The Psychology of Money Tinder Press
During the interwar period, J.P. Morgan was the most important bank in the world and at the crossroads of US politics, international relations and finance. In J.P. Morgan & Co. and the Crisis of Capitalism,

Martin Horn brings us the first in-depth history of how J.P. Morgan responded to the greatest crisis in the history of financial capitalism, shedding new light on the Great Depression, the New Deal, and the coming of World War II. Horn shows how J.P. Morgan & Co as a business responded to the 1929 Crash and the Depression, including its part in the New York Stock Exchange Crash, arguing that the Morgan partners misread the

seriousness of the crash. He also offers new insights into the interactions of politics and finance, exploring J.P. Morgan's relationship with the Hoover administration and the bank's clash with Roosevelt over New Deal legislation.

The House of Morgan Vintage

A riveting narrative of Wall Street buccaneering, political intrigue, and two of American history's most colossal characters, struggling for mastery in an

era of social upheaval and rampant inequality. It seemed like no force in the world could slow J. P. Morgan's drive to power. In the summer of 1901, the financier was assembling his next mega-deal: Northern Securities, an enterprise that would affirm his dominance in America's most important industry—the railroads. Then, a bullet from an anarchist's gun put an end to the business-friendly presidency of William McKinley. A new chief executive bounded into office: Theodore Roosevelt. He was convinced that as big business got bigger, the government had to check the influence of the wealthiest or the country would inch ever closer to collapse. By March 1902, battle lines were drawn: the government sued Northern Securities for antitrust violations. But as the case ramped up, the coal miners' union went on strike and the anthracite pits that fueled Morgan's trains and heated the homes of Roosevelt's citizens went silent. With millions of dollars on the line, winter bearing down, and revolution in the air, it was a crisis that neither man alone could solve. Richly detailed and propulsively told, *The Hour of Fate* is the gripping story

of a banker and a president thrown together in the crucible of national emergency even as they fought in court. The outcome of the strike and the case would change the course of our history. Today, as the country again asks whether saving democracy means taming capital, the lessons of Roosevelt and Morgan's time are more urgent than ever. Winner of the 2021 Theodore Roosevelt Association Book Prize Finalist for the Presidential Leadership Book Award *Take Me Home Tonight* Simon and Schuster The Instant New York Times Bestseller! A Good Morning America* Book Club Pick! Named a Best Book of the Year by NPR! Named a Notable Book of the Year by the Washington Post! "Historical fiction at its best!"* A remarkable novel about J. P. Morgan's personal librarian, Belle da Costa Greene, the Black American woman who was forced to hide her true identity and pass as white in order to leave a lasting legacy that enriched our nation, from New York Times bestselling authors Marie Benedict and Victoria Christopher Murray. In her twenties, Belle da Costa Greene is hired by J. P. Morgan to curate a collection

of rare manuscripts, books, and artwork for his newly built Pierpont Morgan Library. Belle becomes a fixture in New York City society and one of the most powerful people in the art and book world, known for her impeccable taste and shrewd negotiating for critical works as she helps create a world-class collection. But Belle has a secret, one she must protect at all costs. She was born not Belle da Costa Greene but Belle Marion Greener. She is the daughter of Richard Greener, the first Black graduate of Harvard and a well-known advocate for equality. Belle's complexion isn't dark because of her alleged Portuguese heritage that lets her pass as white—her complexion is dark because she is African American. *The Personal Librarian* tells the story of an extraordinary woman, famous for her intellect, style, and wit, and shares the lengths she must go to—for the protection of her family and her legacy—to preserve her carefully crafted white identity in the racist world in which she lives.

The Personal Librarian Love in a Book Just after noon on September 16, 1920, as hundreds of workers poured onto Wall Street for their lunchtime break, a horse-

drawn cart packed with dynamite exploded in a spray of metal and fire, turning the busiest corner of the financial center into a war zone. Thirty-nine people died and hundreds more lay wounded, making the Wall Street explosion the worst terrorist attack in U.S. history until the Oklahoma City bombing. In *The Day Wall Street Exploded*, Beverly Gage tells the story of that once infamous but now largely forgotten event. Based on thousands of pages of Bureau of Investigation reports, this historical detective saga traces the four-year hunt for the perpetrators, a worldwide effort that spread as far as Italy and the new Soviet nation. It also gives readers the decades-long but little-known history of homegrown terrorism that helped to shape American society a century ago. The book delves into the lives of victims, suspects, and investigators: world banking power J.P. Morgan, Jr.; labor radical "Big Bill" Haywood; anarchist firebrands Emma Goldman and Luigi Galleani; "America's Sherlock Holmes," William J. Burns; even a young J. Edgar Hoover. It grapples as well with some of the most controversial events of its day, including the rise of the

