## ARCHER ASHTYN

Random House Japanese-English English-Japanese Dictionary DK  
 "Over 1,000 useful, everyday words with highly realistic pictures, which help learners to easily identify the words and practice saying them in both languages. A wide range of essential and popular subjects, such as: animals, arts, house, shapes, nature, school, technology and many more"--Page 4 of cover  
Spanish English Bilingual Visual Dictionary Dorling Kindersley Ltd  
 This brilliant bilingual book is your one-stop shop for Spanish, packed with more than 10,000 essential words to look up and learn. With each Spanish entry illustrated by an eye-catching visual, language learning has never been easier. You'll be introduced to useful vocabulary arranged by theme across a broad range of subjects, from food and drink to sports and leisure and travel and transport. Throughout the book everyday items are included and labelled to boost your learning. If you can't find the right words, just use the comprehensive and clear indexes to set you straight in an instant. The Spanish-English Bilingual Visual

Dictionary also features an amazing audio app, so you can hear all the words included spoken aloud. Use the book to find all the words and phrases you need, then perfect your pronunciation with the audio assistant. Whether you're studying for exams, off on vacation, or away on business, this is the ultimate dictionary for all aspiring Spanish speakers.

This resource is perfect for beginners of all ages--curious kids, visual learners and future travelers to China.

Japanese - English Bilingual Visual Dictionary National Geographic Books

With The Kodansha Kanji Learner's Dictionary: Revised and Expanded, learners finally have at their fingertips accurate and in-depth information on all the kanji prescribed by the Japanese government. In all, 3,002 characters—772 more than in the first edition—fill its pages, making it the most comprehensive and up-to-date dictionary of its kind. The main goal of the dictionary is to give the learner instant access to a wealth of useful information on kanji, including their meanings, readings, stroke order, and usage in compounds. Compounds pose a special problem for learners. Normally one must memorize them as unrelated units. A unique feature of this dictionary that overcomes this difficulty is the core meaning, a concise keyword that defines the dominant

sense of each kanji, followed by character meanings, or specific senses the kanji can have when used in the living language. Together these features help learners understand the logic behind compound formation. Another unique feature is the System of Kanji Indexing by Patterns (SKIP), a revolutionary indexing system that has gained widespread popularity because it enables the user to locate characters as quickly and as accurately as in alphabetical dictionaries. With SKIP, all one needs to do to find a kanji is identify the geometrical pattern to which it belongs, then count the strokes in each part of that pattern—a much speedier process than searching by traditional methods. These features, and many more, make this dictionary the most powerful kanji-learning tool ever devised.

New Bilingual Visual Dictionary (English-Urdu) Penguin

For as long as anyone can remember, a man named Luca Turin has had an uncanny relationship with smells. He has been compared to the hero of Patrick Süskind's novel *Perfume*, but his story is in fact stranger, because it is true. It concerns how he made use of his powerful gifts to solve one of the last great mysteries of the human body: how our noses work. Luca Turin can distinguish the components of just about any smell, from the world's most refined perfumes to the air in a subway car on the Paris metro. A distinguished scientist, he once worked in an unrelated field, though he made a hobby of collecting fragrances. But when, as a lark, he published a collection of his reviews of the world's perfumes, the book hit the small, insular business of perfume makers like a thunderclap. Who is this man Luca Turin, they demanded, and how does he know so much? The closed community of scent creation opened up to Luca Turin, and he discovered a fact that astonished him: no one in this world knew how smell worked. Billions and billions of dollars were spent creating scents in a manner amounting to glorified trial and error. The solution to the mystery of every other human sense has led to the Nobel Prize, if not vast riches. Why, Luca Turin thought, should smell be any different? So he gave his life to this great puzzle. And in the end, incredibly, it would seem that he solved it. But when enormously powerful interests are threatened and great reputations are at stake, Luca Turin learned, nothing is quite what it seems. Acclaimed writer Chandler Burr has spent four years chronicling Luca Turin's quest to unravel the mystery of how our sense of smell works. What has emerged is an enthralling, magical book that changes the way we think about that area between our mouth and our eyes, and its profound, secret hold on our lives.

