Author Daniella Blechner takes a unique approach to the ways in which various people, all poets, have dealt with love. Psychologists classify love as an emotion, others deem it the highest of all universal frequencies. In a somewhat surprising correlation between the vital chakras of the human body and the ways in which we connect to and separate ourselves from love, Blechner illuminates how our energetic frequencies can influence our approach to love by a simple shift in balance. She's combined this with modern psychology and added the artistic writings of people from around the world in haiku, rhyme, and free verse. *7 Shades of Love* is a comforting read that will help you connect to the people in your world through a better understanding of yourself, letting you attract the relationships you want and assuring you that

you're grounded in the universe.

*Everything You Need to
Know to Help a Woman
Through Childbirth* Oxford
University Press
A sexy category romance
from Entangled's Brazen
imprint... He wants just
one night... After growing
up with an abusive,
alcoholic father, Army
Special Forces Sgt. Brady
Scott vowed never to
marry or have kids. Sent
stateside to get his head
on straight—and his anger
in check—Brady's looking
for a distraction. He finds
it in his beautiful new
neighbor's one-night-only
offer for hot sex, but her
ability to make him forget
is addictive. Suddenly,
Brady's not so sure he can
stay away. ...what they
need is each other.
Orphaned as a child,

community center director Joss Daniels swore she'd never put herself in a position to be left behind again, but she can't deny herself one sizzling night with the sexy soldier who makes her laugh and kisses her senseless. When Joss discovers she's pregnant, Brady's rejection leaves her feeling abandoned. Now, they must overcome their fears before they lose the love and security they've found in each other, but can they let go of the past to create a future together?

Total Penguins Methuen Publishing

This book proposes a revisionist approach to democratic politics. Yaron Ezrahi focuses on the creative unconscious collective imagination that generates ever-changing visions of legitimate power and authority, which compete for enactment and institutionalization in the political arena. If, in the past, political authority was grounded in fictions such as the divine right of kings, the laws of nature, historical determinism and scientism, today the space of democratic politics is filled with multiple alternative social imaginaries of the desirable political order.

Exposure to electronic mass media has made contemporary democratic publics more aware that credible popular fictions have greater impact on shaping our political realities than do rational social choices or moral arguments. The pressing political question in contemporary democracy is, therefore, how to select and enact political fictions that promote peace and how to found the political order on checks and balances between alternative political imaginaries of freedom and justice.

The Definitive Encyclopedia of the Pittsburgh Penguins

Wipf and Stock Publishers Research evidence on bully-victim problems has accumulated rapidly in recent years. From this, there is little doubt that prolonged involvement in bullying, as a perpetrator, victim, or, not uncommonly, as both a perpetrator and target of bullying, conveys risk for many aspects of development. As in many emerging areas of psychological science, diverse research efforts evolved more or less independently, producing a very large and rich body of knowledge, but making it difficult to gain a

comprehensive, integrated view of the overall evidence base. Preventing and Treating Bullying and Victimization looks across the sometimes disparate perspectives from school, clinical, and developmental researchers and professionals with an eye towards describing and integrating current knowledge into a guide for evidence-based practices and further research. The authors offer new directions for understanding this complex problem and for enhancing intervention approaches. This edited book is comprised of three sections: Theoretical Perspectives, Assessment and Intervention, and Recommendations for Policy, Practice, and Research. It is of interest to a number of professions and disciplines including clinical, developmental, counseling, and school psychologists, social workers, school administrators and educators, and public officials involved in setting policies.

Sketch Like a Boss!

Entangled: Brazen
If you adore Jennifer E. Smith's The Statistical

Probability of Love at First Sight and Jessica Park's Flat-Out Love, you'll love this book. Courtesy of watching his mom's relationships, Sebastian Hawkins knows what girls need to do to get a guy. He has what he considers a PHD in hooking up. When he needs extra cash for a car, Sebastian starts up an online venture as The Hook-up Doctor, to anonymously help girls land the guy of their dreams. Of course, his services don't offer a happily-ever-after guarantee. He's seen firsthand getting together never means staying together. And then he falls in love... With the last girl he would expect... Totally not in his game plan. Suddenly, Sebastian finds himself muddled in the game he's always prided himself on. He can't even pick up girls at parties anymore! Why would anyone want to be in love when it turns you into a stuttering, screwed-up, mess with really lame stalker tendencies? Stalking? Totally not his gig. But the Hook-up Doctor won't let himself go down easily. He's always known how to give a girl what she wants and now it's time to figure out what a boy wants... and he definitely plans on

getting it. A companion novel to What a Boy Needs. [Build iOS Apps by Learning Swift, Xcode, and SwiftUI in Just Four Weeks \(English Edition\)](#) Greenwood Publishing Group Do you need to learn computer programming skills for your job or want to start it as a hobby? Essential Features, Tips & Tricks to Master Your PC On Windows 10 Operating System for Dummies, Beginners, Seniors, & Pros

Shirish D
A missing person sets off the action in this classic whodunit from the bestselling mystery writer known as the American Agatha Christie. In *The Window at the White Cat*, bumbling lawyer Jack Knox agrees to help a beautiful young woman find her missing father. But when the politician is found dead at a backstreet social club serving up beers and illegal favors, and Jack's aunt disappears, it looks

like the daughter's fiancé may be guilty of more than winning her heart. A #1 New York Times bestselling author with ten million books in print, Mary Roberts Rinehart crafted a career out of writing mysteries that set the stage for generations of writers to come. "[Rinehart's] literary distinction lies in the combination of love, humor and murder that she wove into her tales. . . . She helped the mystery story grow up."—The New York Times