Bureau of Investigation, the federal campaign against immigrant "terrorists," the grassroots effort to define and protect civil liberties, and the establishment of anti-communism as the sine qua non of American politics. Many Americans saw the destruction of the World Trade Center as the first major terrorist attack on American soil, an act of evil without precedent. *The Day Wall Street Exploded* reminds us that terror, too, has a history. Praise for the hardcover: "Outstanding." --New York Times Book Review "Ms. Gage is a storyteller...she leaves it to her readers to draw their own connections as they digest her engaging narrative." --The New York Times "Brisk, suspenseful and richly documented" --The Chicago Tribune "An uncommonly intelligent, witty and vibrant account. She has performed a real service in presenting such a complicated case in such a fair and balanced way." --San Francisco Chronicle

Andrew Carnegie Baker Books

"Makes a reader feel like a time traveler plopped down among men who were by turns vicious and visionary."—The Christian Science Monitor The modern American economy was the creation of

four men: Andrew Carnegie, John D. Rockefeller, Jay Gould, and J. P. Morgan. They were the giants of the Gilded Age, a moment of riotous growth that established America as the richest, most inventive, and most productive country on the planet. Acclaimed author Charles R. Morris vividly brings the men and their times to life. The ruthlessly competitive Carnegie, the imperial Rockefeller, and the provocateur Gould were obsessed with progress, experiment, and speed. They were balanced by Morgan, the gentleman businessman, who fought, instead, for a global trust in American business. Through their antagonism and their verve, they built an industrial behemoth—and a country of middle-class consumers. *The Tycoons* tells the incredible story of how these four determined men wrenched the economy into the modern age, inventing a nation of full economic participation that could not have been imagined only a few decades earlier.

The House of Dimon Oxford University Press

The five 'Titans of Industry' discussed in this series are, without a doubt, the most influential and impactful men in American

history. Without any one of them, the entire landscape of the US would be different. They are the founders of the American economy. We live in a world today that is based on the actions of John D. Rockefeller. Everything we do and how we live are the result of oil and its power. J.P. Morgan is more than just the name on one of the largest banks in America; He built the financial world we live in today. Henry Ford not only revolutionized the automobile industry, but the assembly line he created has changed the way the entire world thinks about manufacturing. Grab a copy, pull up a chair, pour your favorite reading beverage, and dive into the lives of the men who built America.

The House of Birds Cambridge University Press

NATIONAL BESTSELLER WINNER OF THE NATIONAL BOOK AWARD In this groundbreaking biography, T.J. Stiles tells the dramatic story of Cornelius "Commodore" Vanderbilt, the combative man and American icon who, through his genius and force of will, did more than perhaps any other individual to create modern capitalism. Meticulously researched and elegantly written, The First

Tycoon describes an improbable life, from Vanderbilt's humble birth during the presidency of George Washington to his death as one of the richest men in American history. In between we see how the Commodore helped to launch the transportation revolution, propel the Gold Rush, reshape Manhattan, and invent the modern corporation. Epic in its scope and success, the life of Vanderbilt is also the story of the rise of America itself.

One Cocky Billionaire. One former Marine jilted at the altar. And one bet that forces them back together and threatens to tear them apart. With a history of women sticking around only long enough to win over his money, not earn his love, Peter has learned to keep women at arm's length. But as much as he plays it smart with romance, he's still a sucker for a challenge. So when his brother bets that he can't date the same woman for thirty days, it's game on. Wooing a woman for one month and then walking away unscathed sounds almost too easy. Until his brother announces who the woman will be. Former Marine Belle Jordan has lived

through the scandal of being jilted at the altar. Ever since, she protects her heart, knowing she can never go through that kind of heartbreak again. Now the brother of the woman who tore her life apart is pursuing her with an intensity that is hard to resist. Her brain warns her to stay away, but her heart wants to trust his seductive words. Before long, Peter finds that Belle is turning his cynical world on its head and awakening his long-dormant heart. When the truth comes out about the secret bet, Peter fears he may lose the one woman who can look past the dollar signs to see the man behind the throne. But will the realization be too little too later? The Death of the Banker Harvard University Press

