 This high-quality edition is an unabridged replication of the original catalogue produced circa 1930, using a rare original source copy. Each page has been expertly processed and every tiny stroke of the many etchings included in this volume has been

detailed and reproduced digitally. This book offers fascinating glimpse of the many birds and other exotic fancy which were available as pets to all who could afford them. Offerings from Chicago Bird and Cage Co. were highlighted by their signature lines of parrots, including the specially bred Mexican "Parrot With The Human Voice" and "Pirate Red Head Parrot," both guaranteed to learn to talk. Beyond these, the company offered a wide selection of locally-sourced and imported bird cages and supplies, as well as a menagerie of other exotic creatures available for order, including Brazilian Cardinals, and even Marmozette Monkeys ("The smallest monkey in existence")! Recreated using technology far superior to any available in the 1930s, this catalogue is printed and optimized for maximal quality and longevity in a format that captures the appearance of the original catalogue when first printed. Whether you are a pet-lover, a collector of ephemera, a historian, or an afficionado of vintage literature, this book will be an excellent addition to your collection and enable you to experience and relive what were once bygone memories of the past. A Mystery Novel Penguin

In her acclaimed novels, Susan Vreeland has given us portraits of
 painting and life that are as dazzling as their artistic subjects.
 Now, in *The Forest Lover*, she traces the courageous life and
 career of Emily Carr, who—more than Georgia O'Keeffe or Frida
 Kahlo—blazed a path for modern women artists. Overcoming the
 confines of Victorian culture, Carr became a major force in
 modern art by capturing an untamed British Columbia and its
 indigenous peoples just before industrialization changed them
 forever. From illegal potlatches in tribal communities to artists'
 studios in pre-World War I Paris, Vreeland tells her story with
 gusto and suspense, giving us a glorious novel that will appeal to
 lovers of art, native cultures, and lush historical fiction.

 beautifully unfolding tale, offering a haunting look into a
 teacher/student relationship. This intimate memoir, written by
 one of Yogi Bhanjan's prized teachers and exalted students, is full
 of devotion, love, dedication, betrayal, loss and the healing

 time in history—the '60s in Los Angeles and New Mexico, where
 love, music, art, spiritual exploration, often led to self-
 transformation. As a historical treatise and a spiritual mystery,
 this book offers unique insight into the origins of the Western
 Sikh movement and the proliferation of Yogi Bhanjan's kundalini

Here is a book as joyous and painful, as mysterious and
 memorable, as childhood itself. I Know Why the Caged Bird Sings
 captures the longing of lonely children, the brute insult of bigotry,
 and the wonder of words that can make the world right. Maya
 Angelou's debut memoir is a modern American classic beloved
 worldwide. Sent by their mother to live with their devout, self-
 sufficient grandmother in a small Southern town, Maya and her
 brother, Bailey, endure the ache of abandonment and the
 prejudice of the local "powhitetrash." At eight years old and back
 at her mother's side in St. Louis, Maya is attacked by a man

many times her age—and has to live with the consequences for a lifetime. Years later, in San Francisco, Maya learns that love for herself, the kindness of others, her own strong spirit, and the ideas of great authors (“I met and fell in love with William Shakespeare”) will allow her to be free instead of imprisoned. Poetic and powerful, *I Know Why the Caged Bird Sings* will touch hearts and change minds for as long as people read. “*I Know Why the Caged Bird Sings* liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder, such a luminous dignity.”—James Baldwin From the Paperback edition.

Some Observations of a Lover of Animals Manga Pangaea

In the opinion of the author, the anonymous sixteenth-century playscript entitled “*The Famous Victories of Henry the Fifth*” is actually one of the first efforts by the young but spirited dramatist, William Shakespeare. Produced about 1586—when the still unknown playwright-actor was 22 years old—the play in question is neither poetic nor highly distinguished. But Professor Pitcher, an ardent Shakespearean scholar, here presents an interesting and ingenious argument for his belief that the unknown playwright was the Bard himself. The object of much critical disparagement and scholarly dispute, “*The Famous Victories*” covers approximately the same span of events as that in the playwright’s famous trilogy immortalizing Henry of Monmouth. In its own time, it was considered exciting. “What a glorious thing it is,” wrote Thomas Nash in 1592, “to have Henry the Fifth represented on the stage leading the French king prisoner and forcing him and the dolphin to swear fealty.” Dr. Pitcher believes that Heming and Condell omitted “*The Famous Victories*” from their First Folio in 1623 because they felt it was not worthy of a place with the later, highly professional plays of Shakespeare, none of which contains such inexperienced writing. If Dr. Pitcher’s line of reasoning is correct, his conclusion is of great value in dissipating some of the mystery surrounding Shakespeare’s early years. For despite the play’s slapstick and buffoonery, it shows that its 22-year-old author was no mere holder of horses at theatre doors, but was already well read enough among “rusty brass and wormeaten books” to piece together his story of “*The Famous Victories*” from the chronicles of Edward Hall, Raphael Holinshed, and John Stow. Certain to arouse violent discussion among Shakespearean scholars, Dr. Pitcher’s book is the considered product of many years of thought and study. The text of the Elizabethan play concerned will in itself be of interest to students of the drama, and the possibility that Shakespeare himself penned its lines will lend an excitement to the reading of the scenes. The famous “Grafton portrait” of a youth believed to be the young Shakespeare appears as frontispiece.

Birds and Beasts of the Roman Zoo Princeton University Press

A haunting, beautifully illustrated memorial to this iconic extinct bird At the start of the nineteenth century, Passenger Pigeons were perhaps the most abundant birds on the planet, numbering literally in the billions. The flocks were so large and so dense that they blackened the skies, even blotting out the sun for days at a stretch. Yet by the end of the century, the most common bird in North America had vanished from the wild. In 1914, the last known representative of her species, Martha, died in a cage at the Cincinnati Zoo. This stunningly illustrated book tells the astonishing story of North America's Passenger Pigeon, a bird species that—like the Tyrannosaur, the Mammoth, and the Dodo—has become one of the great icons of extinction. Errol Fuller describes how these fast, agile, and handsomely plumaged birds were immortalized by the ornithologist and painter John James Audubon, and captured the imagination of writers such as James Fenimore Cooper, Henry David Thoreau, and Mark Twain. He shows how widespread deforestation, the demand for cheap and plentiful pigeon meat, and the indiscriminate killing of Passenger Pigeons for sport led to their catastrophic decline. Fuller provides an evocative memorial to a bird species that was once so important to the ecology of North America, and reminds us of just how fragile the natural world can be. Published in the centennial year of Martha’s death, *The Passenger Pigeon* features rare archival images as well as haunting photos of live birds.

A novel based on the true story of a remarkable woman, her lifelong relationship with birds and the joy she drew from it Len Howard was forty years old when she decided to leave her London life and loves behind, retire to the English countryside and devote the rest of her days to her one true passion: birds. Moving to a small cottage in Sussex, she wrote two bestselling books, astonishing the world with her observations on the tits, robins, sparrows and other birds that lived nearby, flew freely in and out of her windows, and would even perch on her shoulder as she typed. This moving novel imagines the story of this remarkable woman's decision to defy society's expectations, and the joy she drew from her extraordinary relationship with the natural world.
