Manuel is a man of many talents; an art historian and professor, he is also an exquisite storyteller. When he meets 16-year-old Lucía on an outing from her boarding school, he offers to narrate a story of dire consequences—that of the Spanish Queen Juana of Castile and her legendary love for her husband, Philippe the Handsome. Promised to Prince Philippe the Handsome to solidify ties between the Flemish and Spanish crowns, Queen Juana immediately fell in love with her betrothed with all the abandon and passion of her fiery personality. Theirs was one of the most tumultuous love

stories of all time. But Juana, who was also one of the most learned princesses of the Renaissance, was forced to pay a high price for being headstrong and daring to be herself. Those at court who could not fathom Juana as heir to the throne of the most important empire of its day conspired against her and began to question her sanity. Eventually she came to be known as Juana the Mad. But was she really insane, or just a victim of her impetuosity and unbridled passion? As the novel unfolds, Lucía and Manuel become enmeshed in a complex psychological web that seduces and incites them to relive Juana and Philippe's story, and eventually leads them to a mysterious manuscript that may hold the key to Juana's alleged madness.

I made money I'd never imagined and I wore velvet dresses and shone in lamplight. I walked tall in crowds, knowing myself to be desired. I told people I was a prostitute, and smiled as I said it, and dared them to turn their gaze...The smile that I give when I talk about it now is, I can feel, nostalgic, provocative. A brightness comes into my eyes. And, I'm told, a hard look too. In *My Skin* describes an extraordinary journey through an often hidden world of heroin and prostitution. Kate's story is one of survival and resourcefulness, and an unflinching look at the consequences of addiction. More than just a fearless and compelling narrative, *In My Skin* is the triumphant announcement of a new talent in Australian writing.

From award-winning and best-selling gay-fiction author M.L. Rhodes... Now merged together in one paperback volume, readers can enjoy the first two parts in the sizzling *Under My Skin* series! In *Under My Skin*... Sebastian Keller's been called "the smart guy" most of his life. Though he hasn't always

appreciated the label, and it hasn't exactly made him a man magnet, he's put his intelligence to work building his store, Great Escapes Travel Book Shop, to the point it's now the favorite recommendation of travel agents in the St. Louis area. His customers love him for his extensive knowledge and his amiable personality. He doesn't feel very amiable, however, when Rad Tattoos moves in next door to Great Escapes. Its owner, Dylan Radamacher, rubs Sebastian the wrong way from the get-go. The man's insufferable, stubborn, and worse, a bad boy. Everything Sebastian loathes! And yet, much to his annoyance, the teasing sparkle in Dylan's eyes, his hot, inked body, and come-hither voice set Sebastian's libido on fire. Sebastian's been there, done that with the bad-boy type before, though, and almost lost everything because of it. There's no way he's going down that road again. Yet when Dylan sets his sights on Sebastian and is determined to take him for a walk on the wild side, Sebastian knows he's in big trouble. It's going to take all his smarts and a whole lot of willpower to resist the sexy tattoo artist before the man finds a way to burrow deeper under his skin... And the story continues in *Under My Skin II*... For two months things between Sebastian and Dylan have been sinfully spectacular, and Sebastian hates to rock the boat. But the truth is, in spite of his own commitment issues, he's fallen in love with the sexy tattooist. Dylan, on the other hand, seems determined to avoid the "L" word at all costs. As their relationship shifts toward the serious side, can the guys overcome their fears and take the steps that will bring them the kind of love that lasts a lifetime? Or will their old baggage come back to haunt them and tear them apart for good?

