FORD KELLEY

Success with Numeracy for the QTS Skills Test A&C Black

Ever find yourself struggling to check a bill or tax on a payslip? The Trachtenberg Speed System provides a course in refining basic mathematics skills to tackle large sums before simplifying to increase concentration and ability in day-to-day arithmetic. The Trachtenberg system has been described as the 'shorthand of mathematics' and only requires the ability to count from one to eleven. Using a series of simplified keys, it allows anyone to master numbers and calculations giving greater speed, ease in handling numbers and increasing accuracy. Jakow Trachtenberg believed that everyone is

born with phenomenal abilities to calculate. He devised a set of rules that allows every child to make multiplication, division, addition, subtraction and square-root calculations with unerring accuracy and at remarkable speed. A perfect entry into gaining confidence with numbers.

10-Minute Maths Tests Workbook Age 8-10 A&C Black

An experienced math teacher shares the 250 10-minute quizzes he developed that helped boost his students' mental math skills and their scores on standardized tests. Topics covered include addition, subtraction, multiplication, division, numeration, patterns, percents, ratio, rounding, prime numbers, geometry and much more. Includes ready-to-use, reproducible answer sheets. Geared to the NCTM standards. For use with Grades 4-8.

Mental Maths Tests for Ages 10-11
 Nelson Thornes

The format of Mental Arithmetic differs from that of traditional mental arithmetic materials in that pupils read the questions themselves, use rough paper for workings out, and write down their answers. It provides intensive practice in all areas of the maths curriculum.

Mental Arithmetic Key Stage 2 Bloomsbury Publishing

This teacher resource title is designed to match the style and contents of the Arithmetic Tests elements of the new format National Tests. One of the new Arithmetic Tests series, the book provides all the practice your pupils need to build their confidence and boost their ability in the key skills of addition, subtraction, multiplication and division. The book contains forty-eight tests with matching answer pages, enabling teachers to provide short regular practice of non-contextual number questions. The answer

pages provide clear answers and show the correct layout for column addition and column subtraction. Each book in the series includes 480 non-contextual number questions.

Everyday Maths Made Simple Aviation Supplies & Academics

Contains more than 800 mental maths questions specially devised to boost children's confidence by providing plenty of practice of all the key aspects of the national curriculum.

Secrets of Mental Math Coordination Group Publication

Boost kids' number confidence with these practical and easy-to-use mental-math strategies and fun reproducible practice pages. Students apply the strategies as they work on computation, problem solving, estimation, and so much more! Content meets the NCTM standards. For use with Grades 2-4.

"The Mental Arithmetic Teacher's Guide contains: an Overview of the series, describing how the books may best be used, a simple chart showing which books are appropriate for each year group, photocopiable Assessment Resources, including tests and diagnostic support, photocopiable General Resources, including glossaries and Maths Facts copymasters."--Back cover.

Mental Arithmetic 3 Answers Mental Arithmetic

These simple math secrets and tricks will forever change how you look at the world of numbers. Secrets of Mental Math will have you thinking like a math genius in no time. Get ready to amaze your friends—and yourself—with incredible calculations you never thought you could master, as renowned “mathemagician” Arthur Benjamin shares his techniques for lightning-quick calculations and amazing number tricks. This book will teach you to do math in your head faster than you ever thought possible, dramatically improve your memory for numbers, and—maybe for the first time—make mathematics fun. Yes, even you can learn to do seemingly complex equations in your head; all you need to learn are a few tricks. You'll be able to quickly multiply and divide triple digits, compute with fractions, and determine squares, cubes, and roots without blinking an eye. No matter what your age or current math ability, Secrets

of Mental Math will allow you to perform fantastic feats of the mind effortlessly. This is the math they never taught you in school.

The Trachtenberg Speed System of Basic Mathematics Mental Arithmetic

Contains more than 800 mental maths questions specially devised to boost children's confidence by providing plenty of practice of all the key aspects of the national curriculum.

Let's Do Mental Maths for Ages 5-6

Success Publications

Matched to the demands of the National Curriculum and the new arithmetic tests at Key Stages 1 and 2, the Let's Do Arithmetic workbooks have been carefully devised to match the appropriate age and stage of your child. Each book contains 40 tests, which become progressively more challenging throughout to ensure progress can be made. With a recording chart for checking progress and full answers to aid your assessment, this book is the perfect way to test understanding of basic arithmetic concepts and prepare for the timed National Tests that your child will be encountering in school.

Basic Maths for Adults Souvenir Press

Each book in this exciting new Andrew Brodie series contains more than 800 mental maths questions specially devised to boost children's confidence by providing plenty of practice in all the key mathematical areas of the national curriculum. The structure of each test follows the same pattern but the questions get progressively more difficult as children work their way through the book. Tips provided by 'Digit' the dog and word puzzles in the form of 'Andrew Brodie Brain Booster' boxes provide extra elements to support children's learning and challenge them further. Fun stickers featuring Digit the dog for every page make sure children are rewarded for their efforts!

250 Quick Quizzes to Sharpen Math Skills Every Day of the School Year Schofield & Sims Limited
