Annie Leibovitz: Wonderland St. Martin's Griffin
 After losing someone she loved, artist Candy Chang painted the side of an abandoned house in her New Orleans neighborhood with chalkboard paint and stenciled the sentence, "Before I die I want to ____." Within a day of the wall's completion, it was covered in colorful chalk dreams as neighbors stopped and reflected on their lives. Since then, more than four hundred Before I Die walls have been created by people all over the world. This beautiful hardcover book is an inspiring celebration of these walls and the stories behind them. Filled with hope, fear, humor, and heartbreak, Before I Die presents an intimate portrait of the dreams within our communities and a chance to ponder life's ultimate question.

Suri's Burn Book Penguin

This captivating book reproduces arguably the most extraordinary primary source documents in fashion history. Providing a revealing window onto the Renaissance, they

chronicle how style-conscious accountant Matthäus Schwarz and his son Veit Konrad experienced life through clothes, and climbed the social ladder through fastidious management of self-image. These bourgeois dandies' agenda resonates as powerfully today as it did in the sixteenth century: one has to dress to impress, and dress to impress they did. The Schwarzes recorded their sartorial triumphs as well as failures in life in a series of portraits by illuminists over 60 years, which have been comprehensively reproduced in full color for the first time. These exquisite illustrations are accompanied by the Schwarzes' fashion-focused yet at times deeply personal captions, which render the pair the world's first fashion bloggers and pioneers of everyday portraiture. The First Book of Fashion demonstrates how dress – seemingly both ephemeral and trivial – is a potent tool in the right hands. Beyond this, it colorfully recaptures the experience of Renaissance life and reveals the importance of clothing to the aesthetics and every day culture of the period. Historians Ulinka Rublack's and Maria Hayward's insightful commentaries create an unparalleled portrait of sixteenth-century dress that is both strikingly modern and thorough in its description of a true Renaissance fashionista's wardrobe. This first English translation

also includes a bespoke pattern by TONY award-winning costume designer and dress historian Jenny Tiramani, from which readers can recreate one of Schwarz's most elaborate and politically significant outfits.

An astonishing collection of over 700 original scans of printed ephemera and memorabilia from the prime years of the punk and post-punk movements. Since finding punk in the summer of 1976, Andrew Krivine has amassed one of the world's largest collections of punk graphic design and memorabilia, with part of his collection exhibiting at the Cranbrook Art Museum in Michigan, before moving to the New York Museum of Arts and Design, and many other such spaces around the world in 2020 and 2021. This book represents the cream of that collection--over 700 original scans of posters, flyers, covers, and ads from the prime years of the movement, which changed the world of graphic design forever. Too Fast to Live tells of one man's obsession with creating an unparalleled collection of punk memorabilia. The illustrative content of the book is verified, critically assessed, and given provenance by an array of graphic design experts, academics, and commentators, among them Steven Heller (former art director at the New York Times), Russ Bestley, Professor Rick Poynor, Malcolm Garrett, and Pulitzer and National Book Award-winning editor Michael Wilde. The unique mix of imagery and text makes this arguably the most essential and definitive work on the graphic design revolution within the punk and post-punk movements of America and the U.K.

From the bestselling author of *A Ladder to the Sky*—"a darkly funny novel that races like a beating heart" (*People*)—comes a new novel that plays out across all of human history: a story as precise as it is unlimited. This story starts with a family. For now, it is a father and a mother with two sons, one with his father's violence in his blood, one with his mother's artistry. One leaves. One stays. They will be joined by others whose deeds will determine their fate. It is a beginning. Their stories will intertwine and evolve over the course of two thousand years. They will meet again and again at different times and in different places. From Palestine at the dawn of the first millennium and journeying across fifty countries to a life among the stars in the third, the world will change around them, but their destinies remain the same. It must play out as foretold. From the award-winning author of *The Heart's Invisible Furies* comes *A Traveler at the Gates of Wisdom*, an epic tale of humanity. The story of all of us, stretching across two millennia. Imaginative, unique, heartbreaking, this is John Boyne at his most creative and compelling.

Fire Island's gay communities, documented in a nocturnal erotic fever-dream by Matthew Leifheit Featuring 77 color photographs, *To Die Alive* portrays Fire Island's world of desire and its layers of history: the Ice Palace bar's infamous underwear party; the men-only Belvedere Guesthouse; clandestine encounters in the Meat Rack; and landscapes in all seasons of the island's delicate maritime forest. The wide-ranging subjects of Matthew Leifheit's portraits reflect the intergenerational community who come to the island for refuge or employment, ranging from weekend

visitors to sugar daddies to bartenders and sex workers. Tinged with sadness, the book's climax mixes feelings of pleasure with desperation and loss. As homosexuality gains mainstream acceptance, many queer Americans no longer need to go to geographic extremes like Fire Island, Provincetown, Palm Springs or Key West to express themselves. But what is the cost of assimilation? *To Die Alive* is both romantic and grotesque, challenging the sun-bleached history of homoerotic representation on this fragile island, which itself is under constant threat of erosion by the sea. Matthew Leifheit (born 1988) is an American photographer, magazine editor and professor born in Chicago and based in Brooklyn. A graduate of the Yale School of Art, he was formerly photo editor of *Vice* and is currently on faculty at Pratt Institute. Leifheit's photographic work has been exhibited internationally and is held in public collections. His photographs have appeared in publications such as the *New York Times*, the *New Yorker*, *Aperture*, *Time* and *Artforum*. Leifheit is editor-in-chief of *Matte Magazine*, a journal of emerging photography that he has edited and published since 2010.

