The First Lie gives readers an early glimpse into the life of thirteen-year-old Ivy Hart. It's 1958 in rural North Carolina, where Ivy lives with her grandmother and sister on a tobacco farm. As tenant farmers, Ivy and her family don't have much freedom, though she and her best friend, Henry, often sneak away in search of adventure...and their truest selves. They might be richer than gods, but they're morally bankrupt.As far as the boys who run America's most exclusive international academy are concerned, I'm an unwelcome interloper, an inconvenience, and they're determined to make my life a living hell.When Wren Jacobi sets eyes on Wolf Hall Academy's newest inductee, all he sees is an easy mark. A reserved little girl with a target painted on her back. He knows nothing of my troubled past, though. Nothing of my mother's suspicious death, or the horrific treatment I've had to endure at the hands of my psychotic father.And he has no idea of the lengths that I, unassuming little Elodie Stillwater, will go to in order to break the savage beast who dreams of breaking me first.There's a wolf stalking the forests that surround my new school.Little does he know...There are far scarier predators lurking out there in the dark.

This is a book about sinners, for sinners, by quite a big sinner. You may not like it. You may even hate it, as some are sure to do. You may dislike the theme, for, though it introduces lovely people, it comes to grips with an unlovely subject. And solves its riddle. You may dislike the characters as they are limned in print, but not in real life. As they are all living, you may encounter them yourself someday, and discover their excellence. At least one

will live on as an historic figure when this generation has merged with the ages. Perhaps many. Meanwhile, none can disprove the contents of this book or avoid its challenge. The story is true; the challenge is to you.

After nearly four decades of ministry, Andrew Wommack has discovered some important truths about prayer. His prayer life is much different than it was thirty years ago and the results have dramatically improved! You may be asking many of the same questions Andrew once did. Is prayer my Christian duty? Is prayer primarily about asking God to meet my needs and the needs of others? Is God's answer to my prayer based on the degree of my humility and sincerity? Is answered prayer a sovereign decision of God or do I have the ability to influence Him? Clear, scriptural answers to these questions and more could significantly change the way you pray. These principles may not be the only way to pray, but if you're not getting the results you desire, consider changing directions; maybe there is A Better Way to Pray.

The Catholic "thing" - the concrete historical reality of Catholicism as a presence in human history - is the richest cultural tradition in the world. It values both faith and reason, and therefore has a great deal to say about politics and economics, war and peace, manners and morals, children and families, careers and vocations, and many other perennial and contemporary questions. In addition, it has inspired some of the greatest art, music, and architecture, while offering unparalleled human solidarity to tens of millions through hospitals, soup kitchens, schools, universities, and relief services. This volume brings together some of the very best commentary on a wide range of recent events and controversies by some of the very best Catholic writers in the English language: Ralph McInerney, Michael Novak, Fr. James V. Schall, Hadley Arkes, Robert Royal, Anthony Esolen, Brad Miner, George Marlin, David Warren, Austin Ruse, Francis Beckwith, and many others. Their contributions cover large Catholic subjects such as philosophy and theology, liturgy and Church dogma, postmodern culture, the Church and modern politics, literature, and music. But they also look into specific contemporary problems such as religious liberty, the role of Catholic officials in public life, growing moral hazards in bio-medical advances, and such like. The Catholic Thing is a virtual encyclopedia of Catholic thought about modern life.

With kind and humble intent thou reprovest me, dearest brother, for having wished by hiding myself to fly from the burdens of pastoral care; as to which, lest to some they should appear light, I express with my pen in the book before you all my own estimate of their heaviness, in order both that he who is free from them may not unwarily seek them, and that he who has so sought them may tremble for having got them. This book is divided into four separate heads of argument, that it may approach the reader's mind by allegations arranged in order—by certain steps, as it were. For, as the necessity of things requires, we must especially consider after what manner every one should come to supreme rule; and, duly arriving at it, after what manner he should live; and, living well, after what manner he should teach; and, teaching aright, with how great consideration every day he should become aware of his own infirmity; lest either humility fly from the approach, or life be at variance with the arrival, or teaching be wanting to the life, or presumption unduly exalt the teaching.
