 This is where good pacing comes to the rescue. Kineo reminds us, "E-learning works best when it's modular, with short, focused segments that have a clear purpose and could stand on their own as a piece of learning." Give your learner digestible pieces, and follow a logical timetable to help keep

users on top of the material. What is Elearning? The Good, The Bad ... - Knowledge Direct
 What we need is a consistent message to drive productivity, improve skills and, ultimately, improve our people and businesses. Searching and learning individually on the net doesn't provide that. The Good. Fundamentally, good eLearning is designed and delivered to pass on skills, learning and knowledge in an effective way. eLearning: The Good, The Bad and The Ugly - 100% Effective
 Bad bosses are

everywhere, unfortunately. But, if you can see your terrible boss from a different perspective, you might just learn something valuable from him or her. Keep these three lessons in mind when coping with a crappy boss, and you're guaranteed to make some good out of the situation.