Named one of the Most Anticipated of Books of 2021 by the *Los Angeles Times*, *Literary Hub*, and *The Millions* A searing and brave memoir that offers a new understanding of suicide as a distinct mental illness. As the sun lowered in the sky one Friday afternoon in April 2006, acclaimed author Donald Antrim found himself on the roof of his Brooklyn apartment building, afraid for his life. In this moving memoir, Antrim vividly recounts what led him to the roof and what happened after he came back down: two hospitalizations, weeks of fruitless clinical trials, the terror of

submitting to ECT—and the saving call from David Foster Wallace that convinced him to try it—as well as years of fitful recovery and setback. One Friday in April reframes suicide—whether in thought or action—as an illness in its own right, a unique consequence of trauma and personal isolation, rather than the choice of a depressed person. A necessary companion to William Styron's classic *Darkness Visible*, this profound, insightful work sheds light on the tragedy and mystery of suicide, offering solace that may save lives.

NEW YORK TIMES BEST SELLER • A Best Book of 2021:

Entertainment Weekly, Good Morning America, Wall Street Journal, and more From the indie rockstar of Japanese Breakfast fame, and author of the viral 2018 *New Yorker* essay that shares the title of this book, an unflinching, powerful memoir about growing up Korean American, losing her mother, and forging her own identity. In this exquisite story of family, food, grief, and endurance, Michelle Zauner proves herself far more than a dazzling singer, songwriter, and guitarist. With humor and heart, she tells of growing up one of the few Asian American kids at her school in Eugene, Oregon; of struggling with her mother's particular, high expectations of her; of a painful adolescence; of treasured months spent in her grandmother's tiny apartment in Seoul, where she and her mother would bond, late at night, over heaping plates of food. As she grew up, moving to the East Coast for college, finding work in the restaurant industry, and performing gigs with her fledgling band—and meeting the man who would become her husband—her Koreanness began to feel ever more distant, even as she found the life she wanted to live. It was her mother's diagnosis of terminal cancer, when Michelle was twenty-five, that forced a reckoning with her identity and brought her to reclaim the gifts of taste, language, and history her mother had given her. Vivacious and plainspoken, lyrical and honest, Zauner's voice is as radiantly alive on the page as it is onstage. Rich with intimate anecdotes that will resonate widely, and complete with family photos, *Crying in H Mart* is a book to cherish, share, and reread.

NEW YORK TIMES BESTSELLER AND INSPIRATION FOR THE NETFLIX LIMITED SERIES, HAILED BY ROLLING STONE AS "A GREAT ONE." "A single mother's personal, unflinching look at America's class divide, a description of the tightrope many families walk just to get by, and a reminder of the dignity of all work." -PRESIDENT BARACK OBAMA, Obama's Summer Reading List At 28, Stephanie Land's dreams of attending a university and becoming a writer quickly dissolved when a summer fling turned into an unplanned pregnancy. Before long, she found herself a single mother, scraping by as a housekeeper to make ends meet. *Maid* is an emotionally raw, masterful account of Stephanie's years spent in service to upper middle class America as a "nameless ghost" who quietly shared in her clients' triumphs, tragedies, and deepest secrets. Driven to carve out a better life for her family, she cleaned by day and took online classes by night, writing relentlessly as she worked toward earning a college degree. She wrote of the true stories that weren't being told: of living on food stamps and WIC coupons, of government programs that barely provided housing, of aloof government employees

who shamed her for receiving what little assistance she did. Above all else, she wrote about pursuing the myth of the American Dream from the poverty line, all the while slashing through deep-rooted stigmas of the working poor. *Maid* is Stephanie's story, but it's not hers alone. It is an inspiring testament to the courage, determination, and ultimate strength of the human spirit.

Or is there a possibility she didn't do it at all? The Gucci story is one of glitz, glamour, intrigue, the rise, near fall and subsequent resurgence of a fashion dynasty. Beautifully written, impeccably researched, and widely acclaimed, *The House of Gucci* will captivate readers with its page-turning account of high fashion, high finance, and heart-rending personal tragedy.

A Memoir Harper Collins

A sweeping and captivatingly told history of clothing and the stuff it is made of—an unparalleled deep-dive into how everyday garments have transformed our lives, our societies, and our planet "Thanhauser . . . examines the effect of clothes on our environment, politics and even our ethics . . . admirable, meticulously researched . . . [and] makes us pay attention." —The Wall Street Journal In this panoramic social history, Sofi Thanhauser brilliantly tells five stories—Linen, Cotton, Silk, Synthetics, Wool—about the clothes we wear and where they come from, illuminating our world in unexpected ways. She takes us from the opulent court of Louis XIV to the labor camps in modern-day Chinese-occupied Xinjiang. We see how textiles were once dyed with lichen, shells, bark, saffron, and beetles, displaying distinctive regional weaves and knits, and how the modern Western garment industry has refashioned our attire into the homogenous and disposable uniforms popularized by fast-fashion brands. Thanhauser makes clear how the clothing industry has become one of the planet's worst polluters and how it relies on chronically underpaid and exploited laborers. But she also shows us how micro-communities, textile companies, and clothing makers in every corner of the world are rediscovering ancestral and ethical methods for making what we wear. Drawn from years of intensive research and reporting from around the

world, and brimming with fascinating stories, Worn reveals to us that our clothing comes not just from the countries listed on the tags or ready-made from our factories. It comes, as well, from deep in our histories.
