clinical sexologist specializing in sexual abuse trauma and emotional health, spent five years traveling throughout the United States, Canada, and Europe learning about different religions, cultural history, and sexual behavior while working on his doctoral thesis. In his fascinating exploration into the beginning of human reason and the birth of religious thought

includes the importance of reproduction, virgins and temple prostitutes, the original meaning of the cross, Devil worship, witches' Sabbath, and the curse of the evil eye. Dr. Falls also proves that the Kama Sutra, an ancient Hindu religious narrative about pleasure, love, and sexuality was really a Bible designed for the purpose of teaching others to gain favor from the gods by

engaging in sexual intercourse. Dr. Falls' examination into sex worship demonstrates that phallic reverence was not only a religion, but also a cause for dominance and sexual exploitation that, to this day, remains part of our social structure. **Christ in Egypt** Asian Educational Services GAUTAMA BUDDHA - BIOGRAPHY, CHRISTIANITY & OTHER RELIGIONS, BUDDHISM

This book is about the Old Norse god Odin. It includes references to all occurrences of Odin in the Old Norse/Icelandic texts, including Saxo's Gesta Danorum, the eddic poems, Snorri's Edda, and Ynglinga saga and analyses the high medieval reception and literary representations of Odin rather than the religious character of the god. This

is the only existing study of Odin in all the Old Norse/Icelandic texts and applies a contextual method: the different guises of Odin are studied on the basis of the various textual contexts and on their background in the literary and Christian intellectual milieu of the time. Contrary to existing studies, this method is non-reductive in that it does not aim at providing a synthesis about Odin's

original nature on the basis of the differing textual uses of Odin in the Middle Ages. The book argues that the perceived complexity of Odin, often highlighted in research, is first and foremost a function of the complex textual material spanning a wide variety of genres each with its particular literary conventions and of the reception of Odin in early modern and modern mythological

studies.

Christian Faith

In this highly controversial and explosive book, archaeologist, historian, mythologist and linguist Acharya S. marshals an enormous amount of startling evidence to demonstrate that Christianity and the story of Jesus Christ were created by members of various secret

societies, mystery schools and religions in order to unify the Roman Empire under one state religion. In developing such a fabrication, this multinational cabal drew upon a multitude of myths and rituals that existed long before the Christian era, and reworked them for centuries into the religion passed down to us today. Contrary to popular belief, there was no single man

who was at the genesis of Christianity; Jesus was many characters rolled into one. These characters personified the ubiquitous solar myth, and their exploits were well known, as reflected by such popular deities as Mithras, Heracles/Hercules, Dionysos and many others throughout the Roman Empire and beyond. The story of Jesus as portrayed in the Gospels is revealed to be nearly

identical in detail to that of the earlier savior-gods Krishna and Horus, who for millennia preceding Christianity held great favor with the people. The Christ Conspiracy shows the Jesus character as not unique or original, not "divine revelation." Christianity reinterprets the same extremely ancient body of knowledge that revolved around the celestial bodies and natural forces.

The result of this myth making has been "The Greatest Conspiracy Ever Sold." . *From Light Into Darkness* Lulu.com This comparative religion book contains a startling perspective of the extraordinary history of the Egyptian religion and its profound influence upon the later Christian faith. When we act like the eternal spiritual beings that we are - small parts of a supreme whole - makes us happy. But if we focus our attempts at happiness on the temporary body and mind - on matter - and make those

our life's priority, our consciousness will shrink and we'll be miserable. Spiritual elevation - raising our consciousness to higher levels - happens quickly when we revive our God consciousness . In this compact book, Srila Prabhupada recommends seeing the world as it is - a temporary place full of anxiety - and then taking the road to higher consciousness by

The antichrist is among us, here and now. This book proves it by comparing the biblical prophecies about the antichrist with the evidence that those prophecies have been fulfilled. This book documents the man of sin's esoteric confession that he is the antichrist. You will learn how the antichrist has changed times and laws as prophesied by Daniel, and how he is today sitting

in the temple of God, shewing himself that he is God, in fulfillment of Paul's prophesy in 2 Thessalonians 2:4. The beast of Revelation has come into the world, after the working of Satan with all power and signs and lying wonders, And with all deceivableness of unrighteousness, as prophesied in 2 Thessalonians 2:10.

The early Christian Gnosis did not spring up in isolation, but drew upon earlier sources. In this book, many of these sources are revealed for the first time. Special emphasis is placed on the Hellenistic doctrine of the "Solar Logos" and the early Christian symbolism which depicted Christ as the Spiritual Sun, the illumination source of order, harmony, and spiritual

insight. Based on 15 years of research, this is a unique book which throws a penetrating light on the secret traditions of early Christianity. It clearly demonstrates that number is at the heart of being. Jesus Christ, Sun of God, illustrates how the Christian symbolism of the Spiritual Sun is derived from numerical symbolism of the "ancient divinities."
