*Analog Fundamentals: A Systems
Approach* provides unique coverage of
analog devices and circuits with a systems
emphasis. Discrete linear devices,
operational amplifiers, and other linear

integrated circuits, are all covered with
less emphasis on the individual device,
and more discussion on how these devices
are incorporated into larger circuits and

The instant number one bestseller FROM
#1 INTERNATIONAL BESTSELLING AUTHOR
SYLVIA DAY The final chapter in the global
blockbuster Crossfire quintet Gideon
Cross. Falling in love with him was the
easiest thing I've ever done. It happened
instantly. Completely. Irrevocably.
Marrying him was a dream come true.

Staying married to him is the fight of my
life. Love transforms. Ours is both a refuge
from the storm and the most violent of
tempests. Two damaged souls entwined as
one. We have bared our deepest, ugliest
secrets to one another. Gideon is the
mirror that reflects all my flaws ... and all
the beauty I couldn't see. He has given me
everything. Now, I must prove I can be the
rock, the shelter for him that he is for me.
Together, we could stand against those
who work so viciously to come between
us. But our greatest battle may lie within
the very vows that give us strength.
Committing to love was only the

beginning. Fighting for it will either set us free ... or break us apart. Heartbreakingly and seductively poignant, *One with You* is the breathlessly awaited finale to the Crossfire saga, the searing love story that has captivated millions of readers worldwide.

“A Pulitzer Prize-winning reporter provides a brilliant account of the harrowing drive into Baghdad by an American armor brigade” (Seattle Post-Intelligencer). Based on reporting that was a finalist for the Pulitzer Prize, *Thunder Run* chronicles one of the boldest gambles in modern military history: the surprise assault on Baghdad by the Spartan Brigade, the Second Brigade of the Third Infantry Division (Mechanized). Three battalions and fewer than a thousand men launched a violent thrust of tanks and Bradley Fighting Vehicles into the heart of a city of five million people—and in three days of bloody combat ended the Iraqi war. More than just a rendering of a single battle, *Thunder Run* candidly recounts how soldiers respond under fire and stress and how human frailties are magnified in a war zone. The product of over a hundred interviews with commanders and men from the Second Brigade, it is a riveting firsthand account of how a single armored

brigade was able to capture an Arab capital defended by one of the world’s largest armies. “The best account of combat since *Black Hawk Down*.” —Men’s Journal

series. Gideon calls me his angel, but he's the miracle in my life. My gorgeous, wounded warrior, so determined to slay my demons while refusing to face his own. The vows we'd exchanged should have bound us tighter than blood and flesh. Instead they opened old wounds, exposed pain and insecurities, and lured bitter enemies out of the shadows. I felt him slipping from my grasp, my greatest fears becoming my reality, my love tested in ways I wasn't sure I was strong enough to bear. At the brightest time in our lives, the darkness of his past encroached and threatened everything we'd worked so hard for. We faced a terrible choice: the familiar safety of the lives we'd had before each other or the fight for a future that suddenly seemed an impossible and hopeless dream...
