Born in Imperia in 1945, Giuseppe Conte is one of the most important and powerful voices in Italian literature today. A talented and versatile writer, he has published numerous books of poetry, novels, criticism, essays, and plays. He has received major literary prizes (including the Premio Montale) and has translated into Italian the works of Shelley, D.H. Lawrence and Walt Whitman. He has traveled extensively, has visited the United States to present his poetry, and now lives in Imperia, Italy, and in Nice, France. *The Ocean and the Boy*, Conte's first full-length book of poetry, is written in an intensely personal style, fusing myth and everyday reality. In this dual-language edition, the first English translation of a complete poetry book by Conte, the editor-translator, Italian-born poet Laura Stortoni, has included a translator's note, biographical and bibliographical data, endnotes and an introduction by Italo Calvino.

"The stories here are the raw heart of Michael Moorcock. They are the spells that first drew me and all the numerous admirers of his work with whom I am acquainted into Moorcock's luminous and captivating web." -from the Foreword by Alan Moore, creator of *V for Vendetta* When Michael Moorcock began chronicling the adventures of the albino sorcerer Elric, last king of decadent Melniboné, and his sentient vampiric sword, Stormbringer, he set out to create a new kind of fantasy adventure, one that broke with tradition and reflected a more up-to-date sophistication of theme and style. The result was a bold and unique hero-weak in body, subtle in mind, dependent on drugs for the vitality to sustain himself-with great crimes behind him and a greater destiny ahead: a rock-and-roll antihero who would channel all the violent excesses of the sixties into one enduring archetype. Now, with a major film in development, here is the first volume of a dazzling collection of stories containing the seminal appearances of Elric and lavishly illustrated by award-winning artist John Picacio-plus essays, letters, maps, and other material. Adventures include "The Dreaming City," "While the Gods Laugh," "Kings in Darkness," "Dead God's Homecoming," "Black Sword's Brothers," and "Sad Giant's Shield." An indispensable addition to any fantasy collection, *Elric: The Stealer of Souls* is an unmatched introduction to a brilliant writer and his most famous-or infamous-creation. "The most significant UK author of sword and sorcery, a form he has both borrowed from and transformed." -The Encyclopedia of Fantasy From the Trade Paperback edition.

The unforgettable second novel in the acclaimed *Covenant* series from #1 New York Times bestselling Jennifer L. Armentrout. Includes a special bonus scene from Seth's point of view. Enter the world of *Covenant*... For Alexandria, being destined to become some kind of supernatural electrical outlet isn't exactly awesome - especially when her 'other half' is everywhere she goes. Seth's in her training room, outside her classes, and keeps showing up in her bedroom - so not cool. Their connection does have some benefits, like staving off her memories of the tragic showdown with her mother, but it has no effect on what Alex feels for the forbidden, pure-blooded Aiden. When daimons infiltrate the *Covenants* and attack students, the gods send furies - creatures determined to eradicate any threat to the *Covenants* and to the gods... and that includes Alex. If that and hordes of

aether-sucking monsters weren't bad enough, a mysterious threat seems willing to do anything to neutralize Seth, even if that means forcing Alex into servitude... or killing her.

Follow the adventures of well-known media personality Andrew Fagan as he takes on the challenge of sailing into the Southern Ocean aboard his tiny 5.4-metre plywood yacht, *Swirly World*. In 2007, Kiwi musician and radio personality Andrew Fagan set sail in his 5.4 metre plywood yacht, *Swirly World*, to circumnavigate New Zealand. And just to make it more difficult, the outspoken Fagan included a leg to the sub-Antarctic Auckland Islands in the notorious Southern Ocean. All in all he sailed over 3000 miles in two months. Facing such potentially lethal conditions in such a tiny craft took careful planning mixed with extreme determination, serious fortitude and uncommon daring. In this account of his voyage, Fagan tells of having to avoid icebergs, sailing through a force ten storm in the Southern Ocean and visiting sites of shipwrecks at Port Ross in the Auckland Island group: 'With the genuine concern of a very fatigued person, I was sailing for my life and I knew it!' In a country fed on a regular diet of exceptional sailing feats, his voyage was immediately embraced and celebrated. *SWIRLY WORLD SAILS SOUTH* is a sharply accurate and humorous narrative blend written from Andrew's journal accounts and accompanied by photographs. He offers a unique and refreshing perspective on the world of solo sailing, bringing the intensity and self-doubt alive and revealing the extreme emotional endurance required in order to complete such a long and multi-faceted journey alone.

