In a landmark study of history, power, and identity in the Caribbean, Pedro L. San Miguel examines the historiography of Hispaniola, the West Indian island shared by Haiti and the Dominican Republic. He argues that the national identities of (and

often the tense relations between) citizens of these two nations are the result of imaginary contrasts between the two nations drawn by historians, intellectuals, and writers. Covering five centuries and key intellectual figures from each country, San Miguel bridges literature, history, and ethnography to locate the origins of racial, ethnic, and national identity on the island. He finds that Haiti was often portrayed by Dominicans as "the other-- first as a utopian slave society, then as a barbaric state and enemy to the Dominican Republic. Although most of the Dominican population is mulatto and black, Dominican citizens tended to emphasize their Spanish (white) roots, essentially silencing the political voice of the Dominican majority, San Miguel argues. This pioneering work in Caribbean and Latin American historiography, originally published in Puerto Rico in 1997, is now available in English for the first time.

Here in this third complete-in-itself novel of the Incarnations of Immortality, Piers Anthony weaves a fascinating plot as tangled as any skein of fate. This is Anthony at his most ingenious, with another gripping fantasy of the struggle of the incarnations against the machinations of Satan. When the man Niobe loved was shot, she learned that she had been the target, in a devious plot of the Devil's. Hoping for revenge. Niobe accepted a position as one of the three Aspects of Fate, only to find that Satan's plots were tangled into the very Tapestry of Fate. Now the Evil One was laying a trap to ruin Niobe's granddaughter Luna, who threatened his plans—and he had tricked her son into Hell. Niobe's only chance to save her son and Luna was to accept a challenge by the Prince of Deceit—a challenge to be decided in Hell and in a maze of Satan's devising!

This series presents Clark Ashton Smith's fiction chronologically,

based on composition rather than publication. Editors Scott Connors and Ron Hilger have compared original manuscripts, various typescripts, published editions, and Smith's notes and letters, in order to prepare a definitive set of texts. The *Maze of the Enchanter* includes, in chronological order, all of his stories from "The Mandrakes" (February, 1933) to "The Flower-Women" (May, 1935). This volume also features an introduction, and extensive notes on each story.