**Read real Japanese** Dorling Kindersley Ltd

There is a world of difference between reading Japanese that has been specially concocted for students and reading real Japanese - that is, Japanese written for native speakers. The concocted variety is standard to the point of insipidity, controlled to the point of domestication, restricted to the point of impoverishment. The Read Real Japanese series, comprising one volume each of Essays and Fiction, provides the real thing - lively writings by contemporary authors. Long awaited by teachers and students, Read Real Japanese Fiction presents short works by seven cutting-edge writers. The spellbinding world of Hiromi Kawakai; the hair-raising short horror of Otsuichi; the haunting, poignant prose of Banana Yoshimoto; even the poetic word-play of Yoko Tawada - whatever the personal taste, readers are sure to find something of interest and value in this book, suitable for students at intermediate level and above. Like in real Japanese novels, the text on each page runs from top to bottom and from right to left. Need support? No worries. Each double-page spread features phrase-level translations, often with notes on nuance, usage, grammar or culture. In the back of the book, moreover, there is a built-in Japanese-English learner's dictionary, in case the reader wants to acquaint themselves with the meanings of individual

words. Best of all, the book comes with a free audio CD containing narrations of the stories, performed by professional voice actors. This will help students get used to not only the sounds and rhythms of Japanese, but also the speed at which the language is normally spoken.

**Russian-English Bilingual Visual Dictionary** Dorling Kindersley Ltd

With this fun, user-friendly, and uniquely visual Japanese language course, you can teach yourself Japanese in just 12 weeks. DK's 15 Minute Japanese - now relaunching with a new free audio app - is the perfect course for busy people who want to learn Japanese fast. Twelve themed chapters are broken down into easy-to-follow 15-minute daily lessons, spanning a range of practical themes, including socializing, doing business, food and drink, travel, and shopping. Each lesson combines vocabulary and grammar essentials with attractive full-colour photographs, making it quick, easy, and fun to learn new Japanese vocabulary. There is no writing or homework - you simply use the cover flaps to hide the answers to exercises and test yourself as you learn. Each chapter ends with a review module, so you can track your progress and identify any areas where you need further practice. The free audio app enables you to hear Japanese words and phrases spoken by native speakers. You can also record yourself, compare with native speakers, and rerecord as desired. Use the app alongside the book's easy-to-use pronunciation guides to perfect your pronunciation, and to practise Japanese conversation in real-life situations. Whether you're starting from scratch or just in need of a refresher course, there's no easier way to learn Japanese than with 15 Minute Japanese.

**Arabic English Bilingual Visual Dictionary** Penguin

From the very earliest stages of study until far into the intermediate level, students of the Japanese language are continually scratching their heads over the usage of verbs. It is no wonder that they should feel the need for a solid reference book, one they can continually turn to throughout their studying careers. The Handbook of Japanese Verbs is just that book. The Introduction takes the first step toward comprehension by pointing out the features of Japanese verbs that stand in contrast to their English counterparts, such as tense, politeness level, auxiliaries, and transitive and intransitive forms. Part 1 shows through tables and concise commentary how Japanese verbs are categorized, conjugated, and combined with auxiliaries. Each form is followed by a short exercise, reinforcing the points just made. Part 2 takes up the forms described in the first part and shows how they function in full-fledged sentences. Each discussion is followed by examples and exercises, ensuring that the student has understood the forms under discussion. In the appendices, the student is offered a number of look-up methods, including an English-Japanese verb dictionary. This completes the apparatus necessary for a solid handbook on Japanese verbs, a book students can rely on for many years to come

**French English Bilingual Visual Dictionary** Dorling Kindersley Ltd
