NEW YORK TIMES BESTSELLER • Senator John McCain's deeply moving memoir is the story of three generations of warriors and the ways that sons are shaped and enriched by their fathers. John McCain's grandfather, a four-star admiral and one of the navy's greatest commanders, led the strongest aircraft carrier force of the Third Fleet during World War II. McCain's father, also a four-star admiral, served as commander of all U.S. forces in the Pacific during the Vietnam War. It was in Vietnam that John McCain III faced the most difficult challenge of his life. A naval aviator, he was shot down over Hanoi in 1967. Recognized as the son of a top commander, McCain was tortured and imprisoned for five and a half years. Despite this, he refused Vietnamese offers of an early release. What McCain learned from his grandfather and father enabled him to survive those hard years. A testament to the power of human endurance, *Faith of My Fathers* is the story of three men who fought for their country with courage and emerged

with their honor intact. Praise for *Faith of My Fathers* "A thoughtful first-person take on survival, both physical and psychological . . . hard to top and impossible to read without being moved."—USA Today "A candid, moving, and entertaining memoir . . . impressive and inspiring, the story of a man touched and molded by fire who loved and served his country in a time of great trouble, suffering, and challenge."—Kirkus Reviews "A serious, utterly gripping account of faith, fathers, and the military."—Publishers Weekly (starred review) "Faith of My Fathers may also appeal to those who flocked to *Saving Private Ryan* and kept Brokaw's *The Greatest Generation* near the top of the bestseller lists."—Library Journal "Faith of My Fathers is the powerful story of a war hero. In it we learn much of what matters most. As prisoner (and later Senator) McCain instructs us: Glory is not an end in itself, but rather a reward for valor and faith. And the greatest freedom and human fulfillment comes from engaging in a noble enterprise larger than oneself. *Faith of My Fathers* teaches deep truths that are valid in any age but that warrant special attention in our own."—William J. Bennett

National Bestseller A masterful literary talent explores the treacherous, often violent borders between war and sex, love and art. With the flash of a camera, one girl's life is shattered, and a host of others altered forever. . . . In a war-torn village in Eastern Europe, an American photographer captures a heart-stopping image: a young girl flying toward the lens, fleeing a fiery explosion that has engulfed her home and family. The image wins acclaim and prizes, becoming an icon for millions—and a subject of obsession for one writer, the photographer's best friend, who has suffered a devastating tragedy of her own. As the writer plunges into a suicidal depression, her filmmaker husband enlists several friends, including a fearless bisexual poet and an ingenious performance artist, to save her by rescuing the unknown girl and bringing her to the United States. And yet, as their plot unfolds,

everything we know about the story comes into question: What does the writer really want? Who is controlling the action? And what will happen when these two worlds—east and west, real and virtual—collide? A fierce, provocative, and deeply affecting novel of both ideas and action that blends the tight construction of Julian Barnes’s *The Sense of an Ending* with the emotional power of Anthony Marra’s *A Constellation of Vital Phenomena*, Lidia Yuknavitch’s *The Small Backs of Children* is a major step forward from one of our most avidly watched writers.

Andy West teaches philosophy in prisons. He has conversations with prisoners about their lives, discusses their ideas and feelings, and offers new ways to think about their situation. These questions about how to live are ones we all share, but the extraordinary setting makes them more urgent. Can bad behaviour ever be justified? Do we have the right to forgive ourselves, whether we’ve committed a crime or offended a friend? Can a prisoner be free? Are they any less free than those of us with a mortgage to pay or a school-run to do? As his students discuss these knotty problems, West struggles with his own inherited guilt: his father, uncle and brother all spent serious time in jail. Was it inevitable that one day he would have to spend time inside too? Moving, sympathetic, wise and frequently funny, *The Life Inside* is an elegantly written and unforgettable book. Through its blend of memoir, storytelling and gentle philosophical questioning, readers will gain a new insight into our justice system and, more importantly, into themselves.

