Graywolf Press
A New York Times Book
Review Editors' Choice
Book • When Ohio-born
Pru Steiner arrives in
New York in 1976, she
follows in a long
tradition of young
people determined to
take the city by storm.
But when she falls in
love with and marries
Spence Robin, her
hotshot young
Shakespeare professor,
her life takes a turn
she couldn't have
anticipated. Thirty
years later, something
is wrong with Spence.
The Great Man can't
concentrate; he falls
asleep reading *The
New York Review of
Books*. With their
daughter, Sarah, away
at medical school, Pru
must struggle on her
own to care for him.
One day, feeling
especially isolated, Pru

meets a man, and the
possibility of new
romance blooms.
Meanwhile, Spence's
estranged son from his
first marriage has
come back into their
lives. Arlo, a wealthy
entrepreneur who
invests in biotech, may
be his father's last,
best hope. *Morningside
Heights* is a sweeping
and compassionate
novel about a marriage
surviving hardship. It's
about the love
between women and
men, and children and
parents; about the
things we give up in
the face of adversity;
and about how to
survive when life turns
out differently from
what we thought we
signed up for.

Prepare to hear ideas
you've never
considered. This

ancient vision is new again and adopting it today will take a complete family revision. But few are able to locate the root of the problem. This book offers a surprising perspective. Maybe the way forward for the family can be found in the past. The Bible provides a lost family blueprint that is almost entirely unknown by modern Christians.

Hurd's Revision Rodale Books

American Political Science Review (APSR) is the longest running publication of the American Political Science Association (APSA). It features research from all fields of political science and contains an extensive book review section of the discipline.

The Northeastern Reporter Routledge

Originally published in 1961 by the founder of Rodale Inc., The Synonym Finder continues to be a practical reference tool for every home and office. This thesaurus contains more than 1 million synonyms, arranged alphabetically, with separate subdivisions for the different parts of speech and meanings of the same word.

The fifteenth volume in
the Art of series takes
an expansive view of
revision—on the page
and in life In The Art of
Revision: The Last
Word, Peter Ho Davies
takes up an often
discussed yet
frequently
misunderstood subject.
He begins by
addressing the
invisibility of
revision—even though
it’s an essential part of
the writing process,
readers typically only
see a final draft,
leaving the practice
shrouded in mystery.
To combat this, Davies
pulls examples from

his novels The Welsh
Girl and The Fortunes,
as well as from the
work of other writers,
including Flannery
O’Connor, Carmen
Machado, and
Raymond Carver,
shedding light on this
slippery subject.
Davies also looks
beyond literature to
work that has been
adapted or rewritten,
such as books made
into films, stories
rewritten by another
author, and the
practice of retconning
in comics and film. In
an affecting frame
story, Davies recounts
the story of a violent
encounter in his youth,
which he then retells
over the years,
culminating in a final
telling at the funeral of
his father. In this way,
the book arrives at an
exhilarating mode of
thinking about

revision—that it is the writer who must change, as well as the writing. The result is a book that is as useful as it is moving, one that asks writers to reflect upon themselves and their writing.

Review of EPA's Proposed Revision to the Ozone NAAQS

Doubleday Canada
The examination for Membership of the Royal College of Obstetricians and Gynaecologists (MRCOG) remains one of the most internationally recognised postgraduate examinations in the specialty. Over the years, the examination has evolved in keeping with changes in medical education; the Part 2 examination now consists of two

papers made up of Single Best Answer (SBA) questions and Extended Matching Questions (EMQ). This invaluable resource consists of 400 SBA questions (200 in Obstetrics and 200 in Gynaecology), followed by 400 EMQs (200 in Obstetrics and 200 in Gynaecology), grouped into papers, to provide enough material to guide preparations and to give some practice experience of the examination formats. All the questions have answers with explanations and sources of evidence. In preparing for the examination, candidates should make repeated references to these sources of evidence. There is also general advice on how to prepare for the

examination and discussion of the reasons why trainees fail the examination.

