Three Pickled Herrings Orion Children's
Books

'There were three things that marked out Lucy Willow as different. The first was that she lived on a train. The second was that she had a snail called Ernest as a pet. And the third, the most important of all, was that she had green fingers.' It's Lucy's green fingers that save the day when Silverboots McCoy the famous footballer and his girlfriend Blossom B order flowers for their wedding - for

Ricky Sparks, who runs the rival garden centre, will stop at nothing to get the contract for himself. Longer and fuller than the Magical Children books, LUCY WILLOW has all Sally Gardner's soaring imagination, enchanting humour and great heart, and is rich in scenes and characters that readers will adore and always remember.

When the present offers no hope for the future, the answers may lie in the past AJ

Flynn has just failed all but one of his GCSEs, and his future is looking far from rosy. So when he is offered a junior position at a London law firm he hopes his life is about to change - but he could never have imagined by how much. Tidying up the archive one day, AJ finds an old key, mysteriously labelled with his name and date of birth - and he becomes determined to find the door that fits the key. And so begins an amazing journey to a very real and tangible past - 1830, to be precise - where the streets of modern Clerkenwell are replaced with cobbles and carts, and the law can be twisted to suit a villain's means. Although life in 1830 is cheap, AJ and his friends quickly find that their own lives have much more value. They've gone from sad youth statistics

to young men with purpose - and at the heart of everything lies a crime that only they can solve. But with enemies all around, can they unravel the mysteries of the past, before it unravels them? A fast-paced mystery novel by one of the country's finest writers, and a UKLA Book Awards 2016 shortlisted title, *THE DOOR THAT LED TO WHERE* will delight, surprise and mesmerise all those who read it.

They were like a band of brothers... In 1983 Andy McNab was assigned to B Squadron, one of the four Sabre Squadrons of the SAS, and within it to Air Troop, otherwise known as SEVEN TROOP. This is Andy McNab's gripping account of the time he served in the

company of a remarkable group of men - from the day, freshly badged, he joined them in the Malayan jungle, to the day, ten years later, that he handed in his sand-coloured beret and started a new life. The links they forged then bound them inextricably together, but the things they saw and did during that time would take them all to breaking point - and some beyond - in the years that were to follow. He who dares doesn't always win...

What if you found out your life has been threaded with secrets — ones that rocked you to your core? An affecting page-turner written in a brave, memorable language all its own. Some

words are hard to get out of your mouth. Because they spell out secrets that are too huge to be spoken out loud. But if you bottle them up, you might burst. So here's my story. Told the only way I dare tell it. Sophie Nieuwenleven is sort of English and sort of Belgian. She and her family came to live in Belgium when she was only four or five, but she's fourteen now and has never been sure why they left England in the first place. She loves her international school, adores her friend Comet, and is protective of her little brother, Hercule. But it's hard to feel carefree when her mom never leaves the apartment — ordering groceries online and blasting music in her room — and her dad has a dead-end job as a car mechanic. Then one day Sophie makes a startling discovery, a

discovery that unlocks the mystery of who she really is. This is a novel about identity and confusion and about feeling so utterly freaked out that you can't put it into words. But it's also about hope. And trust. And the belief that, somehow, everything will be OK. Sophie Someone is a tale of good intentions, bad choices, and betrayal — and ultimately, a compelling story of forgiveness.

To Stay Alive Faber & Faber Children's Books

From the author of *The Walled City* comes a fast-paced and innovative novel that will leave you breathless. Her story begins on a train. The year is 1956, and the Axis powers of the Third Reich and Imperial Japan rule. To commemorate their Great Victory, they host the Axis Tour: an annual motorcycle race across

their conjoined continents. The prize? An audience with the highly reclusive Adolf Hitler at the Victor's ball in Tokyo. Yael, a former death camp prisoner, has witnessed too much suffering, and the five wolves tattooed on her arm are a constant reminder of the loved ones she lost. The resistance has given Yael one goal: Win the race and kill Hitler. A survivor of painful human experimentation, Yael has the power to skinshift and must complete her mission by impersonating last year's only female racer, Adele Wolfe. This deception becomes more difficult when Felix, Adele's twin brother, and Luka, her former love interest, enter the race and watch Yael's every move. But as Yael grows closer to the other competitors, can she be as ruthless as she needs to

be to avoid discovery and stay true to her mission?
