In that paper, and in this Strategy, water resources management comprises the institutional framework (legal, regulatory and organizational roles), management instruments (regulatory and financial), and the development, maintenance and operation of infrastructure. Water Resources Sector Strategy This Water Sector Strategic Development Plan

(WSSDP) has been prepared by the Government of Ghana (GoG) to provide a framework for implementing its vision, policy objectives and targets for the water and sanitation sector. It will guide the water sector as a whole (both state and non-state). WATER SECTOR STRATEGIC DEVELOPMENT PLAN (2012-2025) Water quality is one of the main issues in the Water Sector in Pakistan and its improvement a key component of the Strategy. Poor water quality and its improvement affects all sub-sectors as well as the quality of life of the people. PAKISTAN WATER SECTOR STRATEGY - Ministry of Water Resources The overarching goal of the

Strategy is to save lives and advance development through improvements in water supply, sanitation, and hygiene (WASH), and through sound management and use of water for food security. To achieve this goal, the Strategy sets two strategic objectives (SOs). Water and Development Strategy Implementation Guide The Water Sector Strategy was developed as a result of the commitment and efforts of members of key Afghan ministries, donors, civil society and the private sector. The invaluable contribution of HE Mohammad Ismail Khan, Minister of Energy & Water, H.E. Water Sector Strategy 2.6 billion people have gained

access to an improved drinking water source and 2.1 billion to an improved sanitation facility through the collective efforts of sector stakeholders.²¹ The MDG drinking water target of halving the proportion of people without access was met globally, and nationally in 147 countries. Strategy for Water, Sanitation and Hygiene 2016–2030 the water sector with an aim to secure a sustainable basis for development and management of country's water resources. One important element of this agenda is the formulation of national water strategy. The main objective of the water strategy is to translate the national water resources management policy

into action.ETHIOPIAN
