Slavery, Empathy, and Pornography considers the operations of slavery and of abolition propaganda on the thought and literature of English from the late-eighteenth to the mid-nineteenth centuries. Incorporating materials ranging from canonical literatures to the lowest form of street publication, Marcus Wood writes from the conviction that

slavery was, and still is, a dilemma for everyone in England, and seeks to explain why English society has constructed Atlantic slavery in the way it has. He takes on the works of canonic eighteenth- and nineteenth-century white authors which claimed, when written, to 'account' for slavery, and asks with some scepticism what kind of 'truth' they hold. Taking an interdisciplinary approach, chapters focus on the writings of the major Romantic poets, English Radicals William Cobbett and John Thelwall, the Surinam writings of John Stedman, the full range of slavery texts

generated by Harriet Martineau, John Newton, and the social prophets Carlyle and Ruskin. Slavery, Empathy, and Pornography also contains a radical new critique of the operations of slavery within the work of Austen and Charlotte Brontë.

[Voltairine de Cleyre and the Revolution of the Mind](#) Chicago Review Press

A rare, graphic portrait of Russian life in 1917 immediately after the October Revolution. The heroine struggles with her passion for her husband, and the demands of the new world in which she lives.

and "The Edge of the World"--by the Hugo Award-winning author of Tales of Old Earth and In the Drift. Reprint.

Dynamics Of Role-Playing In Jacobean Tragedy Black Rose Books Ltd.

A murder mystery featuring Lord Edward Corinth and Verity Browne. October 1936. Joe Weaver, press magnate and close friend of the Royal family, calls for Lord Edward Corinth's help in recovering some missing letters, stolen from Wallis Simpson - the King's intimate friend. But there is no mystery about who has taken the correspondence: it is known to be Mrs Harkness, Edward's close friend and His Majesty's former favourite. As what seemed a simple stolen property case is complicated by murder, Verity Browne joins Edward in the investigation at

Haling, the country home of Conservative MP Leo Scannon where Mrs Harkness is a guest. Very soon, the pair become involved with political protest at home and the fight against Fascism abroad, and against this background of social unrest that they set off to find out the truth behind the Hollow Crown...

Praise for David Roberts: 'A gripping, richly satisfying whodunit with finely observed characters, sparkling with insouciance and stinging menace' Peter James 'A really well-crafted and charming mystery story' Daily Mail 'A perfect example of golden-age mystery traditions with the cobwebs swept away' Guardian

Reflections of a Would-be Anarchist

Good Press

A superbly original version of liberalism by a major figure in political theory. In this provocative work, Richard E. Flathman puts forward his idiosyncratic view of liberalism, one that is particularly concerned with putting freedom and individuality first, one that warns of the individualism-limiting potential of even liberal efforts to promote social justice. Focusing on the ideals he regards as appropriate to liberalism, Flathman analyzes repeated patterns and tendencies that influence societies -- their sustaining institutions. Part I (Ideals) elaborates and vigorously promotes a conception of the ideals appropriate to liberalism and liberal politics, a conception that foregrounds and celebrates individual self-making or

self-enactment. Drawing on but critically assessing ideas and arguments from liberal thinkers from Locke and Kant through Mill, Berlin, and Rawls, the work also reaches out to sources usually regarded as not only outside of but actually antagonistic to liberal tradition: Hobbes, Nietzsche, William James, Proust, Ortega y Gasset, and Oakeshott. Part II (Institutions) goes on to critically examine the relationship between these ideals and various institutions that are prominent in all liberal societies -- the rule of law, police power, and institutionalized education. At once attracted and resistant to anarchist, antinomian, and active nihilist arguments, Flathman approaches these institutions in a skeptical and wary spirit influenced by such thinkers as

Montaigne, Wittgenstein, Cavell, Derrida, and Foucault. *Reflections of a Would-Be Anarchist* is a unique attempt to move liberal thought and action toward individuality and away from homogeneity, toward a chastening skepticism and away from unifying conceptions of rationality and reasonableness. It will be required reading for political, moral, and legal theorists, as well as anyone concerned with the challenges of sustaining and enlivening liberal thought and action. [Terrorists, Anarchists, and Republicans](#)
Forge Books
Jacobean actors fascinated audiences with their convincingly mimetic performances; often they appeared to assume the identities of the fictional characters they impersonated. A similar

dynamic emerges in several tragedies of the period, where dramatic characters are frequently changed--for better or worse--by the roles they adopt within the play illusion. This study discusses how certain plays of Jonson and Middleton reveal the destructive consequences of assuming new personae; how three of Shakespeare's tragedies explore the ambivalent results of characters' experimentation with roles; and how Webster and Ford treat role-playing (including ceremonial behavior) creatively, as a vehicle for expressing and consolidating the dramatic self.