NEW YORK TIMES BESTSELLER “An inspiring story that manages to be painful, honest, shocking, bawdy and hilarious.” —The New York Times Book Review From stand-up comedian, actress, and breakout star of *Girls Trip*, Tiffany Haddish, comes *The Last Black Unicorn*, a sidesplitting, hysterical, edgy, and unflinching collection of (extremely) personal essays, as fearless as the author herself. Growing up in one of the poorest neighborhoods of South Central Los Angeles, Tiffany learned to survive by making people laugh. If she could do that, then her classmates would let her copy their homework, the other foster kids she lived with wouldn’t beat her up, and she might even get a boyfriend. Or at least she could make enough money—as the paid school mascot and in-demand Bar Mitzvah hype woman—to get her hair and nails done, so then she might get a boyfriend. None of that worked (and she’s still single), but it allowed Tiffany to imagine a place for herself where she could do something she loved for a living: comedy. Tiffany can’t avoid being funny—it’s just who she is, whether she’s plotting shocking, jaw-dropping revenge on an ex-boyfriend or learning how to handle her newfound fame despite still having a broke person’s mind-set. Finally poised to become a household name, she recounts with heart and humor how she came from nothing and nowhere to achieve her dreams by owning, sharing, and using her pain to heal others. By turns hilarious, filthy, and brutally honest, *The Last Black Unicorn* shows the world who Tiffany Haddish really is—humble, grateful, down-to-earth, and funny as hell. And now, she’s ready to inspire others through the power of laughter.

A Haitian American woman survives a brutal kidnapping in this “commanding debut novel” from the New York Times–bestselling author of *Bad Feminist* (The New Yorker). Author and essayist Roxane Gay is celebrated for her incisive commentary on identity and culture, as well as for her bestselling nonfiction and short story collections. Now, with *An Untamed State*, she delivers a “breath-taking debut novel” (The Guardian, UK) of wealth in the face of crushing poverty, and the lawless anger produced by corrupt governments. Mireille Duval Jameson is living a fairy tale. The strong-willed youngest daughter of one of Haiti’s richest sons, she lives in the United States with her adoring husband and infant son, returning every summer to stay on her father’s Port-au-Prince estate. But the fairy tale ends when Mireille is kidnapped in broad daylight by a gang of heavily armed men, just outside the estate walls. Held captive by a man who calls himself The Commander, Mireille waits for her father to pay her ransom. As her father’s standoff with the kidnapers stretches out into days, Mireille must endure the torments of a man who despises everything she represents. *An Untamed State* is a “breathless, artful, disturbing and original” story of a willful woman attempting to find her way back to the person she once was, and of how redemption is found in the most unexpected of places (Meg Wolitzer, author of *The Interestings*).

A new collection from David Sedaris is cause for jubilation. His recent move to Paris has inspired hilarious pieces, including *Me Talk Pretty One Day*, about his attempts to learn French. His family is another inspiration. You Cant Kill the Rooster is a portrait of his brother who talks incessant hip-hop slang to his bewildered father. And no one hones a finer fury in response to such modern annoyances as restaurant meals presented in ludicrous towers and cashiers with 6-inch fingernails. Compared by The New Yorker to Twain and Hawthorne, Sedaris has become one of our best-loved authors. Sedaris is an amazing reader whose appearances draw hundreds, and his performances—including a jaw-dropping impression of Billie Holiday singing I wish I were an Oscar Meyer weiner—are unforgettable. Sedaris’s essays on living in Paris are some of the funniest he’s ever written. At last, someone even meaner than the French! The sort of blithely sophisticated, loopy humour that might have resulted if Dorothy Parker and James Thurber had had a love child. Entertainment Weekly on Barrel Fever Sidesplitting Not one of the essays in this new collection failed to crack me up; frequently I was helpless. The New York Times Book Review on *Naked*

If a story is going to fail, it will do so first at the premise level. *Anatomy of a Premise Line: How to Master Premise and Story Development for Writing Success* is the only book of its kind to identify a seven-step development process that can be repeated and applied to any story idea. This process will save you time, money, and potentially months of wasted writing. So whether you are trying to write a feature screenplay, develop a television pilot, or

just trying to figure out your next story move as a writer, this book gives you the tools you need to know which ideas are worth pursuing. In addition to the 7-step premise development tool, *Anatomy of a Premise Line* also presents a premise and idea testing methodology that can be used to test any developed premise line. Customized exercises and worksheets are included to facilitate knowledge transfer, so that by the end of the book, you will have a fully developed premise line, log line, tagline, and a completed premise-testing checklist. Here is some of what you will learn inside: Ways to determine whether or not your story is a good fit for print or screen Case studies and hands-on worksheets to help you learn by participating in the process Tips on how to effectively work through writer’s block A companion website (www.routledge.com/cw/lyons) with additional worksheets, videos, and interactive tools to help you learn the basics of perfecting a killer premise line

