 assessment rather than looking at a collection of measurement
 esoterica. This text addresses the range of assessments that
 teachers are likely to use in their classrooms. Popham, Classroom
 Assessment: What Teachers Need to Know ... The major theme is
 that classroom assessment should help teachers make better

educational decisions. Each chapter contains several elements
 intended to foster mastery of its contents, including a summary
 of contents, a more succinct statement of what teachers really
 need to know about the chapter's contents, self-check exercises
 and a key, ... ERIC - ED423249 - Classroom Assessment: What
 Teachers Need ... Use high quality assessment materials.
 Although the need for quality assessments may seem obvious, far
 too often teachers receive weak or inaccurate feedback from
 assessments because they are poorly written. The assessment
 must clearly state what you expect of the student, what you want
 them to do, and, ideally, how they will be evaluated. What

Classroom Assessment: What Teachers Need to Know 7th ... Teachers should know what each students prior accomplishments are in order to put instructional energy toward weaknesses and avoid too much time on strengths or mastery. A teacher can do this with a pre-assessment. The second reason to know about assessment is to allow the teacher to determine, if a student is making satisfactory progress.

To use classroom assessments to make improvements, however, teachers must change both their view of assessments and their interpretation of results. Specifically, they need to see their assessments as an integral part of the instruction process and as crucial for helping students learn.
