 Turn any student into a bookworm with a few easy and practical strategies Donalyn

Miller says she has yet to meet a child she can't turn into a reader. No matter how far behind Miller's students might be when they reach her 6th grade classroom, they end up reading an average of 40 to 50 books a year. Miller's unconventional approach dispenses with drills and worksheets that make reading a chore. Instead, she helps students navigate the world of literature and gives them time to read books they pick out themselves. Her love of books and teaching is both infectious and inspiring. In the book, you'll find: Hands-on strategies for managing and improving your own school library
 Tactics for helping students walk on their own two feet and continue the reading habit after they've finished with your class
 Data from student surveys and end-of-year feedback that proves how well the Miller Method works
 The Book Whisperer

includes a dynamite list of recommended "kid lit" that helps parents and teachers find the books that students really like to read.

From survivor of genocide to conservation hero: A moving, heartwarming memoir about a real-life chimpanzee whisperer—now the subject of the award-winning documentary film *Pant Hoot*. Stany Nyandwi's gift for communicating with chimpanzees is so special that world-renowned primatologist Dr. Jane Goodall has called him a "chimpanzee whisperer." His skills and devotion to these creatures—our closest living relatives, with whom we share 98.7 percent of our DNA—have earned him international awards and sent him on travels within Africa and around the world. But he began life in poverty, born and raised in a dirt-floor, straw-roofed hut in rural Burundi. The *Chimpanzee Whisperer* is the story of his astonishing life journey. It is also an African story. Receiving only an elementary education before he quit school, he suffered injustice and tragic loss because of his ethnic group. He began caring for orphaned and rescued chimps in Burundi. When the country descended into civil war and genocide, he was forced to flee with the chimps and endured long separation from his family. Continuing to work with and learn about chimpanzees in Kenya, Uganda, and later South Africa, he made himself into an incomparable authority. His memoir has adventure, danger, and many unique and touching stories about chimpanzees that show his bond with and understanding of them. As told to award-winning author David Blissett, it reveals a remarkable man who has refused to let circumstances defeat him. Conditioned by hate, wounded by loss, he has lived for love, faith, and compassion, giving new life, as Dr. Jane Goodall writes in her foreword, "to so many chimpanzees whose families, like his own, were torn apart by violence."

When South African conservationist Lawrence Anthony was asked to accept a herd of 'rogue' wild elephants on his Thula Thula game reserve in Zululand, his common sense told him to refuse. But he was the herd's last chance of survival - dangerous and unpredictable, they would be killed if Anthony wouldn't take them in. As Anthony risked his life to create a bond with the troubled elephants and persuade them to stay on his reserve, he came to realize what a special family they were, from the wise matriarch Nana, who guided the herd, to her warrior sister Frankie, always ready to see off any threat, and their children who fought so hard to survive. With unforgettable characters and exotic wildlife, this is an enthralling book that will appeal to animal lovers and adventurous souls everywhere. [back cover].

At fifteen, Anaii is the most important member of her tribe—and the most mysterious. Ever since Anaii can remember, the spirits of the wind have whispered of fertile hunting grounds and imminent enemy attacks. But when her people are ambushed by a brother clan without any apparent cause, the spirits remain eerily silent. As the village prepares to retaliate, Anaii is pressured by her best friend, Elan, to marry him. It's an old plea—Elan has spent a lifetime loving her, but Anaii only sees a childhood playmate out of an imposing warrior. Stifled by Elan's insistence, Anaii escapes into the forest where she meets Jayttin, the beautiful son of the enemy chief. Enamored by Jayttin's carefree spirit and hope for peace, she repeatedly sneaks away to be with him, but when her

deception is discovered, Elan is devastated. Pledging his lifelong affection, Elan gives her a passionate kiss, and Anaii begins to see her friend in a new light. While Anaii is tormented over which man she must choose, the wind whispers of a new threat that could destroy both tribes. Only a union will afford a chance at survival, but the reality of that union is based on one thing—which man Anaii chooses to die.
