spring fever! This time  
she's swallowing items  
to make the most of  
the season...with a  
beautiful garden!With  
rhyming text and funny  
illustrations, this lively  
version of the classic  
song will appeal to  
young readers with

every turn of the page-  
-a wacky story for the  
first day of spring!

*29 Spanish Alphabet  
Mini-Books* McGraw Hill  
Professional

This comprehensive  
account of bilingualism  
examines the  
importance of using  
students' native  
languages as a tool for  
supporting higher  
levels of learning. The  
authors highlight the  
social, linguistic, neuro-  
cognitive, and  
academic advantages  
of bilingualism, as well  
as the challenges faced  
by English language  
learners and their  
teachers in schools  
across the United  
States. They describe  
effective strategies for  
using native  
languages, even when  
the teacher lacks  
proficiency in that  
language. This  
resource addresses

both the latest  
research and theory on  
native language  
instruction, along with  
its practical application  
(the what, the why,  
and how) in K-8  
classrooms.

Thanksgiving Turkey*

Taylor & Francis

In this fascinating  
book, the author of *The  
Hinge Factor* and *The  
Weather Factor*  
surveys revolutions  
across the centuries,  
vividly portraying the  
people and events that  
brought wrenching,

often enduring and always bloody change to countries and societies almost overnight. Durschmied begins with the French Revolution and goes on to examine the revolutions of Mexico in 1910, Russia in 1917, and Japan in 1945, as well as the failed putsch against Hitler in 1944. His account of the Cuban Revolution is peppered with personal anecdotes for he was the first foreign correspondent to meet Castro when the future leader was still in the Sierra Maestra. He concludes with the Iranian Revolution that ousted the Shah in 1979 another that he personally covered and, in a new preface, extends his analysis to the Arab Spring. Each revolution, Durschmied

contends, has its own dynamic and memorable cast of characters, but all too often the end result is the same: mayhem, betrayal, glory, and death. Unlike the American Revolution, which is the counterexample, few revolutions are spared the harsh reality that most devour their own children. Durschmied is a supremely gifted reporter who has transformed the media he works in. Newsweek A] light and lively narrative that serves as a useful introduction for the general reader. Library Journal [English/Spanish ABC Children's Book](#) Teachers College Press Inspire bilingual reading success from A to Z! English/Spanish ABC Children's Book features words and

imaginative illustrations to help your child learn the alphabet and letter sounds. Perfect for improving language skills that form the foundation of an early, bilingual education. English/Spanish ABC Children's Book features words that imaginative illustrations to help you child learn the alphabet and letter sounds. Perfect for improving language skills that form the foundation of an early, bilingual education. Bilingual text promotes familiarity in both languages. Develops key observational skills. ABC illustration association builds knowledge of the world.

Music in Childhood

*Spanish Alphabet Chart*  
Flash Kids

A collection of favourite bedtime stories chosen by celebrities, including Ant and Dec, Richard and Judy, Tony and Cherie Blair, Jamie Oliver, Kate Winslet, Richard E. Grant, Annie Lennox and more.

Nursery Rhyme Flip Chart  
Allyn & Bacon  
Reporting the findings

of the National Literacy Panel on Language-Minority Children and Youth, this book concisely summarises what is known from empirical research about the development of literacy in language-minority children and youth, including development, environment, instruction, and assessment.

*Units of Study in Phonics* Classroom Practice

Colorful chart for learning Spanish alphabets. This Spanish alphabet chart is aimed to make learning easy for first time Lerner by providing each Spanish alphabet with picture of associated object, pronunciation and bilingual word. Teach Spanish alphabets with this 17 inch x 24 inch alphabet poster.

*Literacy Instruction for English Language Learners* Heinemann Educational Books  
Building on the success of her prior book, *Practice Makes Perfect: Spanish Verb Tenses*, author Dorothy Devney Richmond helps learners attain a strong working vocabulary, no matter if they are absolute beginners or intermediate students of the language. She combines her proven instruction techniques and clear explanations with a plethora of engaging exercises, so students are motivated and hardly notice that they are absorbing so much Spanish. *Practice Makes Perfect: Spanish Vocabulary* also includes basic grammar and structures of the language to complement learners'

newly acquired words. "Vocabulary Builders" help students add to their Spanish repertoire by using cognates, roots, suffixes, prefixes, and other "word-building" tools.

