TIME DREAMS. They are dreams, like any other dream. They are dreams about space and Time. They seem real, but so does life. Dreams are thoughts. You've heard it before, "I think, therefore I am." (Rene' Descartes). But, the fact is - nobody even knows where thoughts come from. Most people believe they

have free will. They believe they have a choice. They believe they act of their own volition. But, will is not an action. It is only a thought. You cannot will something to happen. You are only free to choose the thoughts in your head. And, no one knows where they come from. Life is a fantasy. No one knows what Life is or where it came from. No one knows what Time is. No one knows where Man came from or how long he's been on this planet. No one knows if their actions are truly theirs. No one

knows where dreams come from. No one knows what reality is. Quexistence: The Quest for the Meaning of Existence: TIME DREAMS is a philosophical fantasy of dreams, space, Time, and love. It is the story of one man's search to find the meaning of his existence. But, how can he when nothing in this world is real? Have you ever wondered where Man came from? Did Man evolve from the apes? Was Man created by God? Perhaps Man was genetically created by the "Gods". Perhaps these "Gods" created other creatures in their attempt to make Man. "TIME DREAMS" is a story that reaches back to the Time of Creation. Man, the most arrogant of species, has no idea what Life is or where it came from. He doesn't even know how he originated or how long he's been on this

planet. So, is that important in finding meaning for your existence? Gork thinks it is. In his quest to find clues to the origin of Man, Gork discovers there may be something even more meaningful. Gork tells Angie the story of how he met the girl in his dreams, her grandmother, Amani. His Time Dreams begin as he travels to an archaeological site near the Calico Hills in California. During the drive across the desert, Gork has his first dream, a dream that takes him to another time, another world. In his dream he sees a girl, the girl of his dreams, Amani. He falls in love. It is True Love. It is Eternal Love. It is a love that has been since the beginning of creation. Gork travels through space and time, compelled to follow his dream. His dreams take him back to a time and

place long forgotten. While in reality he discovers an underground cavern that holds the secret to Man's past. A secret buried in Time.

This book is a detailed depiction of the "cuts" that people incur or will incur over the course of their lives, and how those "cuts" subsequently shape their lives. (Cuts are hurts, experiences, tragedies, and/or various pains incurred).

Unfortunately, people will inevitably incur hurts and pains in life, which most are beyond their own control. One simply cannot control what happens to them at the hands of another. People hurt other people. It's not so much the hurt that causes the problem, but more so the effects of the hurt. Oftentimes, people ignore the hurt. They try to live

their lives as if the hurt never occurred. Many are oblivious to their deep hurt because they've mastered the art of disguising the pain. The problem ensues when the severely wounded people interact with others, then they subsequently inflict others with the residual hurt that they've been harboring. Because of this, many fail to realize that they've been "cut" and are in need of healing. The purpose of this book is to aid in identifying and healing cuts from one's life (including their past, present, or possibly their future), as these cuts will affect one's life in some regard. Oftentimes, people need healing to recover from some trauma or tragedy that they've endured, yet they're too afraid to ask for help. Many internalize their feelings, never properly articulating

their mental anguish, ultimately forsaking the need and opportunity to heal. It's the lack of healing that causes people to hurt others or live unhappy lives. This book was written to aid people with identifying their hurt, their need for healing, and ultimately helping them to heal and subsequently live their best lives.

The struggle for democracy in workplaces and political organisations across Britain is a work in progress. Snapshots of these battles are illustrated by three examples. The first examines the ongoing attempts by factory workers employed by food manufacturing giant Samworth Brothers to demand the right to collective bargaining. Next, using Leicester as a case study, this book scrutinises why New Labour dominated city councils continue to refuse to build a united fightback against Tory austerity. And finally, a positive example of

organising against austerity, which documents a recent campaign that was waged successfully by the Fire Brigades Union, is provided.
