Chapter 2 Research Design

UnisaCHAPTER 2 Research design and

methodology 2.1 INTRODUCTION This

chapter deals with research design, the

population, sampling, instruments and

procedures for data collection and

analysis. Criteria for establishing

trustworthiness and ethical

considerations were also discussed. 2.2

RESEARCH DESIGN The research design

is the heart of the research ...CHAPTER 2

Research design and

methodologyChapter 2 Research design

2.1 INTRODUCTION The purpose of the

research is to explore and describe the

experiences of student nurses during

their placement in the clinical learning

environment. In order to achieve this, an

appropriate research design needs to be

chosen. In this chapter, the

researchChapter 2 Research design -

INTRODUCTION This chapter discusses

the research design and methodology in

detail. 2.2 RATIONALE FOR THE STUDY In

order to develop guidelines to facilitate

an understanding of HIV/AIDS, the

researcher needed to explore and

describe the perceptions of HIV/AIDS of clients attending a community

CHAPTER 2 Research design and methodology - Unisa

CHAPTER 2 Research design and methodology 2.1 INTRODUCTION

Having described the background to and rationale for the study in chapter 1, this chapter discusses the research design and methodology. This will lead to the identification, definition and classification of concepts for the proposed model for support of women during midlife transition.

CHAPTER 2 Research design and methodology - Unisa

CHAPTER 2 Research design and methodology 2.1 INTRODUCTION

Chapter 1 discussed the background to the study and briefly outlined the research design and methodology. The study was carried out in two phases.

Phase 1 explored and described professional nurses' perception of the implementation of a quality circles programme in a public
