and secrets of the past to the light of day, the star who turned up High on Arrival has finally come back down to earth -- to stay.

Few songs have captured the contradictions and ambiguities of the 1960s as memorably as "California Dreamin'," the iconic folk music single

that catapulted the Mamas & the Papas into rock and roll history. In *All the Leaves Are Brown*, author Scott Shea details how John Phillips, Denny Doherty, Michelle Phillips, and "Mama Cass" Elliot became standard-bearers for California counterculture, following their transformation from folk music wannabes to rock sensations and chronicling the tumultuous events that followed their unexpected success. Shea gives a definitive account of the group's short time together, from their hitmaking approach with legendary producer Lou Adler to John's unique songwriting to tours and friendships with other musicians riding the folk-rock wave. He explores the emotional vicissitudes that came with being in the Mamas & the Papas, from Cass's unrequited love for

Denny, his affair with Michelle, and the ebb and flow of dysfunction in John and Michelle's marriage. And he explains how it all came to a crashing end with John's brainchild, the Monterey Pop Festival, which should have launched the group even further into the musical stratosphere, but only served to be their undoing. Drawing on new interviews with former bandmates, session musicians, family members, and many others, *All the Leaves Are Brown* is a layered, revelatory tale of overnight stardom and its many pitfalls.

Give Me Liberty Simon and Schuster
The Threads of The Scarlet Letter offers new discoveries regarding the origins of Hawthorne's masterpiece, as well as critical interpretations based on these discoveries. Relying on a blend of close

reading, biographical analysis, and archival research, this book demonstrates anew the power of traditional scholarship. The Threads of The Scarlet Letter illuminates Hawthorne's transformation of Poe's celebrated tale The Tell-Tale Heart and Lowell's long-neglected poem A Legend of Brittany and, identifying the hitherto-unknown author of the seminal narrative The Salem Belle, investigates Hawthorne's brilliant borrowing from that novel as well. The present volume argues that Hawthorne repeatedly attenuated his sources, but also allowed sufficient detail to permit their recognition. Furthermore, this volume elaborates Hawthorne's reworking of formal traditions in The Scarlet Letter--traditions that importantly clarify the

meaning of the whole. *The Scarlet Letter* is shown to be a complex rendering of man's fall and redemption, and a triumphant assertion of literary vocation. *The Threads of The Scarlet Letter* includes a useful bibliographical overview of the history of the study of the origins of Hawthorne's greatest work.

The Power of Nonviolence University of Pennsylvania Press

Occurring in a time of primitive medicine and inconsistent record-keeping, Poe's death has become one of the enduring mysteries of American literature. David F. Gaylin's book marks the first attempt to offer a comprehensive and balanced study of this historical event. After chronicling the circumstances that may have contributed to the poet's death, the

book examines key details about the story. It traces Poe's movements and personal encounters before also exploring how Poe was handled and treated by others who attempted to come to his aid. Proceeding with the liveliness of a detective story, the discussion sheds new light on these events, and it offers new information about the burial of Poe's body and the subsequent relocations of his tomb. With the addition of supplementary reference materials including a register of formally proposed causes of death, a timeline of relevant events, and a map of Poe's final movements in Baltimore, this book is an essential resource for both scholars and general readers seeking answers to the mystery of Poe's death.

All the Leaves Are Brown Yale

University Press

A distinct European perspective on Asia emerged in the late Middle Ages. Early reports of a homogeneous "India" of marvels and monsters gave way to accounts written by medieval travelers that indulged readers' curiosity about far-flung landscapes and cultures without exhibiting the attitudes evident in the later writings of aspiring imperialists. Mining the accounts of more than twenty Europeans who made—or claimed to have made—journeys to Mongolia, China, India, Sri Lanka, and Southeast Asia between the mid-thirteenth and early sixteenth centuries, Kim Phillips reconstructs a medieval European vision of Asia that was by turns critical, neutral, and admiring. In offering a cultural history of the

encounter between medieval Latin Christians and the distant East, *Before Orientalism* reveals how Europeans' prevailing preoccupations with food and eating habits, gender roles, sexualities, civility, and the foreign body helped shape their perceptions of Asian peoples and societies. Phillips gives particular attention to the texts' known or likely audiences, the cultural settings within which they found a foothold, and the broader impact of their descriptions, while also considering the motivations of their writers. She reveals in rich detail responses from European travelers that ranged from pragmatism to wonder. Fear of military might, admiration for high standards of civic life and court culture, and even delight in foreign magnificence rarely assumed the kind of

secular Eurocentric superiority that would later characterize Orientalism. Placing medieval writing on the East in the context of an emergent "Europe" whose explorers sought to learn more than to rule, Before Orientalism complicates our understanding of medieval attitudes toward the foreign.

