Scientific and spiritual, *Animal Wisdom* thoughtfully explores "the ways in which animals, if we will but watch them and listen to them, can help us to live our lives more fully"—Jane Goodall How is it that pets are able to travel thousands of miles through unknown territory to reunite with their

beloved humans? How can dogs detect cancer with up to a 98 percent accuracy rate, and foresee epileptic or diabetic seizures in their owners? How do animals seem to know an earthquake is coming long before the world's best seismologists? In her lyrical memoir [The Death of Small Creatures](#), Trisha Cull lays bare her struggles with bulimia, bipolar disorder and substance abuse. Interspersing snippets of conversations, letters, blog entries and clinical notes with intimate poetic narrative, Cull evokes an accessible experience of mental illness. In [The Death of Small Creatures](#), Cull strives to cope with her hopelessness. She finds comfort in the company of her two pet rabbits until one of them dies as a result of her lethargy. She numbs herself with alcohol. She validates her self-worth by seeking the love of men—any and all men—and three relationships significantly impact her life: her marriage to Leigh, a much older man; her unrequited love for Dr. P, her therapist; and her healthier relationship with Richard, an American she meets through her blog. She tries drugs—Neo Citran, Ativan, Wellbutrin, crack, crystal meth—and after two hospitalizations, she undergoes electroconvulsive therapy. Haunting and expressive, this immersive memoir explores love in all its facets—needy, obsessive, healthy, self-directed—and plunges the reader headlong into the intense and immediate experience of mental illness.

[Explores the powers and wisdom of sacred White Spirit Animals](#) • Looks in-depth at the lessons of the major White Spirit Animals: the White Bear, White Lion, White Elephant, White Wolf, and White Buffalo • Explains how to use shamanic dreaming and trans-species telepathy to communicate with these great spiritual teachers • Reveals how White Spirit Animals are calling humanity to restore balance, respect, reverence, and honor to protect our animal kin, ourselves, and the earth Beautiful rarities of nature, all-white animals are held sacred by many indigenous cultures and offer deep wisdom to all who will listen. In addition to the White Buffalo, there are other revered white animals, such as the White Wolf, White Lion, White Elephant, and White Bear. Each of these White Spirit Animals belongs to a species at the apex of their ecosystem, meaning the environment in which they live will unravel without them. Speaking through ancient and modern prophecy and the many humans who communicate with them, these White Spirit Animals are urgently calling to humanity to restore balance and protect our animal kin, ourselves, and the earth. Combining sacred elder lore, science, and her own telepathic dreams, Zohara Hieronimus looks at the special role played by White Spirit Animals in spiritual traditions and prophecy around the globe, where they are seen as guardians of animal wisdom, each with a special purpose and gift. She reveals how they have collaborated with humanity since the last ice age, inspiring spiritual practices and conferring shamanistic powers, and are considered the stewards of the great spiritual transformations that occur during transitional times. Sharing the waking vision of White Spirit Animals that called her to write this book, and their message of CPR for the earth--conservation, preservation, and restoration--she explains how to use shamanic dreaming and trans-species telepathy to communicate with these great spiritual teachers. Exploring each one of the major White Spirit Animals--White Buffalo, White Lion, White Elephant, White Wolf, and White Spirit Bear--and the cultures in which they are honored, the author shows, for example, how the White Buffalo is called a harbinger of peace and abundance by many Native American tribes and the White Bear, the great earth healer, teaches us about nurturance and patience. As a bridge between the spiritual and physical worlds, between humans and animals, White Spirit Animals are calling us to open our hearts to the wild, to the sacredness of the wind, the water, the earth, and dream a new world into being to heal our own personal and collective wounds and restore the earth to balance.
