Ordination has always been an important
ritual in most churches and
denominations, particularly Southern
Baptists churches. But where did the
practice of ordination originate? Does

ordination have any biblical basis? Can we
point to Scripture passages that define the
why and how of ordination? This book
attempts to answer those questions on
ordination, examining both the traditional
and biblical backgrounds. For those
searching for answers on ordination, this
book will help you get started on your
quest. This book has been extensively
researched and fully noted. Also included
is a large annotated bibliography, for
conducting your own research. An
Examination of the Practice of Ordination

in Southern Baptist Churches is a
tremendous source on the topic of
ordination.

Now What? Westminster John Knox Press
Have you ever thought that we as
Independent, Fundamental, King James
Bible Baptists, need a revival of Ordination
in our kind of Churches? Ordination is to
pass on The Faith as it was "...once
delivered..." (Jude 3) Could this be the
underlying problem for some of the lack of
power today? Are there good men out
there in the ministry, who are struggling in

their own strength; while they attempt to serve their Lord; and all because of not being properly "...ordained..." into the ministry? Can we stop some of the wicked tide of the defecting to doctrinal worldliness, by holding to the task of ordaining qualified and prepared men; as The Lord committed it to us to do? Could Biblical ordinations weed out some of the potential wolves in sheep's clothing; and empower our future Pastors and Evangelists, to be better used to help expose, and even transform those wolves into sheep? Thank The Lord that there are those Baptist Pastors, under the authority of Baptist Churches, who still seek to carry on this all important part of the ministry of The Local Church. But more of us need to take a hard, stern look at the state of ordination in this time. Has it been neglected by us? Can we as Independent, Fundamental Baptists see ordination restored? Does The Lord want it so? The answer to all such questions is a solid "Yes"!

The Pastor's Guide to Leading and Living Multnomah

Just like natural laws, there are spiritual laws with cause and effect. God set the

universe in motion with the power of His words and established the law of confession, but many believers have suffered needlessly by misunderstanding the power of their words. Dr. Bill Winston, pastor, Bible teacher, and host of the national television program Believers Walk of Faith broadcast to over 100 million homes, reveals scriptural examples and vital teaching on the importance of the spoken word. Believers will uncover the enemy's deceptive plan to use their own words against them and what they can do to turn their situation around. 'One of the best things that ever happened to me, my family, and my church, was the revelation of the law of confession - we learned that the moment we win the battle over our words, we win the battle!' Dr. Bill Winston Controlling your words is one of the biggest challenges anyone will face in this life; the Bible reveals that the power of life and death are in the words you say. As you begin to change the words you speak, you will rewrite their future and revolutionize your life.

What Paul wrote to the Colossians is just as relevant to today's church of the 21st century. Sermon Outlines for Busy Pastors: Colossians Series presents a verse-by-verse, expository sermon series that speaks to today's church that faces pressures from both outside and inside the church. Throughout the history of the church, ordination has been practiced in nearly all its branches or denominations. Yet there has never been a set theology or procedure for this rite - probably because there is no general agreement on what it signifies. According to author Warkentin, "All kinds of suppositions about ordination abound,,,, The Scriptures of the New Testament are called upon to substantiate many of these assumptions, but contradictory doctrines continue to coexist." Warkentin's aim in this book is to examine the historical, exegetical, and theological sources of the rite of ordination. In the course of her study, several issues pertinent to church leadership practices emerge. Does a representative-mediatorial view of the ministry lead to encroachment on the office of the risen Lord and hinder the

functioning of spiritual gifts in the church? Can we arrive at authentic scriptural norms on which to base leadership patterns in our churches? Warkentin's answers to these questions are both surprising and thought-provoking. She believes that the priesthood of all believers loses its meaning unless we recognize that true ministry - Christian service - can be practiced by each Christian according to his or her spiritual gifts, regardless of ordination. According to Warkentin: "The vocabulary of the New Testament permits no pyramidal forms... Ordination can have no function in such a system, for it sets up barriers where none should exist, that is, between one Christian and another, and hinders the mutual service by which the church is edified."

United Methodist Church Book of Discipline 2016 Ravenio Books

The book is a collection of twenty-one essays discussing how Baptists throughout the world have related to other Christians and to other institutions and movements over the centuries. The theme of this collection of twenty-one essays, 'Baptists and Others', includes relations with other Christians and with other institutions and movements. What, the authors ask, has been the Baptist experience of engaging with different groups and developments? The theme has been explored by means of case studies, some of which are very specific in time and place while others cover long periods and more than one country. In the first half the contents are

arranged by period. The first section examines early Baptists, the second nineteenth-century Baptists in Britain and America and the third Baptists in the twentieth century. The second half turns to various parts of the world. There is a section on Australia, another on New Zealand and a third on Asia and Africa. The overall picture is one of a complicated series of relationships as Baptists defined themselves as different from other bodies and yet, especially in the twentieth century, tried to co-operate in mission and ecumenical endeavour. 'Baptists are often regarded as enthusiastic separatists and unenthusiastic ecumenists. These essays, based on hard evidence rather than passing impressions, are a necessary correction to superficial prejudices and show the reality to be much more complex and nuanced, as well as varied over time and place. The book is a smorgasbord of delights. Yet, readers should avoid the temptation to pick and choose from the menu, ensuring rather that each offering is digested so they enjoy a balance and nutritious meal.' Derek Tidball