Carolyn Ellis is the leading writer in the move toward personal, autobiographical writing as a strategy for academic research. In addition to her landmark books *Final*

Negotiations and The Ethnographic I, she has authored numerous stories that demonstrate the emotional power and academic value of autoethnography. This volume collects a dozen of Ellis's stories—about the loss of her husband, brother and mother; of growing up in small town Virginia; about the work of the ethnographer; about emotionally charged life issues such as abortion, caregiving, and love. Atop these captivating stories, she adds the component of meta-autoethnography—a layering of new interpretations, reflections, and vignettes to her older work. An important new work for qualitative researchers

and a student-friendly text for courses.

A trusted editor turns his attention to the most important part of writing: revision. So you've just finished writing something? Congratulations! Now revise it. Because revision is about getting from good to better, and it's only finished when you decide to stop. But where to begin? In *On Revision*, William Germano shows authors how to take on the most critical stage of writing anything: rewriting it. For more than twenty years, thousands of writers

have turned to Germano for his insider's take on navigating the world of publishing. A professor, author, and veteran of the book industry, Germano knows what editors want and what writers need to know: Revising is not just correcting typos. Revising is about listening and seeing again. Revising is a rethinking of the principles from the ground up to understand why the writer is doing something, why they're going somewhere, and why they're taking the reader along with them. *On Revision* steps back to take in the big picture, showing authors how to hear their own writing voice and how to reread their work as if they didn't write it.

On Revision will show you how to know when your writing is actually done—and, until it is, what you need to do to get it there.

Use this single source to uncover the origin and development of the thesaurus! The *Thesaurus: Review, Renaissance, and Revision* examines the historical development of the thesaurus and the standards employed for thesaurus construction. This book provides both the history of thesauri and tutorials on usage to increase your understanding of thesaurus creation, use, and evaluation. This reference tool offers essential information on thesauri in the digital environment, including

Web sites, databases, and software. For 50 years, the thesaurus has been a core reference book; *The Thesaurus: Review, Renaissance, and Revision* celebrates this history and speculates on the future of vocabulary-switching tools. This book will familiarize you with contemporary and emerging functions of thesauri, including international and multilingual developments. *The Thesaurus: Review, Renaissance, and Revision* provides information and library professionals—including indexers, abstractors, subject catalogers, classifiers, and reference librarians—a historical overview of the thesaurus and its past as well as recent developments. This

book also gives patrons, readers, and researchers more effective techniques in vocabulary management and offers insight on how thesauri are devised and compiled. This book addresses: changing definitions, characteristics, functions, and applications of thesauri the value of standards, evaluation, use and review of software, and role and work of consultants during thesauri construction and maintenance multicultural issues that affect thesauri creation, such as mapping and interoperability education and training

The Thesaurus: Review, Renaissance, and Revision also provides you with extensive

bibliographies related to issues and problems in thesaurus construction and design, such as developing standards in support of electronic thesauri.

The Thesaurus

This edition includes the authoritative standards and interpretations applicable to preparation, compilation, and review engagements. These standards provide the requirements for practitioners performing these engagements. In addition to SSARS No. 21, which is now effective, this edition includes the newly released Statements on Standards for Accounting and Review Services (SSARS): SSARS No. 24,

Omnibus Statement on Standards for Accounting and Review Services—2018. SSARS No. 24 creates a new section, AR-C section 100, Special Considerations—International Reporting Issues, to provide requirements and guidance when an accountant is engaged to perform a compilation or review in either of the following circumstances: The financial statements have been prepared in accordance with a financial reporting framework generally accepted in another country. The compilation or review is to be performed in accordance with both SSARSs and another set of compilation or review standards. Additional significant

changes attributed to SSARS No. 24 include amendments to the following sections: AR-C Section 60, General Principles for Engagements Performed in Accordance with Statements on Standards for Accounting and Review Services AR-C Section 90, Review of Financial Statements This codification is fully indexed and arranged by subject. The guidance (and related interpretations to the extent applicable) help apply the standards in specific circumstances and clearly show amendments, deleted or superseded portions, and conforming changes due to the issuance of other authoritative guidance.