Central Americans are one of the largest Latino population groups in the United States. Yet, Arturo Arias argues, the cultural production of Central Americans remains little known to North Americans. In *Taking Their Word*, Arias complicates notions of the cultural production of Central America, from Mexico in the North to Panama in the South. He charts the literature of Central America's liberation struggles of the 1970s and 1980s, its transformation after peace treaties were signed, the emergence of a new Maya literature that decenters Latin American literature written in Spanish, and the rise and fall of testimonio. Arias demonstrates that Central America and its literature are marked by an indigenouness that has never before been fully theorized or critically grasped. Never one to avoid controversy, Arias proffers his views of how the immigration of Central Americans to North America has changed the cultural topography of both zones. With this groundbreaking work, Arias establishes the importance of Central American literature and provides a frame for future studies of the region's culture. Arturo Arias is director of Latin American studies at the University of Redlands. He is the author of six novels in Spanish and editor of *The Rigoberta Mench Controversy* (Minnesota, 2001).

In May 2015, the cover story of *Toronto Life* magazine shook Canada's largest city to its core. Desmond Cole's "The Skin I'm In" exposed the racist practices of the Toronto police force, detailing the dozens of times Cole had been stopped and interrogated under the controversial practice of carding. The story quickly came to national prominence, went on to win a number of National Magazine Awards and catapulted its author into the public sphere. Cole used his newfound profile to draw insistent, unyielding attention to the injustices faced by Black Canadians on a daily basis- the devastating effects of racist policing; the hopelessness produced by an education system that expects little of its black students and withholds from them the resources they need to succeed more fully; the heartbreak of those vulnerable before the child welfare system and those separated from their families by discriminatory immigration laws. Both Cole's activism and journalism find vibrant expression in his first book, *The Skin We're In*. Puncturing once and for all the bubble of Canadian smugness and naive assumptions of a post-racial nation, Cole chronicles just one year-2017-in the struggle against racism in this country. It was a year that saw calls for tighter borders when African refugees braved frigid temperatures to cross into Manitoba from the States, racial epithets used by a school board trustee, a six-year-old girl handcuffed at school. It was also a year of solidarity between Indigenous people and people of colour in Canada, a commitment forged in response to sesquicentennial celebrations that ignored the impact of violent conquest and genocide. The year also witnessed the profound personal and professional ramifications of Desmond Cole's unwavering determination to combat injustice. In April, Cole disrupted a Toronto police board meeting by calling for the destruction of all data collected through carding. Following the protest, Cole, a columnist with the *Toronto Star*, was summoned to a meeting with the paper's opinions editor and was informed that his activism violated company policy. Rather than limit his efforts defending Black lives, Cole chose to sever his relationship with the publication. Then in July, at another TPS meeting, Cole challenged the board publicly, addressing rumours of a police cover-up of the beating of Dafonte Miller by an off-duty police officer and his brother. A beating so brutal that Miller lost one of his eyes, and that went uninvestigated for four months. When Cole refused to leave the meeting until the question was publicly addressed, he was arrested. The image of Cole walking, handcuffed and flanked by officers, out of the meeting fortified the distrust between the city's Black community and its police force. (A trespassing charge against Cole will be challenged in the new year as a violation of his right to freedom of expression.) In a month-by-month chronicle, Cole locates the deep cultural, historical and political roots of each event so that what emerges is a personal, painful and comprehensive picture of entrenched, systemic inequality. Urgent, controversial and unsparingly honest, *The Skin We're In* is destined to become a vital text for anti-racist and social justice movements in Canada, as well as a potent antidote to the all-too-present complacency of many white Canadians.

BOOKS OF THE YEAR BY The New York Times Book Review • O: The Oprah Magazine • The Washington Post • People • Entertainment Weekly • Vogue • Los Angeles Times • San Francisco Chronicle • Chicago Tribune • New York • Newsday • Library Journal • Publishers Weekly In a profound work that pivots from the biggest questions about American history and ideals to the most intimate concerns of a father for his son, Ta-Nehisi Coates offers a powerful new framework for understanding our nation's history and current crisis. Americans have built an empire on the idea of "race," a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? *Between the World and Me* is Ta-Nehisi Coates's attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children's lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* clearly illuminates the past, bravely confronts our present, and offers a transcendent vision for a way forward.