Did you ever want to  
teach your kids the  
basics of Spanish ?  
Learning Spanish can  
be fun with this picture  
book. In this book you  
will find the following  
features: Spanish  
Alphabets. Spanish  
Words. English  
Translations.

*Language and Literacy  
in Bilingual Children*  
Plural Publishing  
Literacy Instruction for  
English Language  
Learners turns  
hundreds of ELL

studies into dozens of  
strategies for regular  
classroom instruction.  
Nancy Cloud, Fred  
Genesee, and Else  
Hamayan have  
examined the research  
evidence to determine  
what works for ELLs.  
They recommend best  
practices for teaching  
English learners to  
read and write from  
emergent literacy to  
primary school and on  
through middle school  
and include helpful  
features that make the  
research directly  
accessible to all  
teachers.

**Strategies for  
Teaching English  
Learners** Teaching  
Resources

The definition of  
English language  
classroom is changing.  
When students have  
the opportunity to  
learn content and  
language at the same

time, disciplinary boundaries overlap. Teachers are rethinking how they design courses, plan lessons, assess students, and collaborate with colleagues to support student learning and facilitate their own professional growth. In this volume, contributors describe practical examples of integrating language and content in classrooms in Italy, the Netherlands, Yemen, Turkey, Taiwan, Russia, the United States, and South Africa. Teachers help students achieve their goals--learning English for specific purposes such as advertising, fashion design, and philosophy; teaching adult learners by integrating English skills with health

literacy, conflict resolution, and social justice; serving emerging bilingual students in learning grade-level academic material or valuable job skills. The book is divided into four sections that help readers navigate the sometimes chaotic intersection of language and content: Why Do Teachers Design Courses to Integrate Language and Content?; How Do Teachers Integrate Language and Content?; How Do Teachers Evaluate Language and Content Learning?; and How Do Teachers Collaborate to Integrate Language and Content?

**Professional School Counseling** John Benjamins Publishing  
"The new Units of study in phonics

provide a lean and concise instructional pathway in phonics that is realistic and doable, and that taps into kids' skills and energy for tackling the fabulous challenge of learning to read and write, introduce high-leverage phonics concepts and strategies in a way that keeps pace with students' reading and writing and helps them understand when, how, and why they can use phonics to read and write, offer delightfully fun and engaging storylines, classroom mascots, songs, chants, rhymes, and games to help students fall head over heels in love with phonics and to create a joyous community of learners, align with state-of-the-art reading and writing workshops for a

coherent approach in which terminology, tools, rituals, and methods are shared in ways that benefit both teachers and kids."-- from set container.

### **Language, Power and Pedagogy**

Multilingual Matters

In this tool Fountas and Pinnell have compiled a comprehensive collection of precise language to use when teaching for, prompting for, and reinforcing effective strategic actions for each student's precise literacy behaviors.

*El mitón* Golden Books

The tracing of lines in the swing exercises is a great training for the, at first playful, handling of pens and prepare them by practicing the precise guiding of the pen, specifically for writing letters and generally

training the graphomotor skills. The exercises give the children a feeling for the movements while writing. The tracing of the lines loosens and strengthens the hand and arm movements necessary for writing and exercises the coordination of hand and eyes. In addition, the correct pen position (three-point grip) can also be improved in these exercises. And besides, the tasks are fun for the children - and that is certainly the most important requirement for learning.

Rainbow Fish A, B, C

North South Castel, diction coach and tenor at the Metropolitan Opera, shares his knowledge of languages and experience in coaching and teaching (at

Juilliard and elsewhere) to help singers master an often neglected language.

Nicolas Slonimsky  
Scholastic Teaching Resources

Tina isn't like the other cows. She believes that the sky is the limit, that everything is possible. But her sisters aren't convinced - and when Tina tells them she has climbed a tree and met a dragon, they decide that her nonsense has gone too far. Off they go into the woods to find her... and soon discover a world of surprises! A richly atmospheric, thoughtful and funny picture book from rising star Gemma Merino. Her debut picture book, THE CROCODILE WHO DIDN'T LIKE WATER, has won a string of

awards and many fans all over the globe. Her deliciously expressive artwork is created using monoprint, coloured digitally.

*Managing Language and Literature Programs in the Philippine Setting*  
Scholastic Inc.

Flash Kids Flash Cards offer essential practice in key concepts such multiplication, division,

the alphabet, sights words, and state capitals. Containing 88 cards in each package, these cards are sturdier than others on the market.