An Untamed State Hudson Whitman/ ECP

A father’s long-lost letters spark a compelling tale of inheritance and creativity, loss and reunion When Louisa Deasey receives a message from a Frenchwoman called Coralie, who has found a cache of letters in an attic, written about Louisa’s father, neither woman can imagine the events it will set in motion. The letters, dated 1949, detail a passionate affair between Louisa’s father, Denison, and Coralie’s grandmother, Michelle, in post-war London. They spark Louisa to find out more about her father, who died when she was six. From the seemingly simple question “Who was Denison Deasey?” follows a trail of discovery that leads Louisa to the streets of London, to the cafes and restaurants of Paris and a poet’s villa in the south of France. From her father’s secret service in World War II to his relationships with some of the most famous bohemian artists in post-war Europe, Louisa unearths a portrait of a fascinating man, both at the epicenter and the mercy of the social and political currents of his time. A Letter from Paris is about the stories we tell ourselves, and the secrets the past can uncover, showing the power of the written word to cross the bridges of time.

THE DEFINITIVE EDITION • Discovered in the attic in which she spent the last years of her life, Anne Frank’s remarkable diary has since become a world classic—a powerful reminder of the horrors of war and an eloquent testament to the human spirit. Updated for the 75th Anniversary of the Diary’s first publication with a new introduction by Nobel Prize–winner Nadia Murad “The single most compelling personal account of the Holocaust ... remains astonishing and excruciating.”—The New York Times Book Review In 1942, with Nazis occupying Holland, a thirteen-year-old Jewish girl and her family fled their home in Amsterdam and went into hiding. For the next two years, until their whereabouts were betrayed to the Gestapo, they and another family lived cloistered in the “Secret Annex” of an old office building. Cut off from the outside world, they faced hunger, boredom, the constant cruelties of living in confined quarters, and the ever-present threat of discovery and death. In her diary Anne Frank recorded vivid impressions of her experiences during this period. By turns thoughtful, moving, and amusing, her account offers a fascinating commentary on human courage and frailty and a compelling self-portrait of a sensitive and spirited young woman whose promise was tragically cut short.

Deceptively simple and surprisingly addictive, *Not Quite What I Was Planning* is a thousand glimpses of humanity—six words at a time. One Life. Six Words. What’s Yours? When Hemingway famously wrote, “For Sale: baby shoes, never worn,” he proved that an entire story can be told using a half dozen words. When the online storytelling magazine SMITH asked readers to submit six-word memoirs, they proved a whole, real life can be told this way too. The results are fascinating, hilarious, shocking, and moving. From small sagas of bittersweet romance (“Found true love, married someone else”) to proud achievements and stinging regrets (“After Harvard, had baby with crackhead”), these terse true tales relate the diversity of human experience in tasty bite-sized pieces. From authors Jonathan Lethem and Richard Ford to comedians Stephen Colbert and Amy Sedaris, to ordinary folks around the world, everyone has a six-word story to tell.

[Eat Pray Love](#) Simon and Schuster

“A beautifully written and well-researched cultural criticism as well as an honest memoir” (Los Angeles Review of Books) from the author of the popular New York Times essay, “To Fall in Love with Anyone, Do This,” explores the romantic myths we create and explains how they limit our ability to achieve and sustain intimacy. What really makes love last? Does love ever work the way we say it does in movies and books and Facebook posts? Or does obsessing over those love stories hurt our real-life relationships? When her parents divorced after a twenty-eight year marriage and her own ten-year relationship ended, those were the questions that Mandy Len Catron wanted to answer. In a series of candid, vulnerable, and wise essays that takes a closer look at what it means to love someone, be loved, and how we present our love to the world, “Catron melds science and emotion beautifully into a thoughtful and thought-provoking meditation” (Bookpage). She delves back to 1944, when her grandparents met in a coal mining town in Appalachia, to her own dating life as a professor in Vancouver. She uses biologists’ research into dopamine triggers to ask whether the need to love is an innate human drive. She uses literary theory to show why we prefer certain kinds of love stories. She urges us to question the unwritten scripts we follow in relationships and looks into where those scripts come from. And she tells the story of how she decided to test an experiment that she’d read about—where the goal was to create intimacy between strangers using a list of thirty-six questions—and ended up in the surreal situation of having millions of people following her brand-new relationship. “Perfect fodder for the romantic and the cynic in all of us” (Booklist), *How to Fall in Love with Anyone* flips the script on love. “Clear-eyed and full of heart, it is mandatory reading for anyone coping with—or curious about—the challenges of contemporary courtship” (The Toronto Star).

