DualFit Harness Booster Car Seat - Britax A convertible car seat is a child seat that "converts" from rear facing for infants and small toddlers to forward facing for children. Britax convertible car seats can accommodate children weighing up to 65 pounds. Frequently Asked Questions - Britax Use the car's lap and shoulder seat belt with a booster seat as shown in the video above. The shoulder strap should fit across the chest and on the shoulder,

not across the face or neck. The lap belt should lie on the top of the legs or low on the hips, not across the stomach. Right Fit - The Ultimate Car Seat Guide Britax offer a full line of car seats, strollers, travel systems, and accessories to protect your child while enjoying the adventures of life. Britax Car Seats, Strollers, Travel Systems The Endeavours infant car seat is designed for safety and mobility. The anti-rebound bar reduces rebound rotation by up to 30% in the event of a crash. Easily and securely install the car seat with a base or without. The Click & Go system allows you to pair the car seat with any Britax single stroller for a customized travel system. Britax Endeavours Infant Car Seat If you need a double stroller compatible with the Britax B-Safe 35, we

recommend the Baby Jogger City Select with the Britax car seat adapter and the extenders for the second seat. It's the perfect solution to accommodate two children at the same time, including Britax B-Safe 35 car seat on top and the reclinable baby seat below. The Ultimate Car Seat and Stroller Compatibility Guide Never fit a rear-facing car seat in the front passenger seat while the airbags are still active. If installing a forward-facing car seat in the front passenger seat, airbags must be active and the passenger seat must be moved back - in some models this may be as far back as the B pillar and in other models it may be as far back as possible, so ensure to check the specific car manual for this information.
