Create personal best performance at will—and revel in the achievement! If you have ever watched athletes performing at their best, you have witnessed the power of “the Zone”—that state where everything clicks and personal and team bests are the norm. In *The Winner’s Way*, Dr. Pam Brill tells readers how they, too, can achieve the Zone of top performance, turning goals – whether in the wide world of sports, work or daily life—into positive, results-driving action. With her 3 A’s – activation, attention and attitude—Dr. Brill supercedes previous wisdom by systematically bringing together these three crucial elements to hurdle personal obstacles and finish—again and again—always the winner. Out of her years of research on peak performance in sport and work, coaching to elite athletes and top corporations, and teaching at Dartmouth Medical School, Brill, a psychologist, has put together, and field tested, her unique Winner’s Way™ system. The Winner’s Way offers readers a proven, user-friendly method to identify, engage, and drive strategic change for continual achievement in the face of never-ending challenge. That racing heart and those white knuckles? They’re the result of the chemical deluge that ramps activation to high speed—but without proper 3A alignment, this power within can derail attention and attitude. Tunnel vision is no accident. Negative beliefs about self and potential will always get in the way. Plagued instead by listlessness, wandering attention, an apathetic attitude? These are all due to another chemical reaction—with symptoms readers learn to identify and then re-ramp to their best strengths. Throughout *The Winner’s Way*, Dr. Brill provides example after example so readers can adapt, according to their personal make-up, the steps to winning achievement that become second nature. On command, our readers will learn to: Change a poor attitude Pull out of a downspin Use language as an arsenal, fortress, and medic "Debrief" from experiences by identifying what was done well—and what should be done differently next time Examine and challenge habitual assumptions . . . plus deploy strategies for dealing with performance anxiety, fear of rejection, technology overload, and more to help recapture their love for the game of life. *The Winner’s Way* is straight forward, makes sense—and it works! Let the game of life begin! On your marks, get set, go!

This book is designed to be a companion to the official Publication Manual of the American Psychology Association, Sixth Edition. This book highlights the key aspects that most undergraduate and graduate students will encounter when writing research papers for course work. This resource condenses the over 250 pages of the APA Publication Manual into about 10% of the pages, by including only the information needed for general research papers and providing precise instructions. Each topic includes the page number for the corresponding topic in the APA manual to

allow for further clarification, if needed. Save time without sacrificing accuracy with this reference guide.

15 Minutes. That's as long as we think any student should have to spend formatting their papers.

Unfortunately, students often spend hours trying to find answers from hard to follow manuals or confusing websites. Whether you want a step-by-step guide to building a title page, suggestions for writing with greater clarity, or freedom from doing internet searches every time you have a question about APA standards, *APA Made Easy* is the only blueprint that you will need for writing in APA style. This comprehensive writing guide includes illustrated steps for formatting an APA document in: Microsoft Word 2010, Microsoft Word 2011 for Mac, Microsoft Word 2013, and Apple's Pages programs. You will also learn how to build an APA formatted paper from the ground up by understanding:

- How to outline information you've already gathered.
- How to write an essay or research paper from an outline.
- How to write a solid introduction.
- How to use the required headings in a research paper including Abstracts, Method, Subjects and Participants, Materials or Apparatus, Results, and Discussion sections.
- Building Citations within your paper and on your Reference page.

Also included in this guide:

- APA examples and high resolution screen shots to help students correctly format documents within 15 minutes.
- Over 150 completed Reference examples
- Over 60 completed In-Text Citation examples
- How to use Headings effectively in your writing
- Specific examples that cover how to cite new media such as blog posts, emails, websites, online lectures, computer programs, social media and much more.
- A new section on using and citing DOI's (Digital Object Identifiers) for new media.
- A Short Sample paper in APA format.

"Entertainers and trainers have a lot in common. Both require an audience. Both require a polished, professional delivery. And both must attract -- and keep -- attention. Or else the show is over. Unlike the audience at a show, training participants are often disinterested and easily distracted. In order to keep them tuned in and help them retain information, trainers are constantly in search of new ways to engage learners. Grounded in the latest adult learning and training theories, "Show Biz Training" provides creative techniques that use comedy, props, magic, theater, and music, giving readers all the tools they need to perform the many activities found inside. The book uses specific examples and provides step-by-step instructions, resource lists, and worksheets to help trainers

support and further learning by engaging emotion, building rapport, creating the proper atmosphere, and crafting lessons out of a host of entertainment-inspired ideas. Packed with fun, original concepts for serious educators, "Show Biz Training" is a highly informative way to set the stage for exciting, effective learning."

A masterful dual narrative of Napoleon Bonaparte and a tiny microbe that pits the height of human ambition and achievement against the supremacy of nature, from the New York Times bestselling author of *Empire of Blue Water* “Gripping . . . Talty brings international politics and science together in a compelling story of personal hubris and humbling defeat.”—Jack Weatherford, author of the New York Times bestseller *Genghis Khan and the Making of the Modern World* In the spring of 1812, Napoleon Bonaparte was at the height of his powers. Forty-five million called him emperor, and he commanded a nation that was the richest, most cultured, and advanced on earth. No army could stand against his impeccably trained, brilliantly led forces, and his continued sweep across Europe seemed inevitable. Early that year, bolstered by his successes, Napoleon turned his attentions toward Moscow, helming the largest invasion in human history. Surely, Tsar Alexander’s outnumbered troops would crumble against this mighty force. But another powerful and ancient enemy awaited Napoleon’s men in the Russian steppes. Virulent and swift, this microscopic foe

would bring the emperor’s progress to a halt. Even as the Russians retreated before him in disarray, Napoleon found his army disappearing, his frantic doctors powerless to explain what had struck down a hundred thousand soldiers. The *Illustrious Dead* delves deep into the origins of the pathogen that finally ended the mighty emperor’s dreams of world conquest and exposes this “war plague’s” hidden role throughout history. A tale of two unstoppable forces meeting on the road to Moscow in an epic clash of killer microbe and peerless army, *The Illustrious Dead* is a historical whodunit in which a million lives hang in the balance.

This volume pulls together research on several aspects of the self. One set of chapters deals with the importance of building a self based on authenticity and “Who I really am.”; a second group deals with the ways in which we defend views of the self as positive and powerful; a third group is concerned with multiple aspects of self regulation. Each of the chapters is a well-written, non-technical description of an important, currently active research program.