"Meticulously researched, detailed and documented, this long awaited overview justly establishes Konitz as one of the most consistently brilliant, adventurous and original improvisers in the jazz tradition—a genius as rare as Bird himself." —John Zorn "Hamilton's work may well mark the inception of a format new to writing on Western music, one which avoids both the self-aggrandizing of autobiography and the stylized subjectification of biography." —The Wire "An extraordinary approach to a biography, with the man himself speaking for extended sessions. The main vibration I felt from Lee's words was total honesty, almost to a fault. Konitz shows himself to be an acute observer of the scene, full of wisdom and deep musical insights, relevant to any historical period regardless of style. The asides by noted musicians are beautifully woven throughout the pages. I couldn't put the book down—it is the definition of a living history." —David Liebman The preeminent altoist associated with the "cool" school of jazz, Lee Konitz was one of the few saxophonists of his generation to forge a unique sound independent of the influence of Charlie Parker. In the late 1940s, Konitz began his career with the Claude Thornhill band, during which time he came into contact with Miles Davis, with whom he would later work on the legendary *Birth of the Cool* sessions. Konitz is perhaps best known through his association with Lennie Tristano, under whose influence much of his sound evolved, and for his work with Stan Kenton and Warne Marsh. His recordings have ranged from cool bop to experimental improvisation and have appeared on such labels as Prestige, Atlantic, Verve, and Polydor. Crafted out of numerous interviews between the author and his subject, the book offers a unique look at the story of Lee Konitz's life and music, detailing Konitz's own insights into his musical education and his experiences with such figures as Miles Davis, Stan Kenton, Warne Marsh, Lennie Tristano, Charles Mingus, Bud Powell, and Bill Evans. Andy Hamilton is a jazz pianist and contributor to major jazz and contemporary music magazines. He teaches philosophy, and the history and aesthetics of jazz, at Durham University in the United Kingdom. He is also the author

of the book *Aesthetics and Music* (Continuum 2007). Joe Lovano is a Grammy Award-winning tenor saxophonist. His most recent album is *Streams of Expression*.

"The posthumously published collection *Hermit in Paris* draws together an array of Italo Calvino's autobiographical writings that provide an illuminating and unexpectedly intimate portrait of one of the postwar era's most inventive and fascinating writers. In these pages, Calvino recounts his experiences in Italy's antifascist resistance, pays homage to his influences, traces the evolution of his literary style, and, in one of the book's most humorous and entertaining sections, provides a wry commentary on his travels in the United States in 1959 and 1960"--

Note to my stupid cupid self: The next time I go and anchor myself to a hot covey, make sure those anchors aren't about to compete in a fight to the death. Yeah. Total downer. I have a body now and I don't intend to lose it. I also don't intend to lose the genfins that I've grown so attached to. So it's time to return to the kingdom island and hope like hell that my guys make it through the royal trials of the culling. I also have to hope that the prince of the realm doesn't spot me. If he does, I'm pretty sure I have imprisonment and torture to look forward to. But we can make it through this. I know we can. I'm at least 70% sure we can, anyway. Okay, maybe it's more like fifty-fifty. But after we do? Well, my to-do list is long, but convincing my genfins that they belong with me is pretty high up there. So is dessert. And trying some fairy wine. And skinny dipping. Also sex. Lots and lots of sex. But mostly, I just want what I've always wanted--to have love of my own. Wings crossed that the genfins get on board with that plan. This cupid has her work cut out for her. Author's note: This is the second book of the Heart Hassle Series, so there is a cliffhanger. Be warned. This is a reverse harem story and includes sexually explicit scenes and mature language. Intended for ages 18 years and older.

This classic explores the symbolism of classical architecture. A milestone in relating mysticism to design, it shows the correlation between mythology and the design of St. Paul's Cathedral, the Taj Mahal, the Palace of Versailles, and other architectural masterpieces. This delightful book describes the symbolism of real-world architecture, as well as architecture described in fiction, myth and folklore. Lethaby believed that architecture reflected the macrocosm. He speculated that many of the seemingly ornamental details of classical buildings actually represented aspects of the land, the sea and the sky. This is one of those books like the *Golden Bough* or the *White Goddess* (albeit shorter and a less challenging read) that will turn you on

to the mythopoetic side of reality, no matter whether you agree with its conclusions.

A fantastic collection of Soviet Asian architecture, many photographed here for the first time Soviet Asia explores the Soviet modernist architecture of Central Asia. Italian photographers Roberto Conte and Stefano Perego crossed the former Soviet republics of Kazakhstan, Kyrgyzstan, Uzbekistan and Tajikistan, documenting buildings constructed from the 1950s until the fall of the USSR. The resulting images showcase the majestic, largely unknown, modernist buildings of the region. Museums, housing complexes, universities, circuses, ritual palaces - all were constructed using a composite aesthetic. Influenced by Persian and Islamic architecture, pattern and mosaic motifs articulated a connection with Central Asia. Grey concrete slabs were juxtaposed with colourful tiling and rectilinear shapes broken by ornate curved forms: the brutal designs normally associated with Soviet-era architecture were reconstructed with Eastern characteristics. Many of the buildings shown in *Soviet Asia* are recorded here for the first time, making this book an important document, as despite the recent revival of interest in Brutalist and Modernist architecture, a number of them remain under threat of demolition. The publication includes two contextual essays, one by Alessandro De Magistris (architect and History of Architecture professor, University of Milan, contributor to the book *Vertical Moscow*) and the other by Marco Buttino (Modern and Urban History professor, University of Turin, specializing in the history of social change in the USSR).

The study of clothes and dressing has great potential for social and cultural history. Typically Ottoman urbanites situated their fellow men after a glance at the clothing worn by the latter. As to the women, such conclusions were more difficult to draw, as all females were to be modestly covered up and ideally almost invisible. Yet in practice, at least from the eighteenth century

onwards, it was often possible, at least in Istanbul, to distinguish fashionable from soberly pious women. To be aware of people's

modes of dressing thus was part of knowing one's way around in Ottoman society. -- cover.