Read the "practical resource for beginners" looking to write their own memoir because this is the essential guide on the topic -- now new and revised (Kirkus Reviews)! The greatest story you could write is the one you experienced yourself. Knowing where to start is the hardest part, but it just got a little easier with this essential guidebook for anyone wanting to write a memoir. Did you know that the #1 thing that baby boomers want to do in retirement is write a book--about themselves? It's not that every person has lived such a unique or dramatic life, but we inherently understand that writing a memoir--whether it's a book, blog, or just a letter to a child--is the single greatest path to self-examination. Through the use of disarmingly frank, but wildly fun tactics that offer you simple and effective guidelines that work, you can stop treading water in writing exercises or hiding behind writer's block. Previously self-published under the title, *Writing What You Know: Raelia*, this book has found an enthusiastic audience that now writes with intent. While there have been other writing books, there's nothing like Marion Roach Smith's *The Memoir Project*.

Credited with sparking the current memoir explosion, Mary Karr's *The Liars' Club* spent more than a year at the top of the New York Times list. She followed with two other smash bestsellers: *Cherry and Lit*, which were critical hits as well. For thirty years Karr has also taught the form, winning teaching prizes at Syracuse. (The writing program there produced such acclaimed authors as Cheryl Strayed, Keith Gessen, and Koren Zailckas.) In *The Art of Memoir*, she synthesizes her expertise as professor and therapy patient, writer and spiritual seeker, recovered alcoholic and "black belt sinner," providing a unique window into the mechanics and art of the form that is as irreverent, insightful, and entertaining as her own work in the genre. Anchored by excerpts from her favorite memoirs and anecdotes from fellow writers' experience, *The Art of Memoir* lays bare Karr's own process. (Plus all those inside stories about how she dealt with family and friends get told— and the dark spaces in her own skull probed in depth.) As

she breaks down the key elements of great literary memoir, she breaks open our concepts of memory and identity, and illuminates the cathartic power of reflecting on the past; anybody with an inner life or complicated history, whether writer or reader, will relate. Joining such classics as Stephen King's *On Writing* and Anne Lamott's *Bird by Bird*, *The Art of Memoir* is an elegant and accessible exploration of one of today's most popular literary forms—a tour de force from an accomplished master pulling back the curtain on her craft.

Not Quite What I Was Planning HarperCollins

Aleksandar Hemon's lives begin in Sarajevo, a small, blissful city where a young boy's life is consumed with street soccer with the neighborhood kids, resentment of his younger sister, and trips abroad with his engineer-cum-beekeeper father. Here, a young man's life is about poking at the pretensions of the city's elders with American music, bad poetry, and slightly better journalism. And then, his life in Chicago: watching from afar as war breaks out in Sarajevo and the city comes under siege, no way to return home; his parents and sister fleeing Sarajevo with the family dog, leaving behind all else they had ever known; and Hemon himself starting a new life, his own family, in this new city. And yet this is not really a memoir. *The Book of My Lives*, Hemon's first book of nonfiction, defies convention and expectation. It is a love song to two different cities; it is a heartbreaking paean to the bonds of family; it is a stirring exhortation to go out and play soccer—and not for the exercise. It is a book driven by passions but built on fierce intelligence, devastating experience, and sharp insight. And like the best narratives, it is a book that will leave you a different reader—a different person, with a new way of looking at the world—when you've finished. For fans of Hemon's fiction, *The Book of My Lives* is simply indispensable; for the uninitiated, it is the perfect introduction to one of the great writers of our time.
