Shri Mataji writes that

“India is a very ancient country and it has been blessed by many seers and saints who wrote treatises about reality and guidelines on how to achieve it.” This is just such a book. This book is both an introduction to Sahaja Yoga, describing the nature of the subtle reality within each of us, and a step-by-step handbook on how to be a good Sahaja Yogi, the nature of Sahaj culture, how to be a leader and how to raise children.

“The knowledge of Sahaja Yoga cannot be described in a few sentences or one small book, but one should understand that all this great work of creation and evolution is done by some great subtle organization, which is in the great divine form.”

Leadership Lessons from the Bhagavad Gita offers

a way forward for overcoming self-defeating habits and managing the mind's negative chatter

that is often the main

leadership. By promoting a leadership approach of

caring for followers,

generations, the book

offers hope for

harmonious workplace

relations and a protected

environment. Based on

leadership by inspiration

as opposed to leadership

by control, Leadership

Lessons from the

Bhagavad Gita provides

an alternative to conventional leadership. Particularly, in the times we live, where there is a crisis of faith in leadership, the insights from this book presents a vision of linked-leadership—leaders who are linked through loving-connection or bhakti-yoga with themselves (through self-knowledge), with other beings, with nature and with the supreme source. As exemplified by Krishna taking over the reins of Arjuna’s chariot, the crux of this book is leadership, not as a title or position, but as a commitment to service, excellence and virtuous character that motivates and inspires others to pursue the same. The unique insights from this book will help you make sense of different personality types to motivate others according to their natures and inclinations, which will support you in forming effective teams and creating a harmonious and prosperous organizational culture. In short, this book challenges and equips leaders to step up and cultivate unity and diversity, and achieve sustainable wellbeing and happiness in their organizations.

A Shiva lingam is an aniconic representation of Lord Shiva. Hindus worship Lord Shiva mostly in the form of a Shiva lingam, but its meaning has been one of the most debated topics. There are mainly two groups; one believes it is a sexual organ and others believe it is not. They both give many different arguments in the support of their perspective. With the advent of science and technology, one more group has emerged which strongly believes that there is some sort of science behind the concept of Shiva Lingam. But what are the reasons behind this confusion? 1. There are some stories in the Hindu scriptures that depict it as a sexual organ while some stories say it is a column of fire. 2. Many different meanings of the words linga and yoni. 3. Ancient pillar/phallus worship. 4. Different practices of different Hindu sects. 5. The shape of a Shiva lingam. In February 2010, the encyclopedia Britannica removed a sentence about Shiva lingam from its article. “In temples and private shrines, Shiva is ... worshipped in the form of the lingam, or phallus,

often embedded in the yoni, the symbol of the female sexual organ.”It is believed that it did so because of the pressure of Netizens, but I doubt that a website like Britannica would do so unless there is some valid reason behind it. When we talk about religion, the scriptures are of utmost importance. Therefore, in this book, I have sought refuge mainly in scriptures to determine what exactly a Shiva Lingam is, but I have also considered other things like archaeological evidence, logic, history, science, etc. I am sure that this book would not only answer what a Shiva lingam really is but also you would learn many new things about Hinduism.

Bhagawan Sri Sathya Sai Baba wrote a series of articles under the Vahini series, for Sanathana Sarathi, a monthly magazine being published by Sri Sathya Sai Sadhana Trust, Publications Division, Prasanthi Nilayam. These precious articles are brought out now, under the title “Geeta Vahini”, in this book, for the benefit of readers. This is not a commentary or summary

of the divine message that was given by Lord Krishna to Arjuna. It conveys the same message in a simpler form to us, in order to remove our delusion and confer faith and strength on us, so that we may realise our own reality. Bhagawan says, "Drawing on the Divine that is inherent in us is the lesson of Geeta... Arjuna is the jiva and Krishna is the Deva. When both are in contact, impregnable might results... Krishna had to work in and through Arjuna, so that the reign of Dharma (righteousness) is re-established. Arjuna means white, pure, unblemished. Hence, he is the proper instrument." We too can become proper instruments in restoring Dharma, if we follow the lessons that Bhagawan teaches through this book.

I am very happy to know that you guys liked my mantra books translated into English and in other languages, which I received from my mentor or Guru. I hope that this book will prove very useful not only for the Hindus but for all the people of the world who believe in "Sanatana Dharma" and follow it. If you are one of them who closely know the "Sanatana Dharma", then you must also know that it is a Science, not a superstition. All books of the "Sanatana Dharma" or the "Hindu Dharma" are based on Esoteric Science, which common man can't understand easily. You have to follow the instructions of your mentors or Gurus from whom you are getting Initiation or "Diksha". In this book, I have included the mantras and the ancient text or conversation between Shiva and Parvati, which I received from my Mentors or Gurus. I have presented some very useful mantras for the welfare of the public and the whole world through this book. In the series "The Mantras", I have presented three books earlier which is very helpful for the beginners who wish to take the first

