[safety for the construction industry](#) [Construction Site Safety Guide](#).

Construction sites are a dangerous place. There are

approximately 250,000 construction sites in the country, with

almost 6.5 million workers employed at them. Every year there

are roughly 150,000 injuries from construction site accidents, and

more than 1,000 deaths. This makes the construction industry the

most dangerous place to work in the entire nation. [Construction](#)
