Because my questions
made Amir
uncomfortable, he
pronounced talaq just like
that on the wife who had
abandoned everything for

him because his religion
gives him that privilege.
Where do I now stand, sir?
Do you have any solutions
for me?' Lakshmi, a
rebellious, free-spirited
and intelligent film-maker,
breaks ties with her
staunchly Gandhi an
father to marry Amir, the
man she loves. She even
agrees reluctantly to
Amir's request that she
convert to Islam, as a

formality and change her
name to Razia. However,
she is shocked to discover
that her husband is not
the open-minded,
progressive individual he
claimed to be. For after
marriage, Amir takes his
family's side in trying to
force her to follow the
more rigorous tenets of
their faith. This sets her
off on a personal journey
into India's history to

uncover the many layers of religion, caste and creed. Her quest leads her to the many parallels in the narratives between the past and the present and she gradually finds that though much has changed in Indian society over the centuries, much remains the same. The second historical novel by celebrated Kannada author S.L. Bhyrappa, translated for the first time into English by Sandeep Balakrishna, Aavarana: The Veil raises pertinent and searching questions about religion,

liberalism and identity and highlights the importance of unshackling oneself from the bonds of false knowledge. Barlasch of the Guard Little, Brown

The O'Sullivan twins return for their second term at St Clare's determined to work hard and do well. Most of their old friends are back again and there are new girls to

size up. Among these are the twins' feathered headed cousin, Alison, the talented and friendly Lucy Oriel, and the surly and bad tempered Margery Fenworthy. The twins are now firm friends with most of their form and form friendships with some of the second form also. As a result of this they are invited to a midnight feast with some members of the second form to celebrate the birthday of Tessie, a second form girl. Erica, an unpopular second former, resolves to disrupt the party

after hearing herself discussed in unflattering terms when the others assume that she is not within earshot. The girls vote to ignore Erica after learning that she is the one who gave them away to Mam'zelle, causing Erica to vow revenge on Pat. She begins a campaign of spiteful tricks against Pat.

In this award-winning novel, Tharoor has masterfully recast the two-thousand-year-old epic, The Mahabharata, with fictional but highly recognizable events and characters from twentieth-century Indian politics. Nothing is sacred in this deliciously irreverent, witty, and deeply intelligent retelling of modern Indian history

and the ancient Indian epic The Mahabharata. Alternately outrageous and instructive, hilarious and moving, it is a dazzling tapestry of prose and verse that satirically, but also poignantly, chronicles the struggle for Indian freedom and independence.

As the title indicates, this book is a critical study of an Indian epic, The Ramayana. It proceeds in the same order as that of Sanskrit original consisting of : Bala kanda,

Ayodhya kanda, Aranya kanda, Kishkindha kanda, Sundara kanda, Yuddha kanda and Uttara kanda. While Valmiki's Ramayana is composed of about 24,000 slokas (verses), The Ramayana the Poisonous Tree consists of 16 stories, long and short, accompanied by 11 links (narratives that link the stories) and 504 foot-notes that show evidence from the Sanskrit original in support of the critique. Besides the main components of the text, this book has a long Preface discussing the

social essence of the epic in the context of history of evolution of human society from the ancient times to the modern times. The book also offers a critical review of the works of some earlier critics of Ramayana. The authoress describes Ramayana as a Poisonous Tree because it defends the autocratic rule of the kings against the people, their imperial expansion by invading other weak kingdoms, exploitation of the poor by the rich, oppression of lower castes

by upper castes, aggression of the civilized non-tribal communities against primitive tribal communities, male chauvinism against women, superstitious beliefs against the rational thinking, fathers' domination over sons, elder brothers' superiority over younger brothers and so on. She substantiated her arguments by providing hundreds of foot notes from the Sanskrit original. She characterizes the culture of Ramayana as predominantly feudal in

nature with an admixture of remnants of primitive tribal culture. The book, it is hoped, will be of interest to both academic and non-academic circles. It is relevant to the students, teachers and researchers who are connected with such disciplines as South Asian Studies, Cultural Studies, Comparative Literature, Comparative Religions, Indology, Literary Criticism and so on. It is also relevant to the social and political activists who would like to disseminate progressive ideas

among the people who are subjected to various forms of inequality: Class, Caste, Gender, Race, Ethnicity.

A Wall Street Journal Business Bestseller: This "vivid" inside story of WeWork and its CEO tells the remarkable saga of one of the most audacious, and improbable, rises and falls in American business history (Ken Auletta). Christened a potential savior of Silicon Valley's

startup culture, Adam Neumann was set to take WeWork, his office share company disrupting the commercial real estate market, public, cash out on the company's forty-seven billion dollar valuation, and break the string of major startups unable to deliver to shareholders. But as employees knew, and investors soon found out, WeWork's capital was built on promises that the company was more than a real estate purveyor, that in fact it was a transformational

technology company. Veteran journalist Reeves Weideman dives deep into WeWork and its CEO's astronomical rise, from the marijuana and tequila-filled board rooms to cult-like company summer camps and consciousness-raising with Anthony Kiedis. Billion Dollar Loser is a character-driven business narrative that captures, through the fascinating psyche of a billionaire founder and his wife and co-founder, the slippery state of global capitalism.