Siege of Acre, 1189-1191 e-artnow sro

The very strange but nevertheless true story of the dark underbelly of a 1960s hippie utopia. Laurel Canyon in the 1960s and early 1970s was a magical place where a dizzying array of musical artists congregated to create much of the music that provided the soundtrack to those turbulent times. Members of bands like the Byrds, the Doors, Buffalo Springfield, the Monkees, the Beach

Boys, the Turtles, the Eagles, the Flying Burrito Brothers, Frank Zappa and the Mothers of Invention, Steppenwolf, CSN, Three Dog Night and Love, along with such singer/songwriters as Joni Mitchell, Judy Collins, James Taylor and Carole King, lived together and jammed together in the bucolic community nestled in the Hollywood Hills. But there was a dark side to that scene as well. Many didn't make it out alive, and many of those deaths remain shrouded in mystery to this day. Far more integrated into the scene than most would like to admit was a guy by the name of Charles Manson, along with his murderous entourage. Also floating about the periphery were various political operatives, up-and-coming politicians and intelligence personnel – the same

sort of people who gave birth to many of the rock stars populating the canyon. And all the canyon's colorful characters – rock stars, hippies, murderers and politicians – happily coexisted alongside a covert military installation.

Papa John Cambridge University Press
The Power of Nonviolence, written by Richard Bartlett Gregg in 1934 and revised in 1944 and 1959, is the most important and influential theory of principled or integral nonviolence published in the twentieth century. Drawing on Gandhi's ideas and practice, Gregg explains in detail how the organized power of nonviolence (power-with) exercised against violent opponents can bring about small and large transformative social change and provide an effective substitute for war.

This edition includes a major introduction by political theorist, James Tully, situating the text in its contexts from 1934 to 1959, and showing its great relevance today. The text is the definitive 1959 edition with a foreword by Martin Luther King, Jr. It includes forewords from earlier editions, the chapter on class struggle and nonviolent resistance from 1934, a crucial excerpt from a 1929 preliminary study, a biography and bibliography of Gregg, and a bibliography of recent work on nonviolence.

Edgar Allan Poe, the Man University of Delaware Press

The popular image of Scotland is dominated by widely recognized elements of Celtic culture. But a significant non-Celtic influence on

Scotland's history has been largely ignored for centuries? This book argues that much of Scotland's history and culture from 1100 forward is Jewish. The authors provide evidence that many of the national heroes, villains, rulers, nobles, traders, merchants, bishops, guild members, burgesses, and ministers of Scotland were of Jewish descent, their ancestors originating in France and Spain. Much of the traditional historical account of Scotland, it is proposed, rests on fundamental interpretive errors, perpetuated in order to affirm Scotland's identity as a Celtic, Christian society. A more accurate and profound understanding of Scottish history has thus been buried. The authors' wide-ranging research includes examination of census records, archaeological

artifacts, castle carvings, cemetery inscriptions, religious seals, coinage, burgess and guild member rolls, noble genealogies, family crests, portraiture, and geographic place names.

Obituaries in the Performing Arts, 2019
Infobase Publishing

Edgar Allan Poe wrote his great works while living in several cities on the East Coast of the United States, but Baltimore's claim to him is special. His ancestors settled in the burgeoning town on the Chesapeake during the 18th century, and it was in Baltimore that he found refuge when his foster family in Virginia shut him out. Most importantly, it was here that he was first paid for his literary work. If Baltimore discovered Poe, it also has the inglorious honor of being the place that destroyed him. On

October 7, 1849, he died in this city, then known as "Mob Town." Edgar Allan Poe's Baltimore is the first book to explore the poet's life in this port city and in the quaint little house on Amity Street, where he once wrote.

The first comprehensive history of the most decisive military campaign of the

Third Crusade and one of the longest wartime sieges of the Middle Ages The two-year-long siege of Acre (1189-1191) was the most significant military engagement of the Third Crusade, attracting armies from across Europe, Syria, Mesopotamia, Egypt, and the Maghreb. Drawing on a balanced selection of Christian and Muslim sources, historian John D. Hosler has written the first book-length account of this hard-won victory for the Crusaders, when England's Richard the Lionheart and King Philip Augustus of France joined forces to defeat the Egyptian Sultan Saladin. Hosler's lively and engrossing narrative integrates military, political, and religious themes and developments, offers new perspectives on the generals, and provides a full analysis of the

tactical, strategic, organizational, and technological aspects on both sides of the conflict. It is the epic story of a monumental confrontation that was the centerpiece of a Holy War in which many thousands fought and died in the name of Christ or Allah.