"The question of souls is old; we demand our bodies, now." These words are not from a feminist manifesto of the late

twentieth century, but from a fiery speech given a hundred years earlier by Voltairine de Cleyre, a leading anarchist and radical thinker. A contemporary of Emma Goldman---who called her "the most gifted and brilliant anarchist woman America ever produced"---de Cleyre was a significant force in a major social movement that sought to transform American society and culture at its root. But she belongs to a group of late-nineteenth-century freethinkers, anarchists, and sex-radicals whose writing continues to be excluded from the U.S. literary and historical canon. Gates of Freedom considers de Cleyre's speeches, letters, and essays, including her most well known essay, "Sex Slavery." Part I brings current critical concerns to bear on de Cleyre's writings,

exploring her contributions to the anarchist movement, her analyses of justice and violence, and her views on women, sexuality, and the body. Eugenia DeLamotte demonstrates both de Cleyre's literary significance and the importance of her work to feminist theory, women's studies, literary and cultural studies, U.S. history, and contemporary social and cultural analysis. Part II presents a thematically organized selection of de Cleyre's stirring writings, making *Gates of Freedom* appealing to scholars, students, and anyone interested in Voltairine de Cleyre's fascinating life and rousing work. Eugenia C. DeLamotte is Associate Professor of English, Arizona State University.

 Was there such a thing as a modern notion of race in the English Renaissance, and, if so, was skin color its necessary marker? In fact, early modern texts described human beings of various national origins—including English—as turning white, brown, tawny, black, green, or red for any number of reasons, from the effects of the sun's rays or imbalance of the bodily humors to sexual desire or the application of makeup. It is in this cultural environment that the seventeenth-century *London Gazette* used the term "black" to describe both dark-skinned African runaways and dark-haired Britons, such as Scots, who are now unquestioningly conceived of as "white." In *Shades of Difference*, Sujata Iyengar explores the

cultural mythologies of skin color in a period during which colonial expansion and the slave trade introduced Britons to more dark-skinned persons than at any other time in their history. Looking to texts as divergent as sixteenth-century Elizabethan erotic verse, seventeenth-century lyrics, and Restoration prose romances, Iyengar considers the construction of race during the early modern period without oversimplifying the emergence of race as a color-coded classification or a black/white opposition. Rather, "race," embodiment, and skin color are examined in their multiple contexts—historical, geographical, and literary. Iyengar engages works that have not previously been incorporated into discussions of the formation of race, such as Marlowe's "Hero and Leander"

and Shakespeare's "Venus and Adonis." By rethinking the emerging early modern connections between the notions of race, skin color, and gender, *Shades of Difference* furthers an ongoing discussion with originality and impeccable scholarship.

that are user-friendly and accessible to everyone in a high-quality digital format.

The Anarchists of Casas Viejas Great Nation Publishing, LLC

Award-winning young-adult novelist Eileen Charbonneau now turns her storytelling powers and lauded historical research to her first adult novel: the epic story of two people drawn together from dramatically different spheres of society. As the turn of the century, San Francisco is a far cry from its gold rush days. The railroads have ushered in an era of rapid change and industrialization in California. In the mansions on Russian Hill, powerful men build financial empires by pillaging a landscape rich in natural resources. The daughter of a lumber baron, Olana Whittaker is struggling to make it on her own as a

journalist for the Gold Coast Chronicle. She resents having to use a male pseudonym to be read seriously. Covering the grand opening from Sequoia National Parks, Olana meets forest ranger Matthew Hart, who speaks with passion on the need for protecting nature. Hart has little time for people, especially those who destroy forests. But when the pair are trapped in an early blizzard, Olana learns to appreciate both Hart and the land he is fighting to protect from men like her father. Over the years that follow, Olana and Matt will part--and come together again--as they live through the turbulent early years of the new century and learn the heartbreaks and joys that come with living, loving, and pursuing their destinies. At the Publisher's request, this

title is being sold without Digital Rights Management Software (DRM) applied. *Love of Worker Bees* Sourcebooks, Inc. When Pablo Martín Sánchez discovers that he shares his name with a Spanish anarchist who was executed in 1924 for the attempted overthrow of Primo de Rivera's dictatorship, he sets out to reconstruct his life story. Through references to key events in Europe's history, including the sinking of the Titanic and the Battle of Verdun, and the influence of intellectuals such as Miguel de Unamuno and Victor Blasco Ibañez, *The Anarchist Who Shared My Name* elegantly captures the life of a man who sought to resist political injustice and paid the ultimate price for his protest. Martín Sánchez's thrilling tale is the unsettling chronicle of a dark chapter in

Spanish history, as courageous as it is timely.

The Alexander Berkman Reader OUP
Oxford

A bloody episode that epitomised the political dilemmas of the eighteenth century In 1798, members of the United Irishmen were massacred by the British amid the crumbling walls of a half-built town near Waterford in Ireland. Many of the Irish were republicans inspired by the French Revolution, and the site of their demise was known as Genevan Barracks. The Barracks were the remnants of an experimental community called New Geneva, a settlement of Calvinist republican rebels who fled the continent in 1782. The British believed that the rectitude and industriousness of these imported revolutionaries would

have a positive effect on the Irish populace. The experiment was abandoned, however, after the Calvinists demanded greater independence and more state money for their project. Terrorists, Anarchists, and Republicans tells the story of a utopian city inspired by a spirit of liberty and republican values being turned into a place where republicans who had fought for liberty were extinguished by the might of empire. Richard Whatmore brings to life a violent age in which powerful states like Britain and France intervened in the affairs of smaller, weaker countries, justifying their actions on the grounds that they were stopping anarchists and terrorists from destroying society, religion and government. The Genevans and the Irish rebels, in turn, saw

themselves as advocates of republican virtue, willing to sacrifice themselves for liberty, rights and the public good. Terrorists, Anarchists, and Republicans shows how the massacre at Genevan Barracks marked an end to the old Europe of diverse political forms, and the ascendancy of powerful states seeking empire and markets—in many respects the end of enlightenment itself.