step in the world of Tantra. In those book you will learn meditation and concentration. You will also know some facts of tantra-mantra. Meditation is most important thing in the Tantra, without which you can not understand the Tantra. Meditation will open the path of the world of Tantra. Meditation is also divided in many forms and of many types. It will improve your focus and concentration which is very necessary during exercitation (Sadhana). The most recommended book for the meditation is "Vigyan Bhairava Tantra". In my another book, "Shiv Swarodaya - A divine Law of breathing" you will learn about the Tantra-Mantra and its application. In my another book "The Basic Mantras" you will learn and know some mantras which will improve your knowledge and faith in the Tantra. It will also provide you supernatural powers, that will help you to get Siddhis of another mantras. It will also remove all negativity not only from your life but also from your concious and sub-concious mind. All these books will help you to learn and get Siddhis of the mantras which is discussed in this book. All the process to

get Siddhis, or to prove, or to initiate the mantra's powers or energies are discussed with the mantras. In Part-1, I presented the conversation of Lord Shiva (as Lord Bhairava) and Goddess Parvati (as Goddess Bhairavi). During the conversation some mantra and secret of mantras are also revealed by the Bhairava. This is very important part of the book. You can consider this part as a Esoteric Science. In the Part-2, the process, application and mantras are discussed in detail. In this part, you will learn about the perfect time, the particular date (Tithis), the process, the auspicious or unauspicious days, etc. which are the most important part of the Tantra-Mantra to be successful. Many useful mantras are given in this books which is very useful in your daily life. The mantras of subduing or subjugation (Vashikaran), attraction or charm (Aakarshan), good luck, protection, etc. are given. I hope these mantras will help you to make your life successful and reduces your problems. These mantras will make your work easy and accurate. But never use these mantras with wrong

intention, because that will harm you. You must use these mantras for the welfare of the society, so that you and the society will develop and promote humanity. Never use these mantras to make someone bad or to make someone's life worst. This act will take you in hell. So, again I request all the practitioner or the Sadhaka to use these mantras only for the betterment of the society. Never harm anyone. If you are the one who buy this book for the welfare for the humanity and spread happiness in the world. I appreciate and love you from the core of my heart. And also I feel proud to be a medium for such a great work. Penguin UK

The Mahabharata is one

of the greatest stories

ever told. Though the

basic plot is widely

known, there is much

more to the epic than the

dispute between the Kouravas and Pandavas that led to the battle in Kurukshetra. It has innumerable sub-plots that accommodate fascinating meanderings and digressions, and it has rarely been translated in full, given its formidable length of 80,000 shlokas or couplets. This magnificent 10- volume unabridged translation of the epic is based on the Critical Edition compiled at the Bhandarkar Oriental Research Institute. Volume 1 consists of most of Adi Parva, in which much happens before the Kouravas and the Pandavas actually arrive on the scene. This volume covers the origins of the Kuru clan; the stories of Poushya, Poulama and Astika; the births of the Kouravas and the Pandavas; the house of lac; the slaying of Hidimba and Baka; Droupadi's marriage; and ends with the Pandavas obtaining their share of the kingdom. Every conceivable human emotion figures in the Mahabharata, the reason why the epic continues to hold sway over our imagination. In this lucid, nuanced and confident translation, Bibek Debroy makes the Mahabharata

marvellously accessible to contemporary readers. The Life and Teachings of Shirdi Sai Baba V&S Publishers

Parashari Jaimini and Tajik are the three most popular systems of Vedic Astrology. Parashar gives more importance to the planets while Jaimini considers the rashis to be more important. Tajik is mainly used in Prashna Shastra and in Varshaphal. Tajik diverts slightly always from the main stream of the

traditional methods and employs newer techniques of Astrology. 'Tajik Neelakanthi', of Acharya Neelakantha, which was composed in the 16th century AD, is the base of Tajik Jyotish. This does not mean that Varshaphal and Prashna techniques were not practised in vedic Astrology before this. 'Uttar Kalamrit' of Kalidas mentions and describes the computation of Varshaphal dasha which is different from the 'Mudda dasha' of Varshaphal. Apart from this, 'Shat Panchashikha' of Prithyushyas is the established classic of Prashna Shastra, which was composed centuries before 'Tajik Neelakanthi'. Ancient Kairaleeya Jyotish is also well known for considering Prashna to be their main technique. The influence of Greek and Arab culture is clearly seen on the word 'Tajik'.

Arrival of the invaders from Western Asia initiated the exchange of culture between India and West Asia. This exchange introduced some newer techniques to our Vedic Astrology. One of these techniques was Tajik. This has been marked as the beginning of Tajik jyotish. Tajik word does not belong to Sanskrit. There are different opinions regarding this issue. Some scholars consider it to be a distorted form of the word 'Jatak'. Another view is that meaning of Tajik is a horse in Turkish and Persian language. The speed of this technique has been compared to that of a horse and for this reason it has been named Tajik. In any case the influence of Mohammedans on this knowledge is very clear. This is also confirmed by the other words of Tajik, namely mudda, muntha,

sahams and the names of the Tajik yogas like Ithasal, Ikkabal, Ishraf, nakta, radda and khallasar etc. Moving at the average speed of 1° per day, Sun completes one round of the Zodiac in one year. For casting the annual horoscope we select the time when Sun reaches the longitude of the natal Sun. The horoscope cast for that date and time becomes the annual horoscope and the Varshaphal is decided on the basis of this horoscope. In a similar manner prediction for any year of the person's life can be given on the basis of the annual horoscope. In other words the annual horoscope is based on the longitude of the natal Sun and not on the date and time of birth. This also means that the date, day and time of the annual horoscope is generally different from that of the birth horoscope.