Lady Selene is the heir to the Great House of Ravenwood and the secret family gift of dreamwalking. As a dreamwalker, she can enter a person's dreams and manipulate

their greatest fears or desires. For the last hundred years, the Ravenwood women have used their gift of dreaming for hire to gather information or to assassinate. As she discovers her family's dark secret, Selene is torn between upholding her family's legacy--a legacy that supports her people--or seeking the true reason behind her family's gift. Her dilemma comes to a head when she is tasked with assassinating the one man who can bring peace to the nations, but who will also bring about the downfall of her own house. One path holds glory and power, and will solidify her position as Lady of Ravenwood. The other path holds shame and execution. Which will she choose? And is she willing to pay the price for the path chosen?

Grant Vintage

A New York Times bestseller! "Beautifully crafted and fun to read." —Louis Galambos, *The Wall Street Journal*
 "Nasaw's research is extraordinary." —San Francisco Chronicle
 "Make no mistake: David Nasaw has produced the most thorough, accurate and authoritative biography of Carnegie to date."

—Salon.com The definitive account of the

life of Andrew Carnegie Celebrated historian David Nasaw, whom *The New York Times Book Review* has called "a meticulous researcher and a cool analyst," brings new life to the story of one of America's most famous and successful businessmen and philanthropists—in what will prove to be the biography of the season. Born of modest origins in Scotland in 1835, Andrew Carnegie is best known as the founder of Carnegie Steel. His rags to riches story has never been told as dramatically and vividly as in Nasaw's new biography. Carnegie, the son of an impoverished linen weaver, moved to Pittsburgh at the age of thirteen. The embodiment of the American dream, he pulled himself up from bobbin boy in a cotton factory to become the richest man in the world. He spent the rest of his life giving away the fortune he had accumulated and crusading for international peace. For all that he accomplished and came to represent to the American public—a wildly successful businessman and capitalist, a self-educated writer, peace activist, philanthropist, man of letters, lover of culture, and unabashed enthusiast for

American democracy and capitalism—Carnegie has remained, to this day, an enigma. Nasaw explains how Carnegie made his early fortune and what prompted him to give it all away, how he was drawn into the campaign first against American involvement in the Spanish-American War and then for international peace, and how he used his friendships with presidents and prime ministers to try to pull the world back from the brink of disaster. With a trove of new material—unpublished chapters of Carnegie's Autobiography; personal letters between Carnegie and his future wife, Louise, and other family members; his prenuptial agreement; diaries of family and close friends; his applications for citizenship; his extensive correspondence with Henry Clay Frick; and dozens of private letters to and from presidents Grant, Cleveland, McKinley, Roosevelt, and British prime ministers Gladstone and Balfour, as well as friends Herbert Spencer, Matthew Arnold, and Mark Twain—Nasaw brilliantly plumbs the core of this fascinating and complex man, deftly placing his life in cultural and political context as only a master

storyteller can.

The Unexpected Everything Bloomsbury Publishing

Buy now to get the key takeaways from Ron Chernow's *The House of Morgan*. Sample Key Takeaways: 1) In 1835, the world and specifically America were experiencing a dire financial crisis due to rising debt and interest payments. 2) Around this time, the United States underwent the construction of railways, canals and turnpikes, funded mostly by bonds issued in London, which was the nucleus of the financial world at that point in history.

Titan Macmillan

J.P. Morgan is more than just the name on one of the largest banks in America. He altered the course of American finance and was the chief financier for the strategic interests of the titans of the day, like Rockefeller. He financed new and ingenious technologies developed by Thomas Edison and was a visionary who saw the potential in Nikola Tesla.