Ideals and Institutions of Liberalism

Orion

In his new introduction to *The Anarchists*, Horowitz points out that anarchism is an ideology in search of a

movement, and also a psychology in search of a polity. While this seems to be a paradox, the fact is that anarchism has more than one hundred thousand entries on electronic search engines, but one can search high and low for a society that embraces its essential anti-Statist vision. At the same time, anarchism continues to attract people to its premises, seemingly generation after generation. Despite similarities in values and goals, anarchism seems especially attractive to those for whom individualism rather than collectivism provides a way of life. In this, it stands at the opposite pole from Behemoth, from the gods of political order. The Anarchists is a rich collection of theories and practices in the words of those who have rebelled against the restrictive

institutions and oppressive conditions imposed by state power upon the individual. Idealists and self-seekers, saints and assassins, they have often served as the conscience of the world and have expressed with eloquence and convictions, the deep-seated sense of anarchy that resides, to a greater or lesser degree, in most human beings. Anarchism is not simply a European import; it is deeply rooted in the American political experience. The volume gives strong representation to this side of the anarchist tradition. Thomas Paine wrote, "Government even in its best state is but a necessary evil. This was a sentiment echoed by Ralph Waldo Emerson, who said, "the less government we have the better." The Anarchists offers the most thoughtful

and comprehensive selection of writings by and about those who protest against all rule by man over man, particularly that embodied in the State. As such, this anthology presents the history and philosophy of anarchism in the words of thirty-five of its greatest students, observers, and proponents.

The Works of the Poets of Great Britain and Ireland Indiana University Press

THIRTY MILLION READERS WORLDWIDE. INCLUDES EXCLUSIVE NEVER BEFORE SEEN CHAPTER. 'The Hunger Games meets The Road' MTV You fight, you kill, you steal, you lie.... or you die. As war breaks out between Blackwing and Greystone, Grace's allegiance becomes clear. But that doesn't make her task any easier. Hayden knows that war is coming. That these raids are just the

beginning, and there is something else coming for them. But can he save his camp and free himself at the same time? Welcome to the revolution.

Springer

A unique history of one of American radicalism's most fiercely outspoken figures

Wood and Stone U of Minnesota Press

The origin tale, and first installment, recording Hogo's arduous journey in restoring his fallen clan to their past glory. A story that asks the question of whether love is truly the answer to happiness or taking what you want when you want it. Hogo of the fallen Mori clan begins his journey in what is called the Shogun's Tournament, where he has to duel against 59 other young ones for a

slot under one of the 5 Cardinal Lords, powerful ambassadors of their respective lands. On this path, Hogo faces challenges by way of the growing anarchist organization, Kaizen, and learns that his long-lost father might be involved in the war against anarchy even before his birth. Hogo strives to become strong enough to protect what he cares about most: his lover and his name. Meanwhile, his fated nemesis, Ito Ikki, delves deeper into the darkness of Kaizen's beliefs, becoming the terrorist faction's Champion with a sole mission of killing Hogo.

An Historical Novel Princeton University Press

After a failed coup, a revolutionary named Noor is exiled and sentenced to die as a lowly earthling. Vowing to rule

earth, but separated from his lieutenants, he is forced to use human beings instead. In the year 2050, tragedy strikes. Harper Lowe loses her son's father to a last-minute decision. A drunk Damario Coley is maimed in a freak accident. Quinne Ruiz is assaulted and arrested, and Teanna Kirkwood witnesses the death of her daughter. Weeks later, the alluring Kareza Noor, CEO of the Genesis Institute, pilots a psychological experiment, the "Begin Again" initiative. It affords Harper, Damario, Quinne and Teanna the opportunity to erase a past regret. One of them must be forced into it. All solve their former problems but create new ones. Noor, now the Prime Minister of Italy, is plotting a dangerous end-game - if they try to stop him, they will be

treated as terrorists.

Anarchy of the Heart Seven Stories Press

"For its intelligence and humanitarian achievements, for its political honesty, for its power and its beauty (there is no other word), this book deserves to be called a masterpiece." --American Ethnologist Jerome R. Mintz's classic study of the lives of Andalusian campesinos who were swept up by one

of the 20th century's pivotal social movements provided a new framework for understanding the tragic events that tilted Spain toward civil war. In a new foreword, James W. Fernandez reflects on the fieldwork that led to the book and its contribution to subsequent developments in the ethnography of Europe and the historiography of modern Spain.
