pursues Tuvok to a long-dormant space station, a place of astonishing grandeur and wonder. Ancient almost beyond imagining, the city seduces the crew with the promise that their greatest aspirations might be realized. Such promise requires sacrifice, however, and the price of fulfilling them will be high for Voyager. A Mysterious Power Stirs Unseen sentries, alarmed by Voyager's meddling in the Monoharan system, send emissaries to ascertain Janeway's intentions. Unbeknownst to the captain, she is being tested and must persuade her evaluators that their contention -- that Voyager poses a threat to the delicate web of cosmic ecology -- is

baseless. And failure to vindicate her choices will bring certain retribution to her crew. [Star Trek: Destiny #1: Gods of Night](#) Hero Collector
An original novel set in the universe of Star Trek: Voyager from New York Times bestselling author Kirsten Beyer—and the sequel to *Atonement* and *Acts of Contrition*! The Full Circle Fleet has resumed its unprecedented explorations of the Delta Quadrant and former Borg space. Commander Liam O'Donnell of the U.S.S. *Demeter* makes a promising first contact with the Nihydron—humanoid aliens that are collectors of history. They rarely interact with the species they study but have created

a massive database of numerous races, inhabited planets, and the current geopolitical landscape of a large swath of the quadrant. When an exchange of data is proposed via a formal meeting, the Nihydron representatives are visibly shaken when Admiral Kathryn Janeway greets them. For almost a century, two local species—the Rilnar and the Zahl—have fought for control of the nearby planet Sormana, with both sides claiming it as their ancestral homeworld. The shocking part is that for the last several years, the Rilnar have been steadily gaining ground, thanks to the tactics of their current commanding officer: a human woman, who appears to be none

other than Kathryn Janeway herself...™, ®, & © 2016 CBS Studios, Inc. STAR TREK and related marks are trademarks of CBS Studios, Inc. All Rights Reserved. Star Trek: The Original Series: Crucible: Kirk: The Star to Every Wandering Simon and Schuster The first novel in an epic crossover trilogy uniting characters from every corner of the Star Trek universe, revealing the shocking origin and final fate of the Federation's most dangerous enemy—the Borg. Half a decade after the Dominion War and more than a year after the rise and fall of Praetor Shinzon, the galaxy's greatest scourge returns to wreak havoc upon the Federation—and this time its goal is nothing

less than total annihilation. Elsewhere, deep in the Gamma Quadrant, an ancient mystery is solved. One of Earth's first generation of starships, lost for centuries, has been found dead and empty on a desolate planet. But its discovery so far from home has raised disturbing questions, and the answers harken back to a struggle for survival that once tested a captain and her crew to the limits of their humanity. From that terrifying flashpoint begins an apocalyptic odyssey that will reach across time and space to reveal the past, define the future, and show three captains—Jean-Luc Picard of the U.S.S. Enterprise, TM William Riker of the U.S.S.

Titan, and Ezri Dax of the U.S.S. Aventine—that some destinies are inescapable. Revenant Turtleback Books
IN A SINGLE MOMENT ...the lives of three men will be forever changed. In that split second, defined paradoxically by both salvation and loss, they will destroy the world and then restore it. Much had come before, and much would come after, but nothing would color their lives more than that one, isolated instant on the edge of forever. IN A SINGLE MOMENT ...Spock, displaced in time, watches his closest friend heed his advice by allowing the love of his life to die in a traffic accident, thereby preserving Earth's history.

Returning to the present, however, Spock confronts other such crises, and chooses instead to willfully alter the past. Challenged by the thorny demands of his logic, he will have to find a way to face his conflicting decisions. IN A SINGLE MOMENT ...that stays with Spock, he preserved the timeline at the cost of Jim Kirk's happiness. Now, the death of that friend will cause Spock to reexamine the fundamental choices he has made for his own life. Unwilling to accept his feelings of loss and regret, he will seek that which has previously eluded him: complete mastery of his emotions. But while his quest for the perfect geometry of total logic will move him beyond his

remorse, another loss will bring him full circle to once more face the fire he has never embraced.

