The Green Titan Lahore : Ferozsons

A Tale of Three Lawyers is an analytical and objective study of three colossal leaders of an era in which one struggled for the independence of the country, the second struggled for the creation of his new country while the third struggled for the political rehabilitation of the deprived classes. Three different objectives motivated Mahatma Mohandas Karamchand Gandhi, Quaid-e-Azam Mohammad Ali Jinnah and Bharat Ratna Dr. Bhimrao Ramji Ambedkar. They employed three different means and methods and, therefore, it is no surprise that they brought

about three distinct achievements, delivering three different legacies to their succeeding generations. The author attempts to present to the readers a dispassionate assessment of these three mass leaders without an intention to compare and contrast any of the three great leaders' advantages or disadvantages.

That Quaid-i-Azam Mohammad Ali Jinnah won Pakistan against impossible odds, is well known, but the real reasons for Jinnah's successes are not widely recognized. The suspicion lingers that his policies were communal and negative and that Pakistan was a

mistake. The reason for this is that the critics of Pakistan have written more voluminously and powerfully than its defenders. This book convincingly shows that it was Mahatma Gandhi who first introduced religion into politics. This ultimately drove the Hindus and the Muslims irreconcilably apart and eventually convinced even Jinnah - who had won the accolade of being the Ambassador of Hindu-Muslim Unity - that his dream of a united India was nothing but a mirage.