100 Unexpected Statements about the House of Morgan Love in a Book
The #1 New York Times bestseller and New York Times Book Review 10 Best

Books of 2017 “Eminently readable but thick with import . . . Grant hits like a Mack truck of knowledge.” —Ta-Nehisi Coates, The Atlantic Pulitzer Prize winner Ron Chernow returns with a sweeping and dramatic portrait of one of our most compelling generals and presidents, Ulysses S. Grant. Ulysses S. Grant's life has typically been misunderstood. All too often he is caricatured as a chronic loser and an inept businessman, or as the triumphant but brutal Union general of the Civil War. But these stereotypes don't come close to capturing him, as Chernow shows in his masterful biography, the first to provide a complete understanding of the general and president whose fortunes rose and fell with dizzying speed and frequency. Before the Civil War, Grant was flailing. His business ventures had ended dismally, and despite distinguished service in the Mexican War he ended up resigning from the army in disgrace amid recurring accusations of drunkenness. But in war, Grant began to realize his remarkable potential, soaring through the ranks of the Union army, prevailing at the battle of Shiloh and in the Vicksburg campaign, and ultimately defeating the legendary

Confederate general Robert E. Lee. Along the way, Grant endeared himself to President Lincoln and became his most trusted general and the strategic genius of the war effort. Grant's military fame translated into a two-term presidency, but one plagued by corruption scandals involving his closest staff members. More important, he sought freedom and justice for black Americans, working to crush the Ku Klux Klan and earning the admiration of Frederick Douglass, who called him "the vigilant, firm, impartial, and wise protector of my race." After his presidency, he was again brought low by a dashing young swindler on Wall Street, only to resuscitate his image by working with Mark Twain to publish his memoirs, which are recognized as a masterpiece of the genre. With lucidity, breadth, and meticulousness, Chernow finds the threads that bind these disparate stories together, shedding new light on the man whom Walt Whitman described as "nothing heroic... and yet the greatest hero." Chernow's probing portrait of Grant's lifelong struggle with alcoholism transforms our understanding of the man at the deepest level. This is America's greatest biographer, bringing movingly to

life one of our finest but most underappreciated presidents. The definitive biography, Grant is a grand synthesis of painstaking research and literary brilliance that makes sense of all sides of Grant's life, explaining how this simple Midwesterner could at once be so ordinary and so extraordinary. Secret Bet John Wiley & Sons Ferris Bueller's Day Off meets Nick and Norah's Infinite Playlist in this romp through the city that never sleeps from the New York Times bestselling author of *Since You've Been Gone*. Two girls. One night. Zero phones. Kat and Stevie—best friends, theater kids, polar opposites—have snuck away from the suburbs to spend a night in New York City. They have it all planned out. They'll see a play, eat at the city's hottest restaurant, and have the best. Night. Ever. What could go wrong? Well. Kind of a lot? They're barely off the train before they're dealing with destroyed phones, family drama, and unexpected Pomeranians. Over the next few hours, they'll have to grapple with old flames, terrible theater, and unhelpful cab drivers. But there are also cute boys to kiss, parties to crash, dry cleaning to deliver (don't ask), and the world's best museum to explore. Over the course of a

wild night, both Kat and Stevie will get a wake-up call about their friendship, their choices...and finally discover what they really want for their future. That is, assuming they can make it to Grand Central before the clock strikes midnight.

The House of Morgan Lennex NATIONAL BESTSELLER The definitive full-scale portrait of J. Pierpont Morgan's tumultuous life, both in and out of the public eye History has remembered him as a complex and contradictory figure, part robber baron and part patron saint. J. Pierpont Morgan earned his reputation as "the Napoleon of Wall Street" by reorganizing the nation's railroads and creating industrial giants such as General Electric and U.S. Steel. At a time when the country had no Federal Reserve system, he appointed himself a one-man central bank. He had two wives, three yachts, four children, six houses, mistresses, and one of the finest art collections in America. In this extraordinary book, drawing extensively on new material, award-winning biographer Jean Strouse vividly portrays the financial colossus, the avid patron of the arts, and the entirely human character behind all the myths. Praise for

Morgan "Magnificent . . . the fullest and most revealing look at this remarkable, complex man that we are likely to get."—The Wall Street Journal "A masterpiece . . . No one else has told the tale of Pierpont Morgan in the detail, depth, and understanding of Jean Strouse."—Robert Heilbroner, Los Angeles Times Book Review "It is hard to imagine a biographer coming any closer to perfection."—St. Louis Post-Dispatch "Strouse is in full command of Pierpont Morgan's personal life, his financial operations, his collecting, and his benefactions, and presents a rich, vivid picture of the background against which they took place. . . . A magnificent biography."—The New York Review of Books "With uncommon intelligence, maturity, and psychological insight, Morgan: American Financier is that rare masterpiece biography that enables us to penetrate the soul of a complex human being."—The Philadelphia Inquirer
The Hour of Fate Cac Publishing LLC There are worse men than John D Rockefeller,' Arena magazine observed at the turn of the century. 'There is probably not one, however, who in the public mind

