Born in Dublin into the Anglo-Irish gentry, Anna Maria Hall moved to London when she was fifteen where she became famous for her books, plays and travel writing. It was her book, *Sketches of Irish Character* (1829) which made her a household name. This modern critical edition is based on Hall's third, revised edition of 1844. *Brokering Culture in Britain's Empire and the Historical Novel* The History Press
With characteristic lawlessness and connection to the common man, the figure of the rogue commanded the world of Irish fiction from 1660 to 1790. During this period of development for the Irish novel, this archetypal figure appears over and over again. Early Irish fiction combined the picaresque genre, focusing on a cunning,

witty trickster or pícaro, with the escapades of real and notorious criminals. On the one hand, such rogue tales exemplified the English stereotypes of an unruly Ireland, but on the other, they also personified Irish patriotism. Existing between the dual publishing spheres of London and Dublin, the rogue narrative explored the complexities of Anglo-Irish relations. In this volume, Lines investigates why writers during the long eighteenth-century so often turned to the rogue narrative to discuss Ireland. Alongside recognized works of Irish fiction, such as those by William Chaigneau, Richard Head, and Charles Johnston, Lines presents lesser-known and even anonymous popular texts. With consideration for themes of conflict, migration, religion, and gender, Lines offers up a compelling connection between the rogues themselves, marked by persistence and adaptability, and the ever-popular rogue narrative in this early period of Irish

writing. *Sketches of Irish Character* Springer
County Kilkenny abounds in folk tales, myths and legends and a selection of the best, drawn from historical sources and newly recorded local reminiscence, have been brought to life here by local storyteller Anne Farrell. Kilkenny is the place where, legend has it, St Evin and St Molin once had to have their dispute settled by a shoal of fish; where the infamous Countess of Ormond brought fear and terror to the people of Grannagh; and where an imprudent local man decided to find out if the supposedly bottomless 'Kerry holes' would live up to their reputation. It is also said to be the home of a plethora of strange and magical creatures and stories abound of encounters with fairies, ghosts, banshees, shape-shifters and an army of cats who fought an epic battle near Dunmore Caves. From age-old legends and fantastical myths, to amusing anecdotes and cautionary

tales, this collection is a heady mix of bloodthirsty, funny, passionate and moving stories. It will take you into a remarkable world where you can let your imagination run wild. *A Book of Scoundrels* Syracuse University Press

Brokering Culture in Britain's Empire and the Historical Novel examines the relationship between the historical sensibilities of nineteenth-century British and American "romancers" and the conceptual frameworks that eighteenth-century imperial interlocutors used to imagine and critique their own experiences of Britain's diffused, tenuous, and often accidental authority. Salyer argues that this cultural experience, more than what Lukács had in mind when he wrote of a mass historical consciousness after Napoleon, gave rise to the Romantic historiographical approach of writers such as Walter Scott, James Fenimore Cooper, Charles Brockden Brown and Frederick Marryat. This book traces the conversion of the eighteenth-century imperial speaker into the nineteenth-century "romance" hero through a number of proto-novelistic

responses to the problem of Imperial history, including Edmund Burke in the Annual Register and the celebrated court case of James Annesley, among others. The author argues that popular Romantic novels such as Scott's *Waverley* and Cooper's *The Pioneers* convert the problem of narrating the political geographies of eighteenth-century Empire into a discourse of history, placing the historical realities of negotiating Imperial authority at the heart of a nineteenth-century project that fictionalized the possibilities and limits of political historical agency in the modern nation state.

From highwaymen to healing waters and from brewerys to bridges, not to mention lots of castles, cathedrals, abbeys, towers, passage tombs and priories, this collection of fascinating stories, which started as a regular series in the 'Kilkenny People', details the lore and landmarks of County Kilkenny from top to bottom. Read the fascinating stories of the thatched villages of South Kilkenny, of Ballyspellan

Spa, of the trio of treasures at Kilree, of Dunmore Cave and, in the city itself, of Rothe House and the Bishop's Palace. You can also learn all about Cushendale Woollen Mills, Fiddown Nature Reserve and the burial place of King Heremon. Locals and visitors alike will find plenty of interest in this quirky collection.

The Catholic Diocese of Ossory includes most of County Kilkenny, a portion of Leix, and one parish in Offaly.

The Dublin University Magazine Rowman & Littlefield

This highly acclaimed book is being published for the first time in paperback. The author studies the cheap printed literature which was read in eighteenth and nineteenth century Ireland and the cultures of its audience. It takes an interdisciplinary approach to a little-known topic, pursuing comparisons with other regions such as Brittany and Scotland. By

addressing questions such as the language shift and the unique social configuration of Ireland in this period, it adds a new dimension to the growing body of studies of popular culture in Europe.
