Start With Why has led millions of readers to rethink everything they do - in their personal lives, their careers and their organizations. Now Find Your Why picks up where Start With Why left off. It shows you how to apply Simon Sinek's powerful insights so that you can find more inspiration at work -- and in turn inspire those around you. I believe fulfillment is a right and not a privilege. We are all entitled to wake up in the morning

inspired to go to work, feel safe when we're there and return home fulfilled at the end of the day. Achieving that fulfillment starts with understanding exactly WHY we do what we do. As Start With Why has spread around the world, countless readers have asked me the same question: How can I apply Start With Why to my career, team, company or nonprofit? Along with two of my colleagues, Peter Docker and David Mead, I created this hands-on, step-by-step guide to help you find your WHY. With detailed exercises, illustrations, and action steps for every stage of the process, Find Your Why can help you address many important concerns, including: * What if my WHY sounds just like my competitor's? * Can I have more than one WHY? * If my work doesn't match my WHY, what should I do? * What if my team can't agree on our WHY? Whether you've just started your first job, are leading a team, or are CEO of your own company, the exercises in this book will help guide you on a path to long-term success and fulfillment, for both you and your colleagues. Thank you for joining us as we work together to build a world in which more people start with WHY. Inspire on! -- Simon

Winner of a 2018 Catholic Press Association Award: Popular Presentation of the Catholic Faith. (First Place). With atheism on the rise and millions tossing off religion, why would anyone consider the Catholic Church? Brandon Vogt, a

bestselling author and the content director for Bishop Robert Barron's Word on Fire Catholic Ministries, shares his passionate search for truth, a journey that culminated in the realization that Catholicism was right about a lot of things, maybe even everything. His persuasive case for the faith reveals a vision of Catholicism that has answers our world desperately needs and reminds those already in the Church what they love about it. A 2016 study by the Public Religion Research Institute found that 25 percent of adults (39 percent of young adults) describe themselves as unaffiliated with any religion. Millions of these so-called "nones" have fled organized religion and many more have rejected God altogether. Brandon Vogt was one of those nones. When he converted to Catholicism in college, he knew how confusing that decision was to many of his friends and family. But he also knew that the evidence he discovered pointed to one conclusion: Catholicism is true. To his delight, he discovered it was also exceedingly good and beautiful. Why I Am Catholic traces Vogt's spiritual journey, making a refreshing, twenty-first century case for the faith and answering questions being asked by agnostics, nones, and atheists, the audience for his popular website, StrangeNotions.com, where Catholics and atheists dialogue. With references to Catholic thinkers such as G. K. Chesterton, Ven. Fulton Sheen, St. Teresa of Calcutta, and Bishop Robert Barron, Vogt draws together lines of evidence to help seekers discover why they should be Catholic as an alternative. Why I Am Catholic serves as a compelling reproposal of the Church for former Catholics, a persuasive argument for truth and beauty to those who have become jaded and disenchanted with religion, and at the same time offers practicing Catholics a much-needed dose of confidence and clarity to affirm their faith against an increasingly skeptical culture.