so typifies the grave and startling menace to social order.' The son of a flamboyant bigamist and pedlar of patent medicine, Rockefeller was by then America's richest man, the mastermind and creator of the country's first and most powerful monopoly: the Standard Oil Company. Reaching into every household across America, Standard Oil controlled 90% of all oil refined in the US, as well as its production, transportation, marketing and distribution. The story of Rockefeller is the story of a pivotal moment in modern history: the shift, after the American Civil War, from small-scale business to economy of scale, and the development of the first modern corporation. In Ron Chernow's magisterial work we see this transition in all of its nuances - accompanied by the rise in labour militancy, the tabloid press and large-scale philanthropy. TITAN is a business epic that, by illuminating the past, teaches us much about where we are today. *Secret Match* Bloomsbury Publishing USA A behind-the-scenes look at Wall Street's top banker Following the eleventh-hour rescue of Bear Stearns by JP Morgan, Jamie Dimon's profile reached stratospheric

levels. And while the deals and decisions he's made have usually turned out to be the right ones, his journey to the top of the financial world has been anything but easy. Now, in *The House of Dimon*, former business journalist Patricia Crisafulli goes behind the scenes to recount the amazing events that have shaped Dimon's career, from his rise to prominence as Sandy Weill's protégé at Citigroup to the drama surrounding his purchase of Bear Stearns and Washington Mutual. Each step of the way, this engaging book provides insider accounts of how Dimon successfully acquired and integrated companies, created efficiencies, and grew bottom-line results as the consummate hands-on manager. Includes interviews with Dimon himself, Sandy Weill, and colleagues who've known Dimon over the course of his career. Shows how Dimon's management style and talent for taking calculated risks have allowed him to excel where many others have failed. Places Dimon in the context of contemporary Wall Street, an environment that has destroyed several top CEOs. During one of the most difficult and tumultuous periods in Wall Street history, Jamie Dimon has

survived and thrived. *The House of Dimon* reveals how he's done it and explores what lies ahead for Dimon, as he attempts to grow JPMorgan in the face of the unrelenting pressures of Wall Street.

The Mystery of Morgan Castle Simon and Schuster

The fourteenth century is probably best remembered for the conflicts that raged between England and France, known collectively as the Hundred Years War. Begun by Edward III of England who laid claim to the throne of France, it had eventually run its weary course by the reign of his weak and ineffectual grandson Henry VI. Yet in 1370 the Hundred Years War was only a half of the way through, with England in imminent danger of losing most of her territorial possessions in France. At this critical moment in time, Geoffrey Chaucer, court envoy, ambitious poet, and protégé of the king's powerful son John of Gaunt, is sent on a secret mission to the territory of the Comte de Guyac to persuade the French nobleman to stay loyal to the English cause. stronghold on the Dordogne in south-west France. The welcome is warm - Chaucer was once in love with Isabelle, the Comte's

sister - but within a few days everything has changed. At the end of a hunting expedition, Guyac's body is discovered with a crossbow bolt through the throat. Suspicion points at the new English arrivals. So Chaucer must discover the real culprit if he is to save his own neck. The investigation will turn the poet and diplomat into a fugitive and the truth will not emerge until Chaucer joins Gaunt's brother Edward - known to history as the Black Prince - at the siege of Limoges, one of the crucial events in this endless war.

The House of Morgan Penguin

Kiwi Washington's one night in Paris left her pregnant, but she had no idea the man of the evening was about to become her boss. Giorgio Morgan created a global brand of men's suits that earns higher prestige until his half sister starts her own fashion company. He's determined to stop the American interlopers and the women's fashion empire being formed, but when he flies to Miami, he instantly recognizes the head shoe designer as a previous one night stand. Kiwi Washington left her high-paying accounting job to follow her shoe passion. Leaving her safety net of security to follow her dreams of creativity took all

she had, and she absolutely wasn't looking for romance. But she's forced out of her comfort zone when her boss merges with her one night stand. With Kiwi clearly carrying his child, Giorgio will merge with the company and take what's his. But can the two bridge their very different worlds...or will their differences keep them apart?