Star Trek: Destiny #3: Lost Souls Simon and Schuster

Science fiction roman. *Protectors* Simon and Schuster

An all-new novel that continues the epic saga of the Starship Voyager! Following the destruction of four fleet vessels at the hands of the Omega Continuum, the U.S.S. Voyager and U.S.S. Demeter set course for a region of the Delta Quadrant far beyond anything previously explored. Captain Chakotay is determined to prove to Starfleet Command that the fleet's ongoing mission is vital to Federation interests . . . and the key to doing so may lie in a distress

call Voyager received nine years earlier but could not investigate. Meanwhile, Vice Admiral Kathryn Janeway is recalled to the Alpha Quadrant for an evaluation period to determine her next assignment. Given the trauma she has recently endured, Admiral Akaar, Starfleet's commander in chief, is questioning Janeway's fitness to command the fleet. Janeway's primary concern remains the fleet's safety— for their mission to continue, she must find a way to secure the resources they require. But the uncertainty of her superior officers has left her powerless to act in their best interests.

The greatest threat to

the Federation was wiped out in one thought by the Caeliar. Starfleet needs to know if Caeliar are gone—so they send out the crew who can find answers in the Delta Quadrant-Voyager. Freed with a thought, the greatest menace to humanity, the Borg, are gone, absorbed into the Caeliar gestalt. But are they? Can this deadly menace that has hovered over humanity for decades truly be gone? Might some shadow of the Caeliar remain? The Federation decides that they have to know, and Starfleet is ordered to find out. The Starship Voyager leads a fleet into a region of space that has lived in fear of instant annihilation for generations: the Delta quadrant, home of the

Borg. Afsarah Eden—the new captain of Voyager—is charged with getting answers, to reach out to possible allies and resolve old enmities in the Delta quadrant. The perfection that was given to the Borg was withheld from Seven of Nine. Left behind, she is living a twilight existence—neither Borg nor human—and slowly going mad. The whispers of the Collective, comforting murmurs she has always known, are replaced with a voice deep within her that keeps insisting she is Annika Hansen. Chakotay, the former captain of Voyager, offers to help Seven rendezvous with the ships that Starfleet Command has sent into the Delta quadrant, the probable

destination of the mysterious Caeliar. These are not the friendly stars of the Federation; the unknown and the unexpected are the everyday.

Cardassians, the Klingons, and the Dominion, the United Federation of Planets is at the dawn of a new era. Starfleet is renewing its mission of peaceful exploration, diplomacy, and the expansion of knowledge. Among the starships spearheading that endeavor is the USS Titan, commanded by Captain William T. Riker and manned by the most biologically varied and culturally diverse crew in Starfleet history. But their mission does not begin according to plan. In the wake of Star Trek: Nemesis, Praetor Shinzon, slayer of the Romulan Senate, is dead. brink of civil war. Competing factions now vie for control of their fragmenting civilization, and if the empire should fall, that entire area of the galaxy may destabilize. To restore order to the region, Titan's long-anticipated mission of exploration is delayed as Starfleet assigns Riker to set up power-sharing talks among the Romulan factions. But even as the first tentative steps are taken toward building a new Romulus, the remnants of the Tal Shiar, the dreaded Romulan intelligence service, are regrouping behind the scenes for a power play of their own. With no other help available, Riker and the Titan crew become the last hope to prevent the quadrant from falling

last line of defense against an impending Borg invasion. In deep space, Captain Jean-Luc Picard and Captain Ezri Dax join together to cut off the Collective's route to the Alpha Quadrant. against the sanctity of their Great Work. For the small, finite lives of mere mortals carry little weight in the calculations of gods. But even gods may come to understand that they underestimate humans at their peril.

Pathways Simon and Schuster

Marooned in the Delta Quadrant light years away from home, the crew of the Starship Voyager have more than once stumbled upon what they thought was a shortcut back - only to have their hopes crushed. In one of the most memorable of these episodes, 'Eye of the Needle', Voyager discovered a wormhole that would take them to Romulan space - but twenty years in the past. Now in Christie

Golden's powerful trilogy the Romulan scientist who created that wormhole, Telek R'Mor, is back. An unknown species has adapted his theories on artificial wormholes, allowing the Romulan Empire of twenty years ago to create passage to the Delta Quadrant - and the USS Voyager - of today. The Empire wishes to capture Voyager, existing as she does in their future, in order to gain a twenty-year head start on Federation technology. The Shephards want Voyager for reasons of their own. But the technology they have developed involves the manipulation of dark matter, a dangerous undertaking with disastrous consequences for the Empire, for Voyager,

and ultimately for the universe itself. Before long Voyager and her crew begin to succumb to the effects of the dark matter. At the same time, Romulan saboteurs are discovered on board, Voyager is contacted by another mysterious species (this one claiming to come in friendship), a flock of Romulan Warbirds journeys into the present to seize control of the ship, and Chakotay and Paris disappear into an unknown alien realm...
