"Intermediate Financial Accounting Volume 2 by G. Arnold and S. Kyle, developed in collaboration by Athabasca University and Lyryx, is intended for the second of two in Intermediate Financial Accounting courses. It presumes that students have already completed the Introductory Financial Accounting, and the first Intermediate Financial Accounting course. The textbook reflects both current International Financial Reporting Standards (IFRS) and ASPE. This textbook covers all topics essential to a second level Intermediate Accounting course: current, long-term and complex

liabilities, income taxes, pensions, leases, shareholders' equity, earnings per share, statement of cash flows including the direct approach, effects of changes and errors, and disclosures and analysis. Topics that are covered in Advanced Financial Accounting courses, such as consolidations and foreign exchange, are not included here. For those requiring preparation for CPA designation, competencies as outlined by the CPA are addressed in this textbook. For a detailed competency map, please contact us at [info@lyryx.com](mailto:info@lyryx.com)."--BCcampus website.

Known in the academic market for its clear writing style and accessibility, this extensive revision focuses on auditor decision making and the auditor's role in providing assurance about the integrity of the financial reporting system. This is particularly important in light of the recent events involving WorldCom, Enron, Xerox, Aldelphia, Tyco, Waste Management, and other recent incidents that have questioned the quality of work in the auditing profession. Intended for a junior- or senior-level course in auditing or assurance services taught at most four-year schools.
