Specially written by leading Ghanaian education professionals to fulfill all the requirements of the new English syllabus, Black Star English for Senior High Schools has the following important features: • The text is divided into units, each covering related knowledge and skills (knowledge and understanding, use of knowledge as well as the four communication skills). • Units consist of four sections, each covering the profile of dimensions (describing, explaining, summarising, application, etc.) on which students are assessed. • Each section starts with the list of curriculum objectives covered in that particular section. • A variety of exercises enable the students to practise their newly acquired knowledge and skills. • Reading passages are followed by glossaries assisting students to understand difficult and less common terms. • 'Note that' boxes, emphasising certain knowledge, skills and phonetic sounds/symbols, lend students support throughout the book.
