In 2169, an old undocumented laboratory lost to the past century was found deep in a forest, the only evidence of civilization in this rare instance of wilderness. Milo Andrews has one objective: investigate this laboratory and download any information so that his overseers can recycle the old technology and utilize it in their futuristic society. At first, it just seems like an old decrepit building with a surprisingly extensive basement. Yet the further Milo goes, the stranger the old lab becomes. If he didn't know any better, he'd say it's gotten livelier.