Fourteen unforgettable short stories provoke, illuminate, and startle as they explore our perception of nature and the conflict between wildness and civilization within each of us. As we are recognizing the consequences of the destruction of forests and wetlands, the pillaging of the seas, and the toxicity of industry, we are experiencing profound uncertainty about our relationship with the earth. These stellar short stories by writers such as Barry Lopez, Rick Bass, Margaret Atwood, E. L. Doctorow, Chris Offutt, and others plumb the mystery--as only fiction can--of nature within us and the world of nature that surrounds us. We are nature, in spite of our machines, our plastics, and our artificial ingredients. Yet what do we make of our own nature? Our own wildness? And how do we explain the paradox of our urge to both exploit and protect wilderness? From E. L. Doctorow's shattering tale, "Willi," in which a young boy witnesses adults transformed into animals by the frenzy of sexual lust, to Rick Bass's "Swamp Boy," whose young hero is hounded by a pack of boys incensed by his solitary communion with the wild, to Margaret Atwood's wickedly funny story, "My Life as a Bat," or Kent Meyers's soulful ballad of love regained, "The Heart of the Sky," these memorable stories articulate our deep need for wilderness and the indelible role nature plays in our psychological and spiritual well-being.

A Memoir HarperCollins UK

More than sixty years ago, the Supreme Court ruled in *Brown v. Board of Education* that America's schools could no longer be segregated by race. Critically acclaimed novelist Jim Grimsley was eleven years old in 1966 when federally mandated integration of schools went into effect in the state and the school in his small eastern North Carolina town was first integrated. Until then, blacks and whites didn't sit next to one another in a public space or eat in the same restaurants, and they certainly didn't go to school together. Going to one of the private schools that almost immediately sprang up was not an option for Jim: his family was too poor to pay tuition, and while they shared the community's dismay over the mixing of the races, they had no choice but to be on the front lines of his school's desegregation. What he did not realize until he began to meet these new students was just how deeply ingrained his own prejudices were and how those prejudices had developed in him despite the fact that prior to starting sixth grade, he had actually never known any black people. Now, more than forty years later, Grimsley looks back at that school and those times--remembering his own first real encounters with black children and their culture. The result is a narrative both true and deeply moving. Jim takes readers into those classrooms and onto the playing fields as, ever so tentatively, alliances were forged and friendships established. And looking back from today's perspective, he examines how far we have really come.

Jackie Under My Skin is a nuanced description of how Jacqueline Kennedy Onassis transformed our definitions of personal identity and style. As Wayne Koestenbaum follows her into America's dreamwork, far from pious "family values," he dares to see her as a pleasure principle, a figure of Circean extravagance, and liberates her from the propagandistic uses to which her image if often harnessed.

The moving, inspiring memoir of one of the great women of our times, Shirin Ebadi, winner of the 2003 Nobel Peace Prize and advocate for the oppressed, whose spirit has remained strong in the face of political persecution and despite the challenges she has faced raising a family while pursuing her work. Best known in this country as the lawyer working tirelessly on behalf of Canadian photojournalist, Zara Kazemi - raped, tortured and murdered in Iran - Dr. Ebadi offers us a vivid picture of the struggles of one woman against the system. The book movingly chronicles her childhood in a loving, untraditional family, her upbringing before the Revolution in 1979 that toppled the Shah, her marriage and her religious faith, as well as her life as a mother and lawyer battling an oppressive regime in the courts while bringing up her girls at home. Outspoken, controversial, Shirin Ebadi is one of the most fascinating women today. She rose quickly to become the first female judge in the country; but when the religious authorities declared women unfit to serve as judges she was demoted to clerk in the courtroom she had once presided over. She eventually fought her way back as a human rights lawyer, defending women and children in politically charged cases that most lawyers were afraid to represent. She has been arrested and been the target of assassination, but through it all has spoken out with quiet bravery on behalf of the victims of injustice and discrimination and become a powerful voice for change, almost universally embraced as a hero. Her memoir is a gripping story - a must-read for anyone interested in Zara Kazemi's case, in the life of a remarkable woman, or in understanding the political and religious upheaval in our world.