The entertainment world lost many notable talents in 2019, including television icon Doris Day, iconic novelist Toni Morrison, groundbreaking director John Singleton, Broadway starlet Carol Channing and lovable Star Wars actor Peter Mayhew. Obituaries of actors, filmmakers, musicians, producers, dancers, composers, writers, animals and others associated with the performing arts who died in 2019 are included in this edition. Date, place and

cause of death are provided for each, along with a career recap and a photograph. Filmographies are given for film and television performers.

The Final Days of Edgar Allan Poe BoD – Books on Demand

Actress and author of the courageous New York Times bestselling memoir *High on Arrival*, Mackenzie

Phillips—Hollywood’s go-to person on substance abuse and a visible and outspoken advocate for addiction awareness and education—brings her knowledge and voice on the subject of recovery for the first time, and shares her experiences for those who are trying to overcome addiction. As the daughter of lead singers of the 1960s band The Mamas and The Papas, Mackenzie Phillips grew up in a dysfunctional

environment and subsequently battled a near-fatal drug addiction. Now, delivered with warmth and candor, she presents the wisdom she gained from her own personal journey through addictions and her understanding of practical treatment from her work as a rehabilitation counselor. Using her own life experiences as examples of proven recovery methods, she shares the tools and holistic approaches that are available to help you on your journey to recovery. Treatment is not “one-size-fits-all” and Mackenzie encourages addicts and their support networks to research the methods that most effectively address their individual physical, mental, and spiritual wellbeing. Used by both recovering addicts and their families, Mackenzie’s book is a message of hope

and reminds us that sobriety is a lifelong journey of the spirit that allows us to lift ourselves up even when we stumble and fall.

Hakluytus Posthumus or, Purchas his Pilgrimes Arcadia Publishing

A much neglected field of study has been opened by the research of the author into the history of the Christian church from its apostolic origins to the close of the eighteenth century. Taking as his thesis the prominence given to the Church in the Wilderness in Bible prophecy, and the fact that “‘the Church in the Wilderness,’ and not the proud hierarchy enthroned in the world’s great capital, was the true church of Christ,” he has spent years developing this subject. In its present form, Truth Triumphant represents much arduous

research in the libraries of Europe as well as in America. Excellent ancient sources are most difficult to obtain, but the author has been successful in gaining access to many of them. To crystallize the subject matter and make the historical facts live in modern times, the author also made extensive travels throughout Europe and Asia. The doctrines of the primitive Christian church spread to Ireland, Scotland, and Wales. As grains of a mustard seed they lodged in the hearts of many Godly souls in southern France and northern Italy — people known as the Albigenses and the Waldenses. The faith of Jesus was valiantly upheld by the Church of the East. This term, as used by the author, not only includes the Syrian and Assyrian Churches, but is also the term applied to

the development of apostolic Christianity throughout the lands of the East. The spirit of Christ, burning in the hearts of loyal men who would not compromise with paganism, sent them forth as missionaries to lands afar. Patrick, Columbanus, Marcos, and a host of others were missionaries to distant lands. They braved the ignorance of the barbarian, the intolerance of the apostate church leaders, and the persecution of the state in order that they might win souls to God. To unfold the dangers that were ever present in the conflict of the true church against error, to reveal the sinister working of evil and the divine strength by which men of God made truth triumphant, to challenge the Remnant Church today in its final controversy against the powers

of evil, and to show the holy, unchanging message of the Bible as it has been preserved for those who will “fear God, and keep His commandments” — these are the sincere aims of the author as he presents this book to those who know the truth. MERLIN L. NEFF.

The Universal Preceptor Doubleday

The American literary canon has undergone revision and expansion in recent years, and our notions of the 19th-century renaissance have been reevaluated. Mainstream anthologies have been revised to reflect the expanding literary canon, yet resources for readers have remained widely scattered. This book expands earlier definitions of the 19th-century American Renaissance as represented by canonical writers such as Emerson and

Poe, covering writers who published popular fiction and dominated the literary marketplace of the day. Included is generous coverage of women writers and writers of color. The volume provides alphabetically arranged entries for more than 70 writers of the period, including Louisa May Alcott, Emily Dickinson, Frederick Douglass, Margaret Fuller, Nathaniel Hawthorne, Herman Melville, Harriet Beecher Stowe, Henry David Thoreau, Walt Whitman, and many more. Each entry was written by an expert contributor and includes a brief biography, a discussion of major works and themes, a survey of the writer's critical reception, and primary and secondary bibliographies.
